### BRITISH DRIVE GERMANS BACK TWO MILES

[Continued from First Page]

Results thus covered virtually the entire Somme front of the British. The night successes included the capture of a strongly-fortified German position known as the "Wonder Work." Apparently to-day's attack had not spent its force when the official bulletin was issued, as it declared that the British were continuing to progress.

The French on their part drove in to the south of Combes, which already was nearly hemmed in by the entente forces and report an advance so far as the village of Rancourt.

Heavy fighting also has taken place on the Verdun front, Paris reporting

two German attacks there, both of which were repulsed. Heavy strokes are being delivered by General Sarrail's forces against the Bulgarians on the Macedonian front, with marked success, according to Paris to-day. Victories have been won by the Serbians, French and British. The official statement indicates that the most serious defeat was administered by the Serbians who drove the Bulgarians back twelve miles after several days' fighting west of Lake Oterovo, capturing many prisoners and twenty-five cannon.

### Experts Predict War Will Last Until 1921; Hardest Fight Coming

Washington, D. C., Sept. 15. — Col-

nel Robert M. Thompson, president of the Navy League of the United States, said that the European war would last five years longer. He said that his prediction was based upon information given him by naval and army experts who have been in the war zone.

### Bucktail Survivors Are Holding Big Reunion

Smethport, Pa., Sept. 15.—Set in lavish displays of flags and bunting, Smethport, the McKean county seat, is joining in the reunion to-day of the old Bucktail Survivors Regimental Association. It was on April 17, 1861, from the Bennett House in this place that Thomas Leiper Kane first issued his call for volunteers for the rifle regiment composed of sturdy pioneers and woodsmen of McKean, Potter, Elk and Cameron counties.

### LOSES \$75,000 HE STOLE

New York, Sept. 15.—Charged with having stolen in ten years clothing valued at between \$50,000 and \$75,000 from the firm that employed him, George W. Simm, a salesman, according to Assistant District Attorney Bohan, confessed he had sold the clothing at half the price and had lost most of the money in Wall street speculations.

### Magical Usit

Now all you ladies who suffer (yes, suffer, for you do) from unsightly wrinkles can drive them away forever. Usit, the pure nut-oil skin food, the "Gib's Secret," a preparation used by famous Eastern beauties for centuries can be purchased at any first-class drug store.

This wonderful preparation (not a face cream), is positively guaranteed to clear the complexion of all wrinkles, whether caused by age, worry, work, or exposure. Rub it into the skin with the finger tips at night just before retiring, and in a short time every wrinkle will disappear, your hungry faded skin will get back its healthy color, its well nourished smoothness and the lines in your face will be replaced by youthful roundness. No other treatment is necessary.

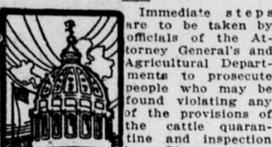

Usit is well named the "Wrinkle Chaser" for no wrinkles can exist where it is used. It is guaranteed to contain nothing that will cause hair growth.

Go to your druggist to-day and get a bottle of Usit for 50 cents. Try it to-night and see how fine your face feels in the morning. But remember Usit is put up only in opal bottles. Take nothing else.

The most painful cases of sunburn are relieved instantly by Usit. For sale by Gorgas, the druggist, and dealers everywhere.

## WILL PROSECUTE SOME CATTLEMEN

### Violations of the State Quarantine Laws Will Be Punished in Short Order

Immediate steps are to be taken by officials of the Attorney General's and Agricultural Departments to prosecute people who may be found violating any of the provisions of the cattle quarantine and inspection laws. The State Live-stock Sanitary Board has determined to take no chances on any diseases being brought in and will also insist that when its officers make tests that there is no interference.

State Veterinarian, Marshall and Deputy Attorney General Dennis are in northern tier counties in connection with prosecution of persons who took cattle from a table where they were under observation of the year and in his charge. The action appears to be likely to be an example as in addition to violating the quarantine law there was what is said to have been rank interference with a State officer.

Senator Graf Here.—Senator Frank Graf, of Armstrong, was here last night, having accompanied the Governor on his tour.

Big Week Ahead.—The Public Service Commission has a big week ahead and will have hearings every day until Saturday. The report for Monday hearings is one of the largest of the year.

State Co-operates.—The State Dairy and Food Division is co-operating with the Philadelphia city authorities in endeavoring to bring about better conditions in the handling of food for sale. In some cases arrests have been made of several dealers on a block who allowed permits to be exposed.

To Discuss Safety.—A conference will be held here on September 27 under auspices of the State Industrial Board for discussion of safety matters and codes. Suggestions on those pending are now being considered.

Answer Asked.—The Public Service Commission has asked an answer of the Susquehanna Township Water Company, whose service was attacked yesterday in a complaint filed by A. K. Thomas.

Police Examination.—An examination of candidates for employment in the State police force was held to-day. There are fifteen vacancies to be filled.

Dixon Stands Firm.—Commissioner of Health Dixon has declined to change his position on the Federal quarantine for infantile paralysis at Philadelphia. The next move is up to the government.

Exhibits Complimented.—The exhibits at the Reading fair this week included those of the Departments of Highway and Agriculture and attracted much attention. The exhibits are the largest of the kind ever made by the State.

To Meet in Pittsburgh.—The Compensation Board will meet Friday of next week at Pittsburgh to discuss the calendar of Western Pennsylvania cases.

### LIKE HARRISBURG OF YE OLDEN DAY

[Continued from First Page]

burg's business districts—Central, East End and the Hill.

Properly at 7:25 the streets will be plunged in sudden darkness just like they were in the days when John Harris was a mighty prominent citizen round here.

Five minutes later the curtain, or curtains, figuratively and literally will rise simultaneously on Harrisburg's great uniform Fall opening display by the city's progressive merchants.

At a three o'clock "big night" which have been set aside for the purpose by the co-operative movement of the merchants and the Chamber of Commerce.

When the Curtain Rises.—The Harrisburg Light and Power Company has been asked to co-operate in the lighting end of the program, in way to startle the thousands of people who will crowd the streets to gaze upon the latest things in Fall wearing apparel, millinery and scores of other things that Harrisburg's merchants will have on sale.

Monday night, by the way, is to be the window trimming contest night and the committee of arrangements want to drive home the effect of light and shadow as effectively as possible in the demonstration.

To keep the electric signs and window illuminations turned off until 7:30. This feature will be handled entirely by the merchants themselves as these lights are regulated by switches in the stores. The street lights however, will be swung off at 7:25 and on again at 7:30 from the electric light plant.

That's only a part of the program for the three evenings, however; band concerts, the street cabaret, the great dance on Market Square—these are features that will be worked out Thursday or Friday night. But the details of these plans are in the hands of the Rotary Club.

The committee on arrangements includes W. H. Bennet, Jr., J. B. Bailey, George W. Bogar, W. B. Schleisner, R. M. H. Wharton, D. H. Witter, David Kaufman, H. C. Claster, C. C. Cocklin, L. H. Douthick, Fred Harby, C. Floyd Hopkins, C. W. Irwin, C. R. Knoll, J. M. Lloyd, T. P. McCubbin, A. W. Moul, O. Plack and B. M. Ogelsby.

### STORM DID MUCH DAMAGE IN CITY'S LONG PARKWAY

Twelfth street playgrounds were flooded by drain stoppages. Reservoir park and Wildwood roads, and certain points along the river front park were more or less seriously washed out to clear the damages to the extent of several hundred dollars was done last evening by the big storm.

Park Commissioner Gross and V. F. Forner, assistant superintendent, made a flying trip of investigation this morning and decided then to close the upper road from the breast of the dam in Wildwood. The new Wildwood culvert and the drains of the new Cameron road held water fully.

### CANT FIND BULLET; SURGEONS WONT PROBE

Examination by X-ray failed yesterday to reveal the location of the bullet in the abdomen of V. Hummel Fager, Jr., accidentally fired into him by a young companion Wednesday at the Cove. Drs. George B. Kunkel and H. B. Walter decided that it would be useless to attempt to probe for the bullet. The patient's condition was reported as progressing favorably and it is expected that he will recover.

## STEELTON POLE REMOVAL IS STRONGLY URGED

### Businessmen Endorse Suggestion of Councilman McEntee; Point Out Advantages

Elimination of all poles and overhead wires in Front and Second streets and the lighting of these thoroughfares with electric lamps placed on ornamental standards, as suggested to borough council by T. T. McEntee, representative of the Fourth ward, is being strongly urged by businessmen and progressive citizens.

Both Front and Second streets, the principal highways of the borough, are thickly studded with unsightly poles of telephone, telegraph, electric light and trolley companies. Both streets are comparatively narrow for the heavy traffic and the conglomeration of poles has for years been a handicap to the borough's businessmen.

BURY JOHN H. KEEFER. Funeral services for John H. Keefer, who was killed when he plunged through a skylight at the bridge shop of the Bethlehem Steel Plant, were held at his late home, 468 North Front street, this afternoon at 2 o'clock. The Rev. George N. Lauffer, pastor of St. John's Lutheran Church, officiated and burial was made in Baldwin Cemetery.

MUCH FRUIT FOR ORPHANS. Members of St. John's Lutheran Church have filled forty-eight jars with preserved fruits and on Monday will ship them to the Deaconess Mother House, at Baltimore, a charitable organization which cares for orphans. Harvest Home exercises will be observed at St. John's Sunday.

SCHOOL AUDITORS REPORT. The report of Eugene Seal and William F. Housman, auditors who examined the accounts of M. C. Zerby, treasurer of the Steelton school board was confirmed to-day by Judge McCarrick. The report, in substance shows the receipts for the year to have been \$57,262.77; the expenditures, \$86,235.24 leaving a deficit of \$28,972.47. The resources are estimated at \$395,500 and the liabilities, \$300,974.11. The district's indebtedness was decreased \$2,250.53 during the year.

Officers were elected as follows: Elders, Samuel L. Weaver, John Rider and Charles Rider; deacons, Harry Beshore, James Mulholland, Benjamin Swartz, Elmer Keim and Charles Funk; deaconesses, Mrs. Charles Keim, Mrs. George Boyer and Mrs. John Hess.

### YOU WANT PINK CHEEKS

Every woman wants pink cheeks. They mean not only beauty but health. Then put the color in your cheeks, not on them. The glow of health is the red of healthy blood showing through translucent skin. It is impossible without rich, red blood.

When a girl's color fades and she looks debilitated, is short of breath, when her heart palpitates after every slight exertion and she has pains in various parts of the body she needs Dr. Williams' Pink Pills for Pale People. They are the remedy best suited to restore the blood, bring brightness to the eyes and put color in the cheeks and lips.

The only other treatment needed costs nothing. It is this. Give the patient plenty of sunlight, moderate exercise every day, not enough to cause fatigue, and use care in the diet because the food craved is often not the best for the condition.

Two books, "Building Up the Blood" and "What to Eat and How to Eat" give just the information that every mother of a growing girl needs. They are free. Write for them today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can send fifty cents for a full-size package.

### Where Was the Telephone When the Lights Went Out?

The Automatic Telephones at the Cumberland Valley exhibit room, 308 Market street, were the only ones in the city in service when the lights went out during the electrical storm last night.

On the manual exchange boards not a call could be connected until some one lit the gas. Not so with the Automatic. It works in the dark as well as in the light. And with what precision!

The Automatic gives the only sure service.
