

AT ALL STAGES OF LIFE

The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarksburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine."

Mrs. HAROLD M. SMITH, 470 Water Street, Clarksburg, W. Va. For forty years it has been making women strong and well, and curing backache, nervousness, uterine and ovarian inflammation, weakness, displacements, irregularity and periodic pains.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

TYPHOID CASE AT DAUPHIN

Dauphin, Pa., Sept. 18.—Yesterday the first case of typhoid fever in Dauphin developed when Miss Maimie Gorman, who has been ill for several weeks, was discovered to have the disease. Miss Gorman is quarantined at her home in Market street.

Make Skin Smooth

There is one safe, dependable treatment that relieves itching torture instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c bottle of zemo and apply it as directed. Soon you will find that pimples, black heads, eczema, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

Zemo, Cleveland.

TANLAC PUT HIM BACK ON THE JOB, HE STATES

H. F. Minahan, Forced to Lay Off by Failing Health, Tells How Master Medicine Benefited Him and Sent Him Back to Work.

"Tanlac put me back in a position to earn money and brought back my old appetite," says H. F. Monahan, of 2144 Greenwood street.

"Kidney trouble and a lame back had made me lay off, but your medicine put me back on the job again, and I certainly think it is the goods."

"I used to work for an express company, but hustling heavy weights strained my back severely, and I had to transfer to a wagon job. I was out in all weathers, and getting wet gave me a cold that settled in my kidneys, and I had to lay off."

"I tried to get fixed up so I could go back to work, but there was nothing doing until I started in on Tanlac, and that sure did turn the trick, and I had to lay off."

"It just seemed to know what my trouble was and it went right to it. Took only two or three days to make me feel like my old self, and now I'm back at my old job, one I had before I went with the express company, and making good money again."

"I know I wouldn't be working today if I hadn't taken Tanlac, and I'll speak a good word for it whenever I get a chance."

Tanlac, the famous master medicine so highly praised by special thousands, is now being specially introduced here at Gorgas Drug Store, 16 North Third street and P. R. R. Station, where the Tanlac man is kept busy demonstrating this peerless preparation to interested crowds.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

STATE TO ASSIST TYPHOID TRACE

Trained Inspectors Will Follow Up the Shipment of Milk to This City and East

Plans are being made whereby the State Department of Health will give expert assistance in running down the sources of the typhoid fever which has been so prevalent in Harrisburg, Altoona, Coatesville and other places and in co-operation with local authorities will endeavor to fix the responsibility and to prevent recurrences.

The Department's staff, although very busy now with the infantile paralysis, will detail men this week to check up on the water and milk supplies in this vicinity. The investigations at Altoona and Coatesville have shown the typhoid came from water and possibly from ice cream in vicinity of Juniata. In this city the typhoid is generally blamed on ice cream. The water supply is carefully followed and the suburban supply is also being checked up. Recently improvements were made to filters in vicinity of the city.

After going through places where milk is received in Harrisburg, the State inspectors will follow the milk to its shipping point and then go to the farms where it is produced and report on conditions and on the surrounding country. It will be one of the most careful investigations and will be of value not only to Harrisburg, but to other places in the State which receive milk from the Cumberland valley and other points which also supply Harrisburg.

To Be an Example.—Steps are being taken in Philadelphia to draft more stringent laws relative to the sale of drugs such as cocaine. Investigations have established, it is reported, that the State acts are not strong enough. The subject will be taken up in a short time with the attorney general.

Working on Case.—Deputy Attorney General Hargrett is working on the quo warranto application against Mayor Jonas Fischer, of Williamsport. He will make a report to the attorney general this week.

Prosecution.—Prosecution of the West Virginia Pulp and Paper Company for polluting the Juniata river at Williamsport with wastes from the mill is the first of a series of arrests to be made this month by post-fish wardens. The West Virginia company ignored notices to filter its wastes and paid \$100 fine. If it does not comply with the order it will be prosecuted again. There are a number of plants in northern and eastern counties which have ignored such notices and their managers will likely be arrested this week.

Bear Rate Cases.—The Public Service Commission has set September 26 at Harrisburg for hearing the bear rate cases, which the State has for hauling beer in Allegheny and adjoining counties, a traffic which amounts to thousands of dollars a year.

Proceedings Printed.—The proceedings of the recent convention of boroughs at which proposed amendments to the borough code and other matters interesting to smaller municipalities were discussed have been published in bulletin form by the Department of Labor and Industry. The committee named to have charge of various ordinances will soon submit its drafts.

Take Party Name.—The name of the Union party was to-day presented to the first Legislative district of Blair county by C. C. Myton, C. F. Cestley, Michael Finello, W. L. Fackel, A. H. Claxson, all of Altoona. The same name was pre-empted for the second Legislative district by William S. Reed, Milton S. Enfield, Thomas Cessna, John F. Brightbill, J. H. Schabby.

Protest Filed.—James A. Maurer, President of the State Federation of Labor, to-day presented to Governor Brumbaugh a dozen or more protests made by residents of Luzerne county against conduct of State Police in Wilkes-Barre on September 11. It was charged that the police clubbed and rode down innocent people during disturbances in that city.

Urged Appointed.—Lesse Walker, Tobias Hill, Charles Saylor and Edward Mason, representing Philadelphia Textile workers called on Governor Brumbaugh to-day to urge appointment of William Boylan as a factory inspector.

Another Home IS DYNAMITED

(Continued From First Page)

Healed to be the motive for the attempt to harm him. The State Police and sheriff are investigating but have made no arrests.

Following the decision of the local court to refrain from hearing the case of the 267 Industrial Workers of the World prisoners on a writ of habeas corpus, counsel for the defendants announced that they will file a petition in the United States courts with a petition for a writ of habeas corpus, basing the appeal on alleged infringement of rights guaranteed by the United States constitution.

Under the ruling of the court the prisoners must give from \$5,000 to \$10,000 bail each or stay in jail until a report is made by the grand jury which will probably remain in session two weeks.

CINCO CIGARS

Now Five Cents Straight

Owing to the increased cost of production, the manufacturers of CINCO CIGARS, OPTO EISENLOHR & BROS., have advanced their selling price to the dealers, and, in future, this cigar will be sold to the consumer absolutely at five cents straight, instead of six for a quarter, as heretofore.

The CINCO Cigar has attained a national reputation, and, through the maintenance of a high standard of quality, has become the largest seller in the world, and the manufacturers are proud to have advanced the price rather than sacrifice its long-established high quality.

Chester Reigle Hurt When His Motorcycle Crashes Into Trolley

Machine Vaults Wall, Plunges Into Garden and Upsets; Narrowly Misses Woman

While driving his motorcycle Saturday night about 11 o'clock Chester Reigle, of Highspire, crashed into a street car coming up Front street. He received severe lacerations of the head and body and a possible fractured skull. He was picked up in a bed and rushed to the Harrisburg Hospital in ambulance owned by Richard Mumma, son of the county treasurer, accompanied by Detective Durnbaugh. After having his injuries treated by Dr. H. H. H. he became delirious and insisted that he be permitted to leave the hospital. He was lodged in the Dauphin county jail last night and will be held in lieu of \$100 for further treatment this morning and afterward released.

DINNER FOR GUEST Mrs. Ancevilla Westhafer, 108 South Front street, entertained at a dinner at her home yesterday in honor of her nephew, Russell Stevens, and son Lester, of Philadelphia, who are visiting at her home. Dinner was served to the following: Mr. and Mrs. W. Scott Hummel and daughter, Margaret Hummel, Mr. and Mrs. Lucius Westhafer and daughter, Mildred Westhafer, Russell Stevens and son Lester, Philadelphia; John Irbin and Mrs. Ancevilla Westhafer.

Myers Resigns.—Nervin A. Myers, of the last year manager of the D. A. Peters, resigned at the home of Mrs. Swatara streets, has resigned to accept a position with the G. A. Gorkas drug store, Harrisburg. His place in the store will be filled by Dr. H. H. Peters, son of the former owner, who has recently graduated from the Philadelphia College of Pharmacy.

Mark T. Yoder, North Front street, left yesterday for Boston, with prospects to continue his studies at the osteopathic college.

Margaretta Gault, North Second street, resumed her studies at the State Normal School.

Kathryn K. Krause and Mrs. Joseph I. Baker, Lebanon, to Miss Belle C. Kirkel, of Philadelphia, last evening.

Supplies for Orphans.—At the Harrisburg Home services in St. John's Lutheran Church yesterday 140 cans of fruit were gathered for shipment to the Lutheran deaconess mother home at Baltimore. Much fruit and vegetables also will be sent the home.

To Hold Meeting.—The regular monthly meeting of the Booster Association of the Order of Independent Americans of Dauphin County will be held at Mount Holly, Friday, September 22. A chicken and waffle dinner will be the feature of the occasion.

Temperance Workers Meet.—The local women's Christian Temperance Union will hold its regular meeting at the home of Mrs. C. W. McCoy, 24 Clark street, this evening at 8 o'clock.

POLICE SEEK MAN WHO THREW STONE

Assailant Fractured Skull of Motorman on Trolley Which Killed George Fox

County authorities and private detectives of the Harrisburg Railways Company are making a thorough search in an effort to locate the person who threw the large stone at Motorman Martin A. Brandt, 1310 Berryhill street, who was running the car, which killed George W. Fox, aged 43, of Paxtang, near Rutherford on Saturday night.

Brandt is in the Harrisburg hospital in a serious condition suffering from a fractured skull and concussion of the brain. The attack was made on his return trip from Hummelstown after he had struck Fox, who died from a fractured skull and shock. His legs were also crushed.

Coroner Eckinger spent the day working on the case but at a late hour was sleeping last week and set a time for the inquest. It will probably be postponed pending the result of the injuries to Brandt. The stone which struck him was hurled through the window. He continued running his car, but passengers saw his condition was serious and called the conductor to bring the car to this city. Fox is survived by a mother and two large children. His funeral will be held on Wednesday.

Brandt, when he regained consciousness, could not give the authorities a description of the man who threw the stone through the car window.

ROBBERS ENTER HOMES IN CITY

(Continued From First Page)

Rob Five Houses at Paxtang

Early yesterday morning five houses in Paxtang were entered, food and money stolen, and attempts made to rob other residences. That a gang of burglars is making a systematic visit of residences in the city and near by is the belief of people in that section, who are planning to organize a vigilance committee. So far more than fifty robberies and numerous attempts have been reported.

The places entered last night in Paxtang with the loot which was taken, follow: Dr. J. J. Mullenwey, small sum of money and provisions; John H. Attkick, provisions; Thomas Lyster, revolver and flashlight; William H. Cordry, money and produce; Harry Crouse, \$4.

Entrance was gained through windows on the first floor and after stealing the supplies the thieves took two baskets at the residence of Dr. Mullenwey and carried the provisions to the store of T. H. Loser. Here they took large quantities of provisions from his wagons and carried the food away.

Attempts were made, apparently with a small force, to pry open the windows at the following homes: H. F. Eyster, Edward Davis, H. G. Bink, Arthur Rutherford, Howard Rutherford and John Mosey.

LOOKING FOR SITE

Blain, Pa., Sept. 18.—Several men were here last week looking up the matter of a new industry for the manufacture of actions for pianos. A meeting in the Town Hall was attended by a number of business men and leading citizens of the town. The men desire the citizens of town to furnish the ground and erect a frame building two stories high, 120 feet long and 50 feet wide, and give it to the firm as their property.

posed of Serbian residents of Rumania.

At the British Front on the Somme, Sept. 17 (via London, Sept. 18).—German prisoners freely admit the demoralization of their infantry by the new British armored motorcars, the so-called "tanks."

"There was no standing against that sort of thing," said one German officer. "Of course we surrendered, those of us who were alive. We fired at a tank with our rifles and turned our machine guns loose on it. But the bullets only made big sparks on the armor. We had thought the British slow and stupid, in spite of their courage and stubbornness, and yet they gave us surprise like this."

A column of German prisoners passing one of the tanks, dubbed the "Crepe de Menthe" by its crew, sitting quietly beside the road after the battle spread out their hands and shook their heads at the sight of the "Gott in Himmel," ran the course of their exclamations. "It is under control. It won't break out and begin firing again. We've even been in it. We got our first sight of the thing as it came at us out of the morning mist? It isn't war using a piece of machinery like that, it's butchery."

It is clear now that the great British attack caught the Germans just as they themselves were massing their front lines. They were trying to recover some of the high ground they had lost, and got in the first and heaviest blow. As a result, it is admitted by prisoners, the German losses were immense.

Teutons Fall Back on Halicz Defense as Russ Start Closing In

London, Sept. 18.—The Russian movement on the Galician town of Halicz, the Teutons have been driven back from positions south of Breez-lod, the Russian army, northeast of Halicz. BLACKMAILER To End Catarrhal Society Folk Deafness and Head Noises

(Continued From First Page)

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal remedy that in many instances has effected complete cure after all else has failed. Sufferers who could scarcely hear their watch have their hearing restored to such an extent that the tick of a watch was plainly audible at seven or eight inches away from either ear.

If you know someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home, and is made as follows:

Secure from your druggist 1 oz. Parment's (Strength), about 75c. Put in a bottle and add to it 1/4 pint of hot water and 4 ozs. of granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noise to relieve dullness, cloudy thinking, etc. while the hearing rapidly returns as the system is purified by this tonic action of the treatment. Loss of smell and mucus dripping from the back of the throat, are other symptoms of the catarrhal action of catarrhal poison, and which are often relieved by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly due to catarrhal action, therefore, there must be many people who are restored by this simple home treatment. Even persons who are afflicted with head noises, catarrhal deafness or tinnitus in any form, should give this prescription a trial.—Advertisement.

Agent Will Take Phila. Woman Who Was Swindled to Appear Against Gang

Philadelphia, Sept. 18.—An agent of the Department of Justice will leave here to-night for Chicago to appear against members of an alleged blackmailing syndicate arrested in Chicago Saturday night.

William Butler, an alleged member of the syndicate who was charged with attempting to extort money from a Philadelphia woman to protect her son, was to have been tried at the present term of the Federal court here, but the woman has since died, the case has been held up indefinitely. Butler was arrested the day after an alleged confederate was apprehended in New York.

CHILD DIES SUDDENLY

Blain, Pa., Sept. 18.—Kathryn, the 3-year-old daughter of Mr. and Mrs. Edward Boyer, of Philadelphia, died suddenly on Friday morning of convulsions at the home of the child's grandparents, Mr. and Mrs. E. D. Boyer, here. The child ate a quantity of fruit and is believed to have swallowed chewing gum. The funeral took place this afternoon.

ONLY SIX DEATHS

New York, Sept. 18.—A new low record in the epidemic of infantile paralysis was established during the 24 hours ending at a m. to-day according to the report of the Health Department. There were but six deaths and 15 new cases.

PREPAREDNESS

Preparedness from a military standpoint as it regards the welfare of a nation would not be worth effort, IF GOOD HEALTH WERE NOT A PLEDGE IN ITS PERFORMANCE. GOOD HEALTH IS THE FUNDAMENTAL PREPAREDNESS FOR ALL HUMAN EFFORT; whether directed in the defense of a country, or in the pursuit of peaceful vocations. We can accomplish little without health. The best way to keep healthy, is not to lose it. S.S.S. IS THE NATIONAL MEDICAL PREPAREDNESS AGAINST ITS LOSS. S.S.S. will root these outlaws against your health, from the trenches of your blood, and from your system.

If a druggist should offer you a substitute for S.S.S. do NOT accept it. There is nothing made in any way compares with it. WRITE TODAY, FOR FREE BOOKS ON BLINDNESS AND DISEASES OF THE EYE, TO OUR MEDICAL ADVISORY DEPARTMENT, for free advice.
