## PARTICULARS OF B. L. MOORE DEATH

Burial Here Yesterday of Former Harrisburger; Prominent in Masonry

Masons from all over Pennsylvania attended the funeral yesterday of B. Lindsay Moore, the former Harrisburger who died in California one week ago. Complete particulars of his death reached this city with the body. The Daily Standard of Martinez, Contra Costa county, California, says: "B. L. Moore, chemist in the employ of the Mountain Copper Company, and one of the best known and most highly esteemed residents of this city, passed away suddenly yesterday morning in his apartments at the Lambs Club.

"Mr. Moore, who had been ill for several days with a disorder of the stomach, and was under the care of his physician, Dr. George V. Sweetser, and a trained nurse, rallied and yesterday morning appeared very cheerful. In fact, he talked of going out during the day, but was persuaded by some friends to wait a day or so longer. Some time after breakfast he went to his room and a short time later the nurse heard a noise in the bathroom and entering found him in a dying condition. Dr. Edwin Merrieth was summoned, but before he arrived he passed away. Heart failure is assigned as the cause of his death.

Born in Pennsylvania  
"Brooke Lindsay Moore was a native of Pennsylvania, where he was born on January 23, 1878. He was a graduate of the Pennsylvania State College and had been in the employ of the Mountain Copper Company in the capacity of chemist since 1901. He came to Martinez in 1905 and had since made this city his home. He was a past master of Martinez Lodge, No. 41, Free and Accepted Masons, a member of Martinez Chapter, No. 31, Royal Arch Masons, a member of the Past Masters Association of California, Martinez Chapter, No. 234, O. E. S., and Richmond Lodge, No. 1251, Benevolent and Protective Order of Elks.

"Brooke Lindsay Moore had many close associates and personal friends. He was a young man of sterling quality, of high ideals, and his passing is mourned by the community as well as by his employers and the friends who knew him best.

"To mourn his death he leaves a father, W. Brooke Moore, of Altoona, Pa., and a brother, C. Z. Moore, of Middletown, Pa.

"The funeral services will be held to-morrow at 12:30 sharp at the Masonic Temple under the auspices of Martinez Lodge, No. 41, Free and Accepted Masons. The remains will be shipped to-morrow afternoon to Harrisburg, Pa., for interment in the family plot."

## APPEALS COVER NOTABLE CASES

Compensation Matters to Come Up at Pittsburgh Friday Will Interest State

Some of the most important appeals yet taken in compensation cases are to come before the compensation commission Board at Pittsburgh on Friday. One notable case is where John and Anna Csermak have appealed from the decision of Referee Christley in the case of their son, a former employe of the H. C. Frick Coke company, who was injured while at work and died following the amputation of a leg. Appellants alleged that there was an error of law and fact in the decision of the referee. The latter refused to hold the company liable, it being alleged that the injured man refused to accept the medical services of the company physician, but was removed to a hospital, where he died after his leg had been amputated.

and at Lebanon many citizens lined the streets and the Governor had to stop and shake hands. Flags were numerous. The party made the trip through one of the greatest farming districts of the state and the farmers and their families lined roadsides in a number of townships. A detour was made from Easton to Birdsboro, where a stop was made. While in this district the party inspected many fine fields and orchards.

The noonday rest was at Sanatoga Park, near Pottstown. Then the run will go to Allentown fair, with a night stop at Easton. Among those in the party aside from State officials were Mr. and Mrs. Charles T. Corby, of Washington, guests of Governor and Mrs. Brumbaugh; J. S. Briggs, Norristown; J. B. ## SHORTAGE OF CARS

Chicago, Ill., Sept. 19.—Eastern roads are short of 5,000 cars for loading grain out of Chicago and vicinity. Two of the big New York Central system lines are short 1,000 cars each. There never was so much business in sight or such an acute shortage. How much the roads are losing by their inability to handle business owing to the extensive shortage of cars is difficult to figure. Eventually they will get the business, but at present an attempt to estimate the loss would be a mere guess.

## TO DEPORT I. W. W.'S

Scranton, Pa., Sept. 19.—Deportation is the fate that will be meted out to all of the alien leaders of the Industrial Workers of the World and all of the other men caught in last week's raid against whom sufficient evidence as to their undesirability can be obtained. This was virtually decided upon at a conference between the sheriff and officials of the Middle District Court of the United States.

## SEEK TO PREVENT MONSTER STRIKE

Mayor Mitchell Calls Merchant Into Conference to Stop Sympathy Walkout

New York, Sept. 19.—Mayor Mitchell called into conference with him to-day representatives of the Chamber of Commerce and Merchants' Association to try to avert the threatened strike of 700,000 workers in this city in sympathy with the street railway employes. The mayor has received warning from the labor leaders that unless he and the committee

of businessmen settle the carmen's strike by Thursday night, a general walkout of virtually all the labor unions in this city and vicinity will be ordered.

Representatives of about thirty unions united in calling upon their organizations to strike if settlement with the transit companies were not forthcoming. The unions asked to take this action included 200,000 members of the United Hebrew Trades, 8,500 stationary engineers and firemen, 28,000 longshoremen, 20,000 subway builders, 1,200 masters, mates and pilots, 20,000 teamsters, 3,000 tide-water boatmen and 15,000 machinists.

Members of the United Hebrew Trades the longshoremen and boatmen already have voted to strike, it is announced. No plan has been proposed for the consideration of the mayor and the businessmen's committee. President Shonts of the Interborough Rapid Transit Company, said it seemed

absurd to negotiate further and that the company would have no further dealings with the carmen's unions but was willing to consider any proposition from the mayor.

The street railway strike was extended to Queens county to-day when many conductors and motormen of the New York and Queens county railroad went out in protest against the use of their members to operate cars and break the strike in Manhattan. Union leaders asserted that fourteen street car lines in Queens were tied up, but the company claimed that 50 per cent. of its cars were in service and that not more than 200 men had left their places. Thousands of Queens residents who work in Manhattan traveled by ferry and automobile.

EVACUATING MONASTIR  
London, Sept. 19.—An Athens dispatch to the Exchange Telegraph Company says that information received there indicate that the Bulgars are

beginning the evacuation of Monastir. It is said that the Bulgarian archives are being hastily transported to Uskub.

## TRIBUTE TO A WOMAN

When the Lusitania went down to its watery grave, taking one of our prominent writers and his wife, leading papers published a remarkable literary tribute previously paid by the husband to the wife. This was because she had been such a helpmate to him in carrying out his ideals. Thousands of women have the ambition to be such helpmates to their husbands, but lack the necessary health. Every such woman should remember that Lydia E. Pinkham's Vegetable Compound is the one remedy which will restore health and strength, the unrivaled medicine for woman's ailments.
