TROLLEY LICENSE FEE FIGHT ENDS

Harrisburg Railways Co. and Highspire to Settle Differences Out of Court

Highspire borough and the Harrisburg Railways Company will settle their differences of opinion as to what fee shall be charged the trolley company for operating its cars in the borough streets, without the aid of a Common Pleas jury, according to an agreement reached in No. 2 court room this morning. The borough-trolley company license problem has been in the courts for several months but upon request of counsel to-day Judge McCarrell permitted the withdrawal of the jury with the understanding that the matter is to be settled out of court.

Name Won Prize.—Among the licenses issued in the Dauphin county marriage bureau to-day was the necessary paper to Baton Rouge Marks and Miss Fern Warner, both of this city. George F. Marks, the lad's father, in telling the story of how his son was christened, said that an insurance company had once given him a prize because of the oddity of the name. When the Marks folks were seeking about for a name for their heir, Marks senior, got out a big map of the United States and decided that wherever his finger would rest when he pressed on the map with his eyes closed, the city nearest the point would be the cognomen of the youthful Mr. Marks. His finger tip rested on Louisiana's capital city.

Hearing Paving Suit.—At to-day's session of Common Pleas court before Judge McCarrell the suit of the Mack Manufacturing Company to recover about \$1,700 from Stucker Brothers' Construction Company for unused bricks that were intended to pave Waynesboro's streets, required most of the morning. The defense is that the bricks used had been unfit for service as they were buried under heaps of rubbish.

COST OF LIVING TAKES BIG JUMP

Flour at Prices Unheard of Since Civil War; Butter, Eggs and Potatoes Way Up

Washington, Oct. 3.—Marked increase in the cost of living is shown in the rising tendency of prices of foodstuffs on October 1, reports of which are just being received at the Department of Agriculture from the principal markets of the country.

With flour selling at prices higher than at any time since the Civil War, due principally to the shortage of the wheat crop this year, the cost of potatoes has mounted for the same reason. Meat prices continue to advance with prices being paid producers of meat animals showing almost 24 per cent over what was paid a year ago. Butter, eggs and cheese all are selling at higher prices for this time of

the year than they were last year, and beans show an increase of more than seventy per cent over a year ago because of the short crop. Onions are more than 50 per cent higher and cabbage more than 40 per cent higher. Prices paid to producers of farm products increased 9.3 per cent during August while during the last eight years these prices have shown a decrease of about 21 per cent during that month. September began with the index figures of these prices 21.9 per cent higher than it was a year ago.

Assistant Superintendent Forrer Leaves to Attend Convention of Park Men

V. Grant Forrer, assistant park superintendent, and Mrs. Forrer left to-day for New York and to-morrow they will sail on a South Pacific steamer for New Orleans where Mr. Forrer will attend the big national association of park heads. The convention will include the leading lights in the country's park development and the session will cover several days. Mr. and Mrs. Forrer will return by rail and will visit a number of the cities in the south and middle west in a sort of honeymoon trip.

THREE COMPANIES OF 8TH COME HERE

Machine Gun, Headquarters and Supply Companies Located in This City

According to general orders issued by Adjutant General Thomas J. Stewart to-day assigning the machine gun and other organizations of the National Guard at home stations, the new machine gun, headquarters and supply companies of the Eighth infantry will be located in Harrisburg. They will be at the City Grays' Armory, which is the headquarters of the Eighth's commander, Colonel M. E. Finney.

The details of the orders issued to-day are as follows: First and Third infantry, headquarters, machine gun and supply companies, Philadelphia. Fourth infantry, headquarters company, Columbia; machine gun company, Lancaster, and supply company, Allentown. Sixth infantry, headquarters, machine gun and supply, Philadelphia. Eighth infantry, headquarters, machine gun and supply, Harrisburg. Tenth infantry, machine gun, Greensburg. Sixteenth infantry, headquarters and supply, Oil City; machine gun, Bradford. Eighteenth infantry, headquarters, machine gun and supply, Pittsburgh. No assignments have been made of headquarters and supply companies of the First artillery, First cavalry and Tenth infantry. The machine gun company of the First cavalry will be at Boalsburg. Three sections of the field bakery will be at Philadelphia and one at Pittsburgh. Major J. F. Edwards, medical corps, has been assigned to the Second infantry, and Lieutenant L. C. Frescoln, medical corps, to the Thirteenth infantry.

Elmer P. Kuhn, Pittsburgh, has been appointed major and assigned to the Eighteenth infantry; Roland C. Heiser, Philadelphia, captain, machine gun company, First infantry; George E. Kemp, Philadelphia captain Co. A, Third infantry; James L. Wehn, Pittsburgh, Company K, Eighteenth infantry; Felix R. Campuzano, Philadelphia, first lieutenant, machine gun company, First infantry; Frank C. Cowh, Jr., first lieutenant, Company A, Third infantry, and Frank W. Pennypacker, Philadelphia, first lieutenant, company I, First infantry.

WARNING TO MOTORISTS Due to a vigorous campaign directed against the carelessness of automobilists at railroad crossings last summer there were no serious accidents along the route of the Long Island railroad. This year the road has again taken up the campaign in the hope of repeating the good record of last year. The company had large illuminated signs near grade crossings last summer. This year they will be continued but the reading on them will be modified somewhat. They will read: "This May Save Your Life, Stop Before You Cross Each Grade Crossing."

Complexion Fresh As a Daisy—Not a Wrinkle

in sight—Remarkable discovery of skin osmosis quickly enables women with sunken cheeks, wrinkles and marks of age again to become most beautiful, youthful and charming.

By Mlle. Marex, France's Great Prize Beauty

It's wonderful to look beautiful and fresh in warm water at night and rub youthful. The Countess de Chevaline, a beautiful woman of seventy years of age possesses pure roseated cream, which you can obtain from your druggist. In the morning wash the face with cold water and rub in more cream. In three weeks or less watch the magic transformation. See how the old, hardened, coarse, rough skin turns into new, fresh, soft, youthful looking skin almost before your very eyes, all due to simple skin osmosis produced solely by warm water and roseated cream. But be sure to use only pure roseated cream, as it is an entirely different thing from ordinary face creams and must not be confounded with them. I personally prefer Creme Tokalon (Roseated), but any good brand will do, if you have wrinkles get a box of Japanese Ice Pencils and use them in connection with the cream and you get quick action on the deepest wrinkles, no matter of how long standing. In one night's time and awaken on the morning to witness most astonishing results.

I personally guarantee success in every case, in any of my newspaper articles which I write on subjects relating to beauty, or I will refund the amount paid for any products which I recommend, provided you take your dealer's receipt at the time you make your purchase. My American address is Simone Marex, 20 West 22nd street, New York. The manufacturers of Creme Tokalon Roseated have such unbounded confidence in their particular brand, that they offer to forfeit \$200.00 to any charitable institution, if it can be shown that it will not banish every complexion blemish and give most astonishing new beauty to wrinkled, care-worn, aged women in three days' time in many instances. It can be obtained absolutely fresh and guaranteed pure from Gorgas, Kennedy's, Croll Keller, or most any good druggist in this city.—Advertisement

Staple Articles of Food in N. Y. Soar 40 to 100 Per Cent

New York, Oct. 3.—Comparison of retail prices for staple articles of food asked on local markets to-day as against prices for the same commodities one year ago shows increases averaging from 40 to 100 per cent, with some articles ranging as high as 500 per cent. Cabbage last year sold here at three cents a head; to-day eight cents is asked. Tomatoes which housewives last year bought for 50 cents a
