

# What the HOOSIER Cabinet Will Do For You

- Places for 400 articles all within arm's reach.
- 40 labor-saving features, each like a helping hand.
- The Hoosier will cut your kitchen work in half.
- Will save you miles of steps.
- Will save you hours of weary toil.
- Will make it a pleasure to cook and bake.
- Will save your energy and beauty, and keep you feeling young and strong.
- Will help you get good meals quickly.
- Will help you tidy up in just a few moments when the meal's over.

## A Centralized Storehouse

### The Vital Part of Your Cabinet

The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.

There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

Come and see these six exclusive Hoosier features:

- 1—The all-metal glass front flour bin.
- 2—The gear-driven shaker flour sifter which makes flour light and fluffy.
- 3—Scientific arrangement — articles needed most frequently easiest reached.
- 4—Revolving caster (shown in center of illustration).
- 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6—Finally, either doors with a handy rack for small utensils, or rolling doors.

### Prices and Terms

There are over 1,000,000 Hoosier Cabinets in use. Enormous factory output makes our low prices, which now range from \$12.75 to \$42.50, possible.

Have the Hoosier delivered at once by paying only \$1.00! You may make payments at the rate of \$1.00 per week, without extra cost or interest. And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

### We Can Tell You About the Hoosier — But You Must See It

We can talk about these wonderful conveniences, but to really appreciate the great amount of time the Hoosier will save you, you must see and examine these features yourself in our store.

Just remember that to-morrow for only \$1 you can start using these labor-saving features in your kitchen, and come in to-day. Have a demonstration of its exclusive work-saving features. No obligation incurred if you don't want to buy now. But at least learn why over a million women can't do without a Hoosier.

### MAY CONVALESCENCE IN CAPITOL ZONE

report at once upon a possible site for an emergency convalescent hospital.

A suitable building or buildings in the capitol park extension zone was suggested for the purpose and the committee conferred with Superintendent S. B. Rambo, State Board of Public Grounds and Buildings, and Dr. Samuel G. Dixon, State Health Commissioner, immediately after the councilmanic meeting.

The action of the city authorities followed an hour's conference in City Council Chamber which was attended by the commissioners, William E. Bailey, Edward Bailey, H. B. McCormick and Mr. Gilbert of the Harrisburg hospital board, Superintendent Condon, Drs. J. B. McAllister, D. S. Funk, Harrisburg hospital staff, Dr. W. T. Douglas, Polyclinic staff, Dr. G. H. Widder, president of the bureau of health, Dr. Raunick, health officer, City Solicitor D. S. Seitz, John Yates, secretary of the Associated Aid Society, Mrs. Gilbert and Miss Mary Miller, superintendent of the Nurse Association, Misses Lella Neidig and

Glenn Gotshall of the Associated Aids. The history of the typhoid outbreak, from contaminated ice cream, the probable source of contagion, the steps that have been taken through co-operation of the State authorities to check it, the grave need of facilities for caring for convalescents in order to properly relieve the hospitals who are treating actual cases—these subjects were discussed at length by Dr. Raunick, President McCormick, Dr. McAllister, Funk and Douglas, Mr. Yates, Mr. Bailey, Miss Miller and Mrs. Gilbert.

#### Epidemic Nearing Crest

The physicians generally agreed that the epidemic was "about at its crest, although it is possible that the high watermark will not be reached for a week, probably by October 10."

The Polyclinic hospital it was explained by Dr. Douglas is crowded to its capacity with patients; the Harrisburg hospital has rooms to accommodate perhaps forty-five more patients at the present time although the institution is being sorely pressed for accommodations for convalescents. That there are now many patients in the hospitals which of necessity must be kept there because they are not sufficiently recovered to be sent home, because of the danger of contagion in their homes, or because of

the fact that there are other sufferers a-bed there now, was emphasized.

Facilities for housing these convalescents, which will include provision for beds, dieting, nursing and superintendence of a physician for a week or ten days after discharge from the hospital are the serious need confronting the health authorities to-day.

The Visiting Nurse Association which has been caring on its own account for many cases, will continue to co-operate with the city and health authorities according to Mrs. Gilbert, although she suggested further cooperation by a proper supervision on the city's part of the sanitary conditions of many of the homes. The failure of the Board of Poor directors to provide milk and eggs for convalescents, and coal to heat water, was discussed. Secretary Yates reported that help had been asked on one occasion but was refused because the poor authorities declared they had no legal right to give aid except to the head of the family which provided the revenue.

That other counties which have sent patients to this city for treatment could relieve the situation in a financial way was also brought to the city commissioners' attention. That many patients incidentally are enjoying the free privileges of the hospital who could afford to pay for the treatment, was also pointed out.

Lack of sufficient nurses and a woeful lack of cots for patients and convalescents are further imperative needs with which the medical and hospital authorities have had to cope. Disapproval of tents

Establishing of tents or similar light temporary structures on the lawns of the hospitals or in the city parks did not meet with very general favor either by the hospital officers or the physicians. The sanitary hospital, the Board of Trade and several buildings in the capitol park extension were suggested as possible convalescent places, although Dr. McAllister in discussing the sanitary hospital idea, called attention to the complications that might arise if a case of smallpox should develop during the typhoid outbreak.

Quick Action Messrs. Lynch and Bowman finally brought the conference to a satisfactory end by suggesting that a committee be appointed to select a site and let the question of expense be taken care of afterward. Commissioner Bowman's motion naming the personnel of the committee, followed.

Just 10:58 now," observed Mr. Gilbert, "and I would suggest that the committee get busy at once. We can begin work at eleven o'clock by calling upon Superintendent Rambo at once."

### BULGARS WEAKEN UNDER PRESSURE

(Continued From First Page) the consolidation of all the ground gained is now reported.

Von Mackensen Firm Sofia again reports the failure of Russian and Rumanian attempts to push back Field Marshal Von Mackensen's line in Dobruja. The complete clearing of the southern bank of the Danube by the Rumanians who recently crossed the river near Rahovo also is announced.

Attacks by the British on the Somme front have gained them ground along the Pozieres-Bapaume Road, according to London's official statement. A further inroad was made into the German lines northeast of Eaucourt l'Abbaye.

Only artillery activity in the French section of the Somme front is reported in to-day's war office bulletin from Paris.

British Raiders Active British raiders have been active in both the Lille and the Lens region. Whether these raids on the German lines have more than local significance is not apparent. In operations in the Loos and Armentieres districts, included within this area of activity, gas was discharged from the British trenches.

The German Crown Prince has resumed active hostilities at Verdun, Paris announced. His guns have opened up a heavy fire on the Cote Du Poivre north of the fortress, while elsewhere in the Verdun region the artillery is notably busy.

Well Across Serb Border On the western end of the Macedonian front the Serbians and their allies it appears from the Paris War Office bulletin, have pushed their lines well across the Serbian border directly south of Monastir and are now within seven miles of the city, along the line of the villages of Mesdjidi, Kenal and Gradshinita.

General Brussloff is persisting in his determined efforts to break down Teutonic resistance along the southern sector of the Russian front and within the way to Lemberg. Southeast of Lemberg his assaults have resulted in several instances, according to Petrograd, which reports the capture of positions south of Brzezany, which were held against counterattacks.

#### Turks in Retreat

In Volhynia and Northern Galicia the Austro-German armies are obstinately standing against the Russian offensive which according to press dispatches from German sources is being pushed by means of attacks more violent than any experienced previously during the war. In Turkish Armenia, Grand Duke Nicholas has continued successfully his new offensive west and southwest of Trebizond, Petrograd announces. The Turks are being driven back toward the river Karshut, which flows into the Black Sea, 50 miles west of Trebizond.

#### Kaiser on Way to Eastern Front as Climax Approaches in Lemberg Fighting

Berlin, Oct. 5. — It is officially announced that Emperor William has left for the eastern front to visit the troops. General von Ludendorff, against whom the principal Russian attack is being made. Desperate attacks by the Russians are continuing on the Austro-German front west of Lutsk, in Volhynia, army headquarters announced. The Eastern front correspondent of the Berlin "Lokal Anzeiger." The dispatch says that near Karytruca and Zubino Russian infantry have attacked German lines for the last 36 hours without cessation. This assault was on a front of fifty kilometers and the cannonade continued all night.

#### Russian Attacks on Front in East Are More Violent Than Any Since Start of War

London, Oct. 6. — The Russian attacks on the eastern front are more violent than any known since the start of the war, according to a Copenhagen dispatch to the Exchange Telegraph Company, quoting the Eastern correspondent of the Berlin "Lokal Anzeiger." The dispatch says that near Karytruca and Zubino Russian infantry have attacked German lines for the last 36 hours without cessation. This assault was on a front of fifty kilometers and the cannonade continued all night. German officers who participated in the battle on the vessel of 18,150 tons gross and was built in 1910. Her maiden voyage was between Liverpool and Boston in February, 1911. The Franconia was 625 feet long, 72 feet wide and displaced 25,000 tons. When she was built she was considered one of the most comfortable steamers of the Cunard Line. A strike of the crew, which was devoted to the boat deck, which was devoted to a promenade room, a library, a gymnasium and a lounge and smoking room.

#### 12 Die When Converted Cunard Liner Is Sunk in Mediterranean by U-Boat

London, Oct. 6.—The admiralty announces that the Cunard steamer Franconia, employed for transport of convalescents, was sunk by a U-boat yesterday by an enemy submarine. The steamer had no troops aboard. Twelve men of the crew of 302 are missing. The Franconia was a vessel of 18,150 tons gross and was built in 1910. Her maiden voyage was between Liverpool and Boston in February, 1911. The Franconia was 625 feet long, 72 feet wide and displaced 25,000 tons. When she was built she was considered one of the most comfortable steamers of the Cunard Line. A strike of the crew, which was devoted to the boat deck, which was devoted to a promenade room, a library, a gymnasium and a lounge and smoking room. The vessel was nicknamed the "Bath Ship," inasmuch as she had more bath-rooms and showers than the Mauretania, the passenger liner being called for the benefit of passengers bound for long cruises of the Mediterranean.

#### Claim Rumanians Crossed Danube After Successful Raid Without Losing a Man

London, Oct. 6.—The recent crossing of the Danube by Rumanian forces constituted a successful raid, according to a wireless dispatch from Rome to-day. The Rumanians, says this version of the affair, destroyed Bulgarian depots containing large quantities of provisions and recrossed the Danube without losing a man.

According to the Bulgarian official reports, the Rumanians were badly cut up by Bulgarian forces from Buchuk and Turukal which caught the invaders between two fires and compelled their disorderly retreat with heavy losses.

out of hand" asked Commissioner Lynch. "This is no time to talk about the financial end of it. Let us have something done now and we'll take up the question of expense afterward."

Commissioner Bowman's motion naming the personnel of the committee, followed. "Just 10:58 now," observed Mr. Gilbert, "and I would suggest that the committee get busy at once. We can begin work at eleven o'clock by calling upon Superintendent Rambo at once."

Open Saturday Evening Until 10 o'clock

# BOOK'S REAL SHOE MAKERS 217-Market St.-217

Opposite Court House, Harrisburg, Penna.

A Very Special Offer of

## Women's New Fall Boots

Madam—the very styles you are looking for—latest, choicest Fall models marked at positively the lowest prices in Harrisburg. Actually the best shoe values in the city.

### All the Newest Fall Shoe Styles | A Special Priced New Fall Boot

An Excellent Value at

**\$5.00**

Actual \$7 Values

The very newest, choicest Fall styles, made in bronze, gray, champagne, tan, etc., mahogany, dull, etc., in one and two-tone effects. Button or high lace models. Every size.

Book's special low price

**\$2.95**

Real \$4 Values

#### Boys' Sturdy Shoes For School or Dress \$1.95

Tan, patent and leathers; in button or lace styles; fine wearing solid soles and uppers; all sizes to 5 1/2.

#### Campaign For Resumption of U-Boat Activity on Old Basis Meets With No Success

Berlin, Oct. 5, via London, Oct. 6.—Efforts to compose the differences between Chancellor von Bethmann-Hollweg and his opponents in the reichstag, which have been in progress since adjournment was taken after the chancellor's speech, apparently have accomplished little. The chancellor's position, however, appears to be unshaken and such information as is obtainable indicates that the campaign for resumption of submarine activity on the old basis has met with no success.

After several days of confidential conferences of the chancellor and members of his cabinet with a committee from the reichstag, discussion of the submarine issue and other problems of foreign politics was resumed to-day before the ways and means committee. Herr von Jagow, secretary for foreign affairs, and Admiral von Capelle, secretary for the navy, made statements explaining the position of the government. The naval secretary frequently interposed in the debate which followed, answering questions and meeting objections concerning the government's policy in regard to submarine operations.

#### Penn State Alumni Plans to Send Crowd to Big Game

Penn State Alumni, their friends and former students will attend the University of Pennsylvania-Penn State football game at Franklin Field on October 21, on a special train. Tickets will be placed on sale at some convenient place.

This game will be of special interest to local football fans on account of the presence of two former Harrisburg High School stars on the Penn State team, Clark and Beck. Clark is a former captain of the Central High School team and now captain of the Penn State team, while Beck was captain of the Tech team in 1915, and now plays halfback on the Penn State team. The football game between Bucknell and Penn State, to be played at State College to-morrow, will be received in detail by telegraph and replayed on the score board suitable for the purpose.

will be addressed by John Price Jackson, Commissioner of Labor and Industry, and J. C. Reed, of the Bethlehem Steel Company, both Penn State men, on matters of great interest. The football game between Bucknell and Penn State, to be played at State College to-morrow, will be received in detail by telegraph and replayed on the score board suitable for the purpose.
