Medicated Smoke Drives Out Catarrh

Simply Write a Post Card to Address Below Dr. Blosser who has devoted forty years to the treatment of Catarrh, is the originator of a certain combination of medical herbs, flowers and berries to be smoked in a pipe or ready prepared cigarette. The pipe or cigarette reaches all the passages of the head, nose and throat. As the disease is carried into these passages with the air you breathe, so the antiseptic healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where sprays, douches, ointments, etc., cannot possibly go. Its effect is soothing and healing, and is entirely harmless, containing no tobacco or habit forming drugs. It is pleasant to use, and not sickening to those who have never smoked. No matter how severe or long standing your case may be, we want to show you what our remedy will do.

To prove the beneficial, pleasant effect, The Blosser Company, 650 Walton St., Atlanta, Ga., will mail absolutely free to any sufferer, a sample that will verify their claims by actual test. This free package contains a pipe, some of the Remedy for smoking and also some of our medicinal cigarettes. If you wish to continue the treatment, it will cost only one dollar for a month's supply for the pipe, or a box containing one hundred cigarettes. We pay postage.

If you are a sufferer from Catarrh, Asthma, Catarrhal Deafness, or if subject to frequent colds, send your name and address at once by postal card or letter for the free package, and a copy of our illustrated booklet.
