

HEADACHE STOPS, NEURALGIA GONE

Dr. James' Headache Powders give instant relief—Cost dime a package.

Nerve-racking, splitting or dull, throbbing headaches yield in just a few moments to Dr. James' Headache Powders which cost only 10 cents a package at any drug store.

Semet-Solvay Co. Agrees to Pay Foreigner \$1,000 For Injuries at Plant

Suit which Jelena Trkulja began against the Semet-Solvay Company, Steelton, for damages he alleges the sustained while at work at the plant was the first case listed for trial at the opening of November common pleas court to-day, but the court was informed that a settlement had been reached and the proceeding will not go before a jury.

The Semet-Solvay Company, according to John A. Heaman, counsel for the plaintiff, has agreed to pay \$1,000. A formal verdict for that sum will be entered.

Trial of the assumption suit which Anna M. Taylor instituted against Alexander and George Roberts, executors of Alexander Roberts, was begun before President Judge Kunkel in No. 1 courtroom, while a similar action was started before Additional Law Judge S. J. M. McCarrell in No. 2 room.

Scottish Rite Masons Hold Reunion This Week

This week marks the big reunion of Scottish Rite Masons for which plans have been being perfected for some time.

It is expected to be an unusually successful gathering. Special care having been taken to provide for the entertainment of the ladies of the members. The program as planned will begin with a reception to candidates to-morrow evening, November 21; a reception and entertainment for ladies of the members of the organization, November 22; a reception and entertainment for ladies of all members at Masonic Temple that evening; an automobile ride for ladies of non-resident members and candidates, Friday afternoon, November 24, and a ball and reception to all members and candidates at Chestnut Street Auditorium that evening.

RED CROSS CLASS MEETS

The Red Cross Emergency Class of young ladies who plan to train as emergency nurses under the direction of able physicians in the Harrisburg Hospital, met at the hospital at 4.30 this afternoon for the final arrangements as to the time when the class will meet. It is understood that several of the members have withdrawn their names and the vacancies left by their withdrawal will probably be filled within the next few days. The purpose of the class is to train a corps of young ladies, who could be called upon as the need arises in case of emergency. The officers of the organization are Miss Emily Bailey, president; Mrs. Berne H. Evans, vice-president; and Miss Virginia King, treasurer.

PIMPLY ERUPTIONS ON BABY'S FACE

Spread Into Blisters, Itched and Burned Causing Her to Scratch, Healed by Cuticura.

"My baby was seven months old when her face broke out in small eruptions of a pimply form and it got very sore. The pimples soon spread very large into blisters and water ran out, and her whole face was a bed of inflammation. It itched and burned causing her to scratch, and her pillow was soiled from her scratching."

"Then I sent for a free sample of Cuticura Soap and Ointment after which I bought several cakes of Cuticura Soap and one box of Ointment and now she is healed." (Signed) Mrs. Howard Wallace, 359 Jefferson St., Pottstown, Pa., Feb. 4, 1916.

"Peace falls on distracted households when Cuticura enters. It brings comfort for babies tortured and disfigured by eczema rashes and other skin troubles besides rest to worried parents. How much of this suffering might have been avoided if Cuticura Soap had been used for every-day toilet purposes instead of impure, coarse or strongly medicated soaps. You may try it for the asking. Address post-card: 'Cuticura, Dept. T, Boston.' Sold throughout the world."

OWL FIELD DAY ON AT ARMORY

Mayor, Senator Beidleman and Officers of Order Speak

Field day ceremonies in connection with the institution of Capitol City Nest, No. 172, Order of Owls, were held to-day at the Armory buildings, opening at 10 o'clock this morning.

Mayor Meals made the address of welcome and Arthur R. Rupley, of Carlisle, Pa., made the response. The third speaker of the program was John W. Heller of York, Pa., No. 128, who spoke on "Decree Work" and explained various features of these ceremonies.

Senator E. E. Beidleman spoke on "Citizenship and Fraternalism," and Harry P. Brown, vice-president, of Carlisle, Pa., spoke on "Fraternal Benefits Applied to Fraternal Orders." At the afternoon session, to-night a concert will be given from 7 until 8 o'clock, after which officers of the local order will be installed. These ceremonies will be followed by an address by John W. Talbot, supreme president of the order, to-morrow all of the members will enjoy a sight-seeing tour of the city.

PLAN TO LIGHT CITY VIA WATER FUND

(Continued From First Page)

endent of Finance, is in accord with the suggestion of Mayor Meals. "I understand the law of 1873 and the Clark act recognize a light and water department," said Commissioner Gorgas to-day. "If the city should have its own lighting plant, the cost of the lighting from the people just as is now done for water, and there would seem to be no good reason why the excess receipts should not be applied by the city toward the cost of lighting."

Simply because the city has its own water system but chooses to pay a private corporation for its light, in the judgment of Commissioner Gorgas, does not constitute any good reason for refusing to meet the cost of the lighting from excess receipts of the Water Department.

In his report for 1915 Mr. Gorgas pointed out that as the department's earnings for the past six years had not been less than \$60,000 a year the entire debt of the Water Department would be wiped out this year. He is decidedly of the opinion that the earnings should be applied to the lighting account.

Gough Once Mentioned In his report for 1913 Henry W. Gough, then City Controller, called attention to the increasing surplus of the Water Department. He pointed out that with the increase of the city the receipts from the sale of water would naturally increase without a corresponding increase of expenditure and that the annual surplus would continue to grow. He then recommended that this surplus might be utilized in reducing the water rates which has been done; in the redemption of outstanding water bonds, which has already been provided for, or in placing the entire lighting of the city in the hands of the Board of Water Commissioners. It was the opinion of Mr. Gough that this accumulating surplus from water could be diverted to the general revenue of the city and in reducing taxation. In the same report he recommended the investment of surplus water funds in public improvements and bonds which has since been the practice.

Meals Insists Council Should Provide Lighting Bill From Water Funds

In a brief interview to-day Mayor Ezra S. Meals again declared that he will endeavor to push to a finish his recent suggestion that the city pay for its electric light bill from the surplus earnings of the Water Department and thus save a mill and a quarter annually from the city tax rate. Said the Mayor:

"Who's going to object if the move means the reduction of a mill and a quarter from the tax rate? 'Who says such a move is illegal? The city's legal adviser? Suppose he says it is absolutely necessary to adhere strictly to that? 'Who owns the city's water plant? The people, do they not? Then who but the people should benefit? 'So, what is it that while we should ask the Legislature to change the law to provide for this diversion of funds if this is necessary, such action cannot be undertaken before the budget for 1917 is completed. Therefore we should act now. Let's take the money, sixty-eight thousand, or as much as the lighting fund will require, at least—and pay for our street lighting from the Water Department earnings."

"City Commissioner Bowman says this transfer cannot be made," suggested the interviewer.

"What if he does? If we have enough in Council to pass it, let's do so. Mr. Gorgas is for it; I believe Mr. Gough is for it, and Mr. Lynch is for it if it can be done. Why not do it? If anyone wants to question the legality of it, let him take it into the courts. 'Of course the city hasn't the right to earn a surplus after its indebtedness is paid off; naturally the theory is that accumulation of money could be kept down by reducing the water rents. But nobody is complaining about the water rents now. And we've this big surplus. Why not put it to good use? The lighting department is a part of the Water Department; the two are connected by the Bureau of Water and Lighting' the law reads. 'If we reduce the water rents to practically nothing in order to avoid the accumulation of a surplus, then we are not acting fairly to the owner of property who pays taxes and water rent and so on in the city. The smaller renter, the man who owns no property, and whose only other source of expense for enjoying all our modern improvements, lights, water, paved streets, etc., is he even to be relieved of the water rent? Is it fair to the property owner who must pay his taxes here? Of course it isn't. And I believe the majority of people think the same way."

HIT BY CAR

Struck by a shifted car on the P. R. E. near Middletown, William S. Elchur, W. Va.; George B. Thompson, Alta, Pa., and Mrs. O. H. Shaffer, Altoona.

Sister of Suffragist Who Gave Blood to Save Her Life

MISS VIDA MILHOLLAND.

Los Angeles, Cal., Nov. 20.—Mrs. Inez Milholland Boissevain, the suffrage leader and Hughes speaker, is critically ill here in the Good Samaritan hospital, despite the fact that two operations for blood have been made. The first operation took blood from Mrs. Boissevain's sister, Miss Vida Milholland, who came here on a speaking tour with Mrs. Boissevain. The second took blood from her husband, who rushed here on hearing of her illness. Mrs. Boissevain collapsed while in the midst of a speech advocating the election of Mr. Hughes.

AMERICAN IS KILLED BY VILLA

Body Burned, According to Reports From Jimenez; Chinese Slain

El Paso, Tex., Nov. 20.—An unidentified American was killed when a Villa band took Jimenez and four Americans were seen under a guard of bandits at Parral during Villa's occupation of that town, according to reports believed by federal agents to be authentic, brought to the border by refugees.

Refugees further state that the district between Parral and Jimenez was cleared by Villa's followers of more than two hundred Chinese. The American killed was murdered in the Jimenez Hotel, and his body lay for some time in front of the building. Then it was placed on a brazier. Five Mexican women, their Chinese husbands and children were burned alive.

See in Monastir Useful Railroad Opening Way For Advance Into Serbia

London, Nov. 20.—The fall of Monastir on the anniversary of its capture by the Serbs from the Turks in 1912 is hailed by the morning papers as being of considerable political and military importance. It is argued that as Bulgaria's main object in entering the war was the possession of Macedonia, the loss of the Macedonian capital must bring an acute sense of failure both to the Bulgarian politicians and military officers.

On the other hand it is contended that the recapture of the town will greatly encourage the Serbs, whose recent valiant capture of Kalmakal mountain prepared the way for the city's fall. The recapture of Monastir had been expected here but it came first and has been anticipated, and with almost dramatic suddenness.

The military commentators recognize that Monastir is not a first rate military position, but they contend it will be a useful railroad opening the way for an advance into Serbia proper.

JOHN I. THOMPSON State College, Pa., Nov. 20.—John I. Thompson, Jr., of Lemont, for twenty-five years treasurer of the Pennsylvania State College, died Friday at Altoona. He was buried yesterday from his home.

Mr. Thompson had been visiting his daughter, Mrs. O. H. Shaffer, in Altoona, for the last month and was taken ill while there. Cerebral hemorrhages developed on Thursday and he did not recover.

More than sixty Jimenez owners met Saturday afternoon at the office of the Pennsylvania Federation of Labor to complete the organization of the Jimenez Mutual Indemnity Association. A constitution and by-laws were presented and adopted. The members are planning to create an indemnity fund of \$10,000 to be used in case of accidents. Other rules providing for a thorough examination of all applicants for membership were decided upon.

COPPERS YIELD 1 TO 3 POINTS

Bear Brunt of Profit-Taking; Steel, Iron and Equipments Advance

New York, Nov. 20.—Coppers bore the brunt of the heavy profit taking, yielding 1 to 3 points, while Central Leather and a few other specialties of less prominence were under bearish pressure.

In other parts of the list the advance was continued, United States Steel rising to 128 1/2, with supplementary gains for Republic Iron, Colorado Fuel, Lackawanna Steel and some of the equipments. Interest in rails and other investment issues remained slight, the metals and United States Steel supplying over half the morning's trading, which approximated 1,000,000 shares. Chile Copper mis-featured the bond division, advancing four points and reacting over five.

Serbs Get Lion's Share of Credit For Fall of Monastir

London, Nov. 20.—The Serbians are given the lion's share of honor by the morning papers in discussing the fall of Monastir. The capture of hill 1212 by the Serbians and their rapid advance to hill 1378 threatening the Bulgarians' only avenue of retreat along the Philip road is considered the main factor in forcing the hasty evacuation of the city. Military opinion insists that the allies must now advance toward Philip road in order to cut off the Bulgarians from their retreat to Negotin on the Vardar.

REAL ESTATE CLEAR SIDEWALKS OF DEBRIS--ORDER

City Commissioner Lynch Won't Permit Piling of Building Materials

Piling of building materials on sidewalks in front of construction operations in such a way and for such continuous periods of time as to interfere with the free passage of pedestrians will not be permitted, according to City Commissioner W. H. Lynch, superintendent of streets and public improvements. Furthermore, the violators of the city ordinances in this respect will be prosecuted, the commissioner says.

The first offender to suffer the consequences of this violation after repeated warnings is John E. Dare, a local coal dealer. For weeks, Mr. Lynch said, he has allowed big heaps of material to remain on the pavement of Chestnut near Twentieth street. Suit was finally brought and Dare had to pay \$5 fine and costs aggregating more than \$6.

Permits for the erection of two garages were issued to-day as follows: John F. Lewis, rear of 273 Briggs street; Joseph S. Lay, 48 Balm street; Hamilton street, \$200.

WILL BUILD GARAGES

Permits for the erection of two garages were issued to-day as follows: John F. Lewis, rear of 273 Briggs street; Joseph S. Lay, 48 Balm street; Hamilton street, \$200.

TO-DAY'S REALTY TRANSFERS

To-day's realty transfers included the following: Matilda Fisher's estate, 273 acres adjoining the famous Copper Queen, which has paid upwards of 77 million dollars in dividends.

Farm Expert to Address Chamber of Commerce

A membership luncheon of the Harrisburg Chamber of Commerce Wednesday, November 29, will be addressed by Carl Vrooman, chairman, secretary of the U. S. department of agriculture. This will be the first luncheon of the kind held by the Chamber since June.

Use of Chamois Gasoline Strainer Causes Fire

Using chamois as a strainer for gasoline nearly cost Dr. John C. Stevens, 240 South Thirteenth street, the loss of his auto yesterday afternoon. A copper funnel and the chamois, assistant secretary of the U. S. department of agriculture. This will be the first luncheon of the kind held by the Chamber since June.

HURT BY SAW

While working on a saw at the Central Iron and Steel Company, James Lane, 1028 Herr street, was caught and almost drawn into the rapidly revolving machinery. His right forearm was badly lacerated and he was badly injured internally.

Distribute Bags For Hospital Donations

Thanksgiving donation to the Harrisburg hospital was started this morning.

Instead of placing the bags at each door as has been the former custom, the distributors will leave bags only where the housewife feels that she can contribute something for the sick and suffering.

Tuesday and Wednesday of next week are known as the annual Thanksgiving donation days and for collectors will be to gather up the gifts. An unusual number of patients have been treated this year at the hospital and the many typhoid fever patients during the recent typhoid epidemic taxed the facilities of the hospital to the utmost.

HELD AS THIEF

Charged with robbing E. C. Buhl, of Hershey, of \$14, Leo H. Lentz was arrested last night by Detective Shuler. He was held under \$500 bail, which he furnished.
