**MOTHER OF FOUR CHILDREN**

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. CLOYD, 1255 North Guilick Ave, Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound. Free confidential advice had by addressing Lydia E. Pinkham Medicine Co., Lynn, Mass.

**A CLEAR COMPLEXION**

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician  
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

**2 MURDER TRIALS PER DAY PROGRAM**

Six Cases in "Red Week"; No Further Notices to Witnesses or Jurors

Two murder trials per day for three days are listed for the special continued term of Criminal Court beginning Monday, December 4.

The session will be considered a part of September Criminal Court and the petit jurors, and all the witnesses who had been called for service during September quarter sessions will be expected to attend without further notice.

In all there are fifty cases on the calendar, just six of which are murders. From present indications there will be murder trials on in both Nos. 1 and 2 courtrooms simultaneously.

**More to Come**  
While there are six trials on the calendar for next week, January sessions will be equally tragic so far as the scarlet thread in the court stories is concerned. Dauphin county just now has a round dozen of murders on its criminal books and in addition to the six that are on next week's calendar, five others are either fugitives or are behind prison bars. The twelfth man is Nicola Kotur whose appeal for a new trial is pending.

The murder trials are scheduled to begin Wednesday, December 6, when James White and Edward Wilson, the negroes charged with killing Patrolman Lewis C. Hipple will face a jury; Thursday, there will be Vlada Yovanovic the foreigner who stabbed a fellow-countryman, and John O. Christley, who must answer for shooting his pretty young wife in a fit of jealous rage. It is just possible that Christley's defense may be based on the insanity plea. Friday Cornelius Shepherd and John Misko will be tried for the highest crime against the State.
