304 Market Street

Harrisburg, Pa.

Bangor, Me. — The decision of the Bangor and Aroostock Railroad to give a bonus of four per cent. on wages earned in the last six months to all employees receiving less than \$2,000 a year was announced by President Percy R. Todd to-day.

Lisbon (via Paris)—A German success over Portuguese forces which included German East Africa was announced to the Chamber of Deputies to-day by Premier Almeida.

With the Fingers! Says Corns Lift Out Without Any Pain. Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of 'Freezone,' says a Cincinnati authority. It is claimed that at small cost one can get a quarter of an ounce of 'Freezone' at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection. This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

GOVERNOR GIVES M'KEAN PRAISE

Northern Tier County Gets Kind Words in Appreciation of Enterprise

Governor Martin G. Brumbaugh has sent a letter warmly expressive of his admiration of the enterprise of McKean county in passing a bond issue of three-quarters of a million to be used for improvement of highways in conjunction with the State Highway Department. The Governor wrote to G. Scott Smith, the Kane editor, who had called it to his attention. The letters are as follows: KANE REPUBLICAN COMPANY, Printers and Publishers, G. Scott Smith, Publisher, Kane, Pa., Nov. 25, 1916. Hon. M. G. Brumbaugh, Harrisburg, Pa. My Dear Governor: I write to call your attention to the fact that at the recent election, a proposition to bond McKean county in the sum of \$750,000, for the purpose of constructing hard surface roads, carried by a vote of three to one. This is the first time that a county of the Commonwealth has ever voted in conjunction with a similar amount to be expended by the State. Knowing the keen effort and interest you have displayed in the movement for good roads in the Commonwealth,

it would be a source of great interest to the taxpayers, of the county, to know how you personally regard McKean county's action and to what extent your administration will use its efforts in furthering the project. Trusting that I may have a reply setting forth your views on the subject, I am, Very sincerely yours, G. SCOTT SMITH.

The Governor replied: November 28, 1916. Mr. G. Scott Smith, Kane, Pennsylvania.

My Dear Mr. Smith: I note with very great interest and pleasure the patriotic action of the good people of McKean county in voting a bonded indebtedness of seven hundred and fifty thousand dollars (\$750,000) for the purpose of constructing hard surface roads. I take it that this vote of your good people is evidence of the determination of the citizens of Pennsylvania to have highways worthy of the Commonwealth and adapted to the best service of our people. I believe that every dollar honestly invested in highways will return to the people many fold, and I can assure you that should the Legislature grant us the appropriations we shall ask for for highway work, it will be a genuine pleasure to co-operate with your people in expending this money with the money which the State will use in conjunction with it, in such a manner as to give to your people the type of service which their enterprise so justly merits. May I add that I believe this to be a pioneer movement on the part of the county which will be followed by many other counties, and that in the very near future it will be possible for people to travel with ease and comfort through all parts of what to me is the dearest Commonwealth in the world. With sincere regards and best wishes, I am, Very truly yours, M. G. BRUMBAUGH.

WHITEWASHING MERELY CASUAL

Referee Saylor Makes a Ruling in Compensation Case in Cumberland

Whitewashing a fence is casual employment and does not come within the purview of the State Workmen's Compensation act according to a decision given a few days ago by Referee E. K. Saylor in a Cumberland county case. The decision is the first of the kind to be given in this section in a compensation claim based upon work about a property. The decision was in the case of Lewis Stambaugh against Q. P. Ahl, of Bolling Springs. It turned out that Ahl had not hired Stambaugh but that another member of his family had done so. However, the referee took up the claim and found that Stambaugh while pouring lime into a bucket had some splash in his eye. He worked the rest of the day and since then he has become blind in his eye. There was no contract for the work. He worked by the day and got \$1.50. Furthermore he did not go to see a doctor when told to do so. The

referee held that he was not a regular employe and worked by the day, that he was not doing anything to further business interests of his employer and that the work was casual employment. New Inspector. — C. H. Caler, of Rochester, was last night appointed a factory inspector in place of J. R. Patterson, of Beaver Falls, who resigned because of a political row. Mr. O'Neil Returns. — Insurance Commissioner O'Neil has returned from Philadelphia, where he made some insurance investigations and discussed the situation. He declined to comment upon the last output of statements. In Washington. — Adjutant General Stewart was in Washington to-day on militia business. Commission Goes Home. — The Commission of Agriculture spent most of yesterday and part of last night here for the monthly meeting. What it did has not been announced, but the State government is still going on. Commission Meets. — The State Water Supply Commission held several hearings to-day on dam and similar improvements. Some Philadelphia cases were also up. Question of Rights. — The question whether the Lehigh Navigation Electric Company has the right to operate in Palmer township, Monroe county, was threshed out before Commissioner Ryan yesterday. The complaint was made by another company which claims a prior right. Got a Site. — The Branch Capitol Commission was given assurance of a site for a branch building at Philadelphia at yesterday's meeting. The Pittsburgh branch capitol proposition will appear during the winter. Taking Samples. — Engineers of the Department of Health are taking samples by the score in Philadelphia to

determine the cause of the bad taste in the water. Commissioner Dixon is personally directing the work. Six Thousand Quail Obtained. — Dr. Joseph Kalbfus, secretary of the State Game Commission, to-day received a telegram from one of the representatives of the commission that he had arrived in Texas from Mexico with 6,000 Mexican quail for distribution throughout the state. This is the largest lot ever brought into this country for the State's propagation work. The quail will be kept in captivity until spring, being distributed throughout farms whose owners have agreed to care for them. Accounts Filed. — J. Gillespie, of Philadelphia, to-day filed an account of expenses, etc., for the Progressive League of Philadelphia, showing a balance of \$446.24 on hand at the start of the campaign, contributions which made the total \$3,299.24 and disbursements of \$1,777, leaving a balance of \$1,522.24. Certifications of expenditures of less than \$50 or nothing were filed by electoral candidates as follows: H. B. Packer, Simon F. Pauxitis, W. O. Smith, Republican electors; Albert Gaddis, Prohibition; A. Black, Industrialist, and W. A. Garrett, Socialist. The latter certified that he did not spend one cent either as a candidate or as chairman of a committee. Weber Resigns. — The resignation of William J. Weber, first lieutenant and assistant surgeon of the First Infantry, was accepted to-day. Increase Filed. — The Harrisburg Hotel Company, of this city, to-day filed notice of increase of stock from \$300,000 to \$1,000,000. Charges Crowded Car. — M. C. H. Conrad, of Progress, to-day filed a complaint with the Public Service Commission that the Harrisburg Railways Company was overcrowding Progress cars. He charges that he

boarded one which was already overcrowded and that when the conductor allowed others to board it he remonstrated and called attention to a car which was following. The conductor, he says, told him that he was running the car. Conrad charges that the overcrowding of cars is dangerous and unsanitary. To Attend Dinner. — Representative Richard J. Baldwin will attend the Pennsylvania Society dinner in New York this week. To Open Western Office. — The Pittsburgh office of the State Insurance Department will be opened by Commissioner O'Neil on December 15. It will be similar to the Philadelphia office. Members Here. — Representatives Smith, of Uniontown, and Morgan, of Nanticoke, were at the Capitol. Garvin Getting Ready. — Chief Clerk Thomas H. Garvin, of the House, were here to-day looking after arrangements for the opening of the legislative session. Hearing To-morrow. — The hearing in the proposed merger of the Panhandle system will be heard by the Public Service Commission to-morrow. Asks Rehearing. — A rehearing has been asked in the application for commutation of the death sentence of Henry Ward Mottern, of Jefferson county.
