\$100 FINE FOR SELLING DEER

Present of Bottle Wrapped in \$10 Bills Failed to Clear Defendant

Waynesboro, Pa., Jan. 16.—Eugene Spoonhour, of near Black's Gap, northeast of Waynesboro, was arraigned before Magistrate Orr, at Chambersburg, yesterday, charged with selling a deer during the hunting season.

Milton Mench, a hotel man of Hummelstown, was the chief witness for the Commonwealth. According to the story Mench spent the hunting season of 1916 in the Caledonia section, near Chambersburg, and was unsuccessful in getting a buck. So while seated at the Shepherd restaurant one evening Spoonhour presented him with a deer. The day previous the defendant received a present from the witness, Mench. This was a bottle, around which was wrapped three ten-dollar bills, so went the testimony.

Spoonhour told of the "gift" of the deer and also of receiving the "present" from Mench.

Mr. Mench told the magistrate that

he had paid a penalty of \$104 before a Hummelstown justice of the peace on a charge of having two deer in his possession. The game protector, C. P. Baum, testified that Mench had been prosecuted on the charge of buying a deer. Mench pleaded guilty in Hummelstown and was not arraigned there.

It was contended by counsel for Spoonhour that the deer was a gift, but the magistrate could not see it in any other light than a plain and deliberate sale, no matter how craftily concocted. He therefore fined the defendant \$100 in addition to the costs.

Tell Your Wife Now, What to Do with the Insurance Check.

Just at the time when your wife is least able to use her judgment, and consider a proposition unemotionally, she will receive a check from the insurance company — the evidence of your present forethought and unselfishness.

You should instruct her to deposit her insurance check in some good bank, and before withdrawing for investment of any kind seek the approval of her bankers.

Perhaps you should put these instructions in writing, now, with the name of the bank. Then your foresight and unselfishness will not be in vain.

What Is Behind Tire Quality?

"Sheffield" on steel—"Sterling" on silver—"Goodyear" on rubber—hall-marks of quality every one.

Value as definite and unchangeable as the coin you spend.

Service as certain as sunrise.

Character of this sort in a product is no accident. It finds its source in conscious purpose, its expression in conspicuous ability.

The quality of Goodyear Tires, the value they represent, the service you can depend on them to give, hark back directly to these two essentials—to Goodyear purpose, and to Goodyear ability.

Quality—value—service—aren't these the sum of your desire in a motor car tire?

You will find them, in profitable and satisfying measure, in every Goodyear Tire. Whether you measure tire virtue in miles, months, or money.

Whether you buy Goodyear Fabric Tires, or Goodyear Cords.

Each represents the highest accomplishment in its class. Each leads in its field.

The difference in price is due entirely to a difference in building cost. The Cords cost more to build, and they wear longer. In either case, the money you spend buys 100 per cent value.

Every Goodyear product is built and marketed on that basis.

You yourself, by the amount you spend, determine the amount you shall receive.

"Goodyear" on rubber—our pride, your protection.

Goodyear Tires, Heavy Tourist Tubes and "Tire Saver" Accessories are easy to get from Goodyear Service Station Dealers everywhere.
