## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative to-day saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child on the move. ## Tennessee Governor Signs Three Antirum Measures

Nashville, Tenn., Jan. 24.—Governor Rye yesterday signed three antirum bills recently passed by the Legislature. The measures, which become effective immediately, are:

To prohibit clubs, lodges or associations from keeping, storing or in any way disposing of liquor, to make a second conviction for bootlegging a felony, and to make it unlawful for any firm or corporation to keep in stock or store liquor intended for present or future sale as a beverage.

The bill prohibiting the storing or disposing of liquor by clubs or lodges is known as the "locker club act" and is aimed at the many locker clubs which sprang up following the recent ruling of the state supreme court that they were not in violation of the four-mile law.
