AWARDS MADE AT BIG FARM SHOW

Exhibits Packed For Shipment; Prize Fruit Sold at Good Prices

With the awarding of prizes at the farm show last night the biggest exhibition of agricultural products ever staged in this state came to a close.

The plate exhibits of fruit in the big showrooms in the Emerson-Brantingham building at Tenth and Market streets were sold yesterday afternoon and evening after the awards had been made. "Prize fruit" brought 20 and 25 cents a plate. F. N. Fagan, secretary of the State Horticultural Association, assisted by several State College students, had charge of the sale.

To-day the showrooms are being dismantled and farmers are packing their exhibits for shipment home.

Mrs. Byrne Weakening After Fasting 90 Hours

New York, Jan. 26.—The "hunger strike" begun Monday night by Mrs. Ethel Byrne who is serving a thirty-day term following conviction as a birth control propagandist, is gradually weakening the woman, according to to-day's bulletin of the prison physician. At noon to-day she had fasted ninety hours.

The commissioner said it rested with the prison medical board to decide whether Mrs. Byrne would be fed forcibly if she persisted in refusing to eat.

14 Communities Outside of Harrisburg in C. of C.

The membership of the Harrisburg Chamber of Commerce is not only thoroughly representative of the city proper, but also of the various other communities in the section of central and southern Pennsylvania, a statement from the chamber to-day states. "The Harrisburg Chamber of Commerce has a large number of memberships of representative men and institutions in fourteen communities outside of Harrisburg," the statement reads. "The officers of the Chamber of Commerce do not believe that any other commercial association in Pennsylvania so represents its section of the State so well as the Harrisburg Chamber. Following are the cities that are represented by one or more of memberships in the Harrisburg Chamber of Commerce: Lemoyne, Camp Hill, New Cumberland, Carlisle, Chambersburg, Steelton, Highspire, Middletown, Hummelstown, Hershey, South Bethlehem, Newport, New Bloomfield and Jackson, Mich.

The out-of-town members maintain the closest relationship with the Harrisburg Chamber of Commerce and attend the different meetings regularly. The officers of the chamber feel that when out-of-town members are glad to come fifteen and as far as fifty miles to attend its meetings that the local members will appreciate the value of attendance.

KIDNEYS NEVER CAUSE BACKACHE

Rub pain, soreness and stiffness right out with "St. Jacobs Oil."

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and lumber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Oil" stops your pain at once. It is harmless and doesn't burn or discolor the skin. It's the only application to rub on weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.

northernmost sector of the Russian front, continues to show advances for the Germans, according to Berlin, which reports additional Russian positions gained on both sides of the river Aa, southwest of Riga, bordering the great Tirl marsh.

The fighting in this marshy region is made possible at this season by the freezing of the swamps. A Russian offensive early this month was taken to be aimed at Mitau, the German base south of Riga, but it failed of decisive result. The Germans now apparently have not only regained such ground as they lost, but are striking northward across the swampy ground in the direction of Riga.

Shell Coast of England
The Russians are offering strong resistance and delivered counter attacks on the east side of the Aa river. They failed, however, according to Berlin, which reports the capture of 500 prisoners during the day's fighting.

Operations in the other war areas have been of comparative unimportance. Minor attacks by the Rumanians in Western Moldavia have failed, Berlin says, as did also a Serbian attack in the Moglenica mountain region on the Macedonian front.

An attack on the Suffolk coast of England by a German vessel of small size, the identity of which was not made out, is reported from London. Only insignificant damage was caused by such shells as reached the shore, says the official statement, and there were no casualties.

Lieutenant George Gnyemer, the French aviator, by bringing an airplane down on the Somme front yesterday, destroyed his twenty-eighth machine.

NO CHANGE IN POLICY

Washington, Jan. 25.—Withdrawal of the American troops from Mexico forecasts no radical change in the policy of the United States toward Mexico. Secretary Lansing said to-day that the policy stated in President Wilson's Mobile speech of 1915 remains unchanged.

Lloyd George Soon to Call Premiers in Great Council of War

Ottawa, Jan. 26.—The following speech from London was received by the Reuter Telegram Company agency here:

"Premier David Lloyd George gave an important interview to-day on the subject of the forthcoming imperial war council to the London correspondent of the Australian United Cable Service. The prime minister said, in part:

"I do not wish to interfere in any way with the affairs of a great self-governing dominion, but we took the step of urgently inviting the dominions' premiers to lead in the war council, despite the fact that it might cause much inconvenience locally, because we desired their advice and assistance in coming to decisions about the conduct of the war and the negotiation of peace.

"Australia knows that I am no Jingo. My record contains no journeyings into flamboyant imperialism, yet I regard this council as marking the beginning of a new epoch in the history of the empire. The war has changed us, heaven knows. It has taught us more than we yet understand; it has opened a new age for us, and we want to go into that age together with our fellows overseas, just as we have come through the darkness together and shed our blood and treasure together.

"To Deal With War Questions
"The empire war council will deal with all general questions affecting the war. The prime ministers or their representatives will be temporary members of the war cabinet, and we propose to arrange that all matters of first-rate importance should be considered at a series of special meetings."
