Lead City Amateur Basketball League; Arrows Score First Victory

Tossers representing the Galahad Recreation Club last night tightened their grip on first place in the City Amateur League. In a match to decide a tie the Galahads won over Rosewood, score 23 to 15. Strong defensive work was a big factor in the victory. The game was played on the Armory floor and attracted a large crowd. This was the second victory for the Galahads over Rosewood and the Recreation boys are now looked upon as strong contenders for league honors.

Arrows Won First Victory

Baseball Schedule For Penn Means Long Season

Philadelphia, Feb. 7.—Twenty-five games have been arranged for the Penn varsity baseball team this spring. Announcement of the schedule was made at the monthly meeting of the board of directors of the athletic association held yesterday afternoon at the training house. The varsity schedule contains the same number of games as last season, with several changes. The cold weather last year forced Penn to cancel two of the early games. This season a later start will be made, the first game being scheduled for Wednesday, April 4, with Holy Cross at Franklin Field. Last season Penn opened up with the Navy at Annapolis on March 25 and lost by a score of 2 to 0. The schedule follows:

Table with columns: Date, Location, Opponent, Score. Lists games from April to June.

New Boxing Bill Calls For Some Changes in Commission

Albany, N. Y., Feb. 7.—A bill which would put the boxing commission back on the basis under which it operated before Fred Wenck and his conferees were appointed has been introduced by Senator John J. Dunningan, of the Bronx, a Democrat. Dunningan's bill proposes to abolish the present commission and create a new one, also of three members, to serve without compensation. The sum of \$5,000 is provided for all expenses of such a commission. At present the commissioners each receive \$3,000 a year, and the secretary gets a similar stipend. The Dunningan bill is similar to the original Frawley bill, which became a law and was amended by the Malone act, under which the present commission is operating. Under the original Frawley law the commissioners served without pay and \$5,000 a year was provided for the salary of secretary, office rent and other expenses. The Legislature is thoroughly opposed to Governor Whitman's proposition to repeal the boxing law and to enact no substitute. It is recognized that the bad administration of the duties of the commission has put the sport into disfavor. Under a commission of reputable men who would be willing to serve without pay the legislative friends of boxing feel that the sport will be rehabilitated.

TAMAQUA MAY GET BIRTH

Hazleton, Pa., Feb. 7.—It is probable that Tamaqua will take the place of Freeland in the Pennsylvania State Basketball League. Freeland is booked to drop out because of the poor showing of its team and the discouraging attendance. Tamaqua was in the circuit three years ago, but was considered too much out of the way for the Luzerne and Lackawanna county teams and was dropped. The town has a fast five and a large hall for games, and it is believed that league ball will be a paying proposition there.

ORPHEUM — To-night — "Mother Carey's Chickens." Saturday, matinee and night, February 10. "The White Raven" will offer "Mitzl in 'Pom-Pom'." Monday, matinee and night, February 12. "The Millionaire's Son and the Shop Girl." MAJESTIC — "The White Raven." COLONIAL — "The White Raven." REGENT — "The Victoria Cross." Mitzl, in "Pom-Pom" coming to the Orpheum Theater on Saturday, matinee and evening, February 10. "The Millionaire's Son and the Shop Girl" will offer "Mitzl in 'Pom-Pom'." Mitzl doesn't mind playing a boy, she is a girl. She does all sorts of things in trousers that a boy would do, from climbing a tree to climbing a wall. She must have had a deep study of the habits of the street gamins, because her imitation is so adorably perfect. As a denizen of the gallery observed, after watching her antics: "Geel! She's just like one of us!"

The latest melodramatic success, "The Millionaire's Son and the Shop Girl" will offer "Mitzl in 'Pom-Pom'." The "Millionaire's Son" is a play of the same old days, when a young man, who is a playboy, spends his evening of wholesome enjoyment at the theater, with no vice or sex problems to be discussed. The new play is a four acts, filled with action from the rise of the first curtain until its final fall. One of the most artistic offerings on the Majestic bill the first half of this week is the new play, "The Millionaire's Son and the Shop Girl." Dorothy De Schell and De Schell Company are presenting, at Majestic, the play "The Millionaire's Son and the Shop Girl." Both Miss De Schell and her partner possess an abundance of talent, with the result that they tell the story of the playlet in pleasing fashion. Four other acts of merit complete the bill. The first half of the week Paul Armstrong's powerful dramatic sketch, entitled "To Save One Girl," will be the reigning feature. Grouped around this attraction are Frank Milton and the De Long Sisters, in a comedy singing and dancing skit; Van Cello, in a novel foot juggling act; and one other act.

WED IN MARYLAND

Hagerstown, Md., Feb. 7.—Marriage licenses have been issued here to the following Pennsylvania couples: Leon W. Magill and Dorothy W. Taylor, both of Harrisburg; Carl D. McCarty and Martha F. Ross, of Lewisport; Walter E. Morrison, of Landisburg; and Fannie M. Keck, of Loysville.

Ethel Barrymore has the strongest role of her career in the new Metro play, "The White Raven," which was at the Colonial houses at the Colonial Theater yesterday and which will be seen for the last times to-day. The picture is filled with big moments and thrilling scenes, and the smashing climax comes as a big surprise. Ethel Barrymore is shown in the role of a dancehall girl of the Yukon, who, disgusted with her surroundings, sells herself in order to get back to civilization. The man who gets her free, claims her at a future date. The picture is one of the strongest plays ever presented at the Colonial, Thursday and Friday. Anita Stewart, the daintiest of Victoria's acts, will be the feature attraction in a Vitagraph Five Ribbon feature, "The Glory of Yolanda." How the great white flame of purity burned everlasting in the heart of a Russian dancing girl is told in a manner that will grip and hold you to the end. As an extra added attraction, Friday only, Francis X. Bushman and Beverly Bayne will be on the same program with the above picture, in their serial feature, "The Great Secret." The first episode is called "The Secret Seven."

"The Victoria Cross" from the play by Paul Potter, shown at the Regent to-day and to-morrow. The drama founded on the making of the Victoria Cross, the English act of gallantry during the Sepoy Regent rebellion. The picturesque atmosphere of India is pleasing both to the eye and to the imagination, and it has been visualized with great realism through the use of many elaborate sets representing both exteriors and interiors. PLAYERS AWAIT ACTION OF UNION

White Rats May Object; Hold Territorial Jurisdiction; Obstacles in Way

New York, Feb. 7.—Certain diplomatic moves, supposedly emanating from the throne room of David L. Fultz, president of the Baseball Players' Fraternity with a view to bringing the heads of organized baseball into a parity, gave an intimation to-day that the strike movement was not moving as smoothly as its advocates would have the general public believe. This suspicion was confirmed with the return to-day of Samuel Gompers, president of the American Federation of Labor. "The Baseball Players' Fraternity has not yet been granted a charter," said the big boss of unionism in reply to a pointblank question. "One has not yet been denied them," he supplemented. "Their application for a charter is still a matter of correspondence which may later be cleared up." Mr. Gompers would say no more. Bred from another power of unionism, who did not wish to have his identity disclosed, together with the voluntary contribution of one high in the executive counsel of the White Rats, the whole story came out. It can be set down here now and as unqualifiedly final that the Baseball Players' Fraternity will not be granted a charter by the American Federation of Labor. Why? Simply because the White Rats, an integral part of the federation, claims jurisdiction over the ball players and object to their being given a charter of their own. The White Rats are willing to allow the ball players to join their (the Rats) organization if they so desire. So far neither Fultz nor his flock has shown any ready disposition to take this step. It must be remembered, though, the players will be accepted into the ranks of the Rats as individuals, not as a class. The vaudevillians insist upon the rights of their own discrimination. The Rats defend their air of animosity through the claim that the ball player comes under the same heading as the performer; that baseball is an amusement just like a variety show.

White Rats Dictators

Jack Gold, of the Family Theater, Third and Harris streets, is going to share with the patrons of his house a little of the fortune of his uncle. Thursday evening, February 8, every one entering the Family Theater between 6 and 7:30 p. m. will be given a pay envelope containing U. S. money. The smallest coin to be given away will be five cents and the largest a \$5 goldpiece. One of the attractions which Mr. Gold has arranged for next week will be a marriage to be conducted in the theater on Tuesday evening, February 13, at which time C. E. Jones and Grace Adams, of this city, will be married. Mr. Gold's presents to the bride and groom will consist of the services of the minister, money and furniture. Patrons of the theater next Tuesday evening will enjoy the double treat of the regular program of the home organization, including this marriage. Mr. Gold announces that it is his intention to arrange benefits to fraternal organizations, hospitals, fire departments, charitable societies, from time to time in recognition of the grateful patronage that has been accorded him by the people of Harrisburg.

URSINUS TEAM TO PLAY HASSETTS

Hassetts five has booked a good attraction for to-morrow night. They will meet the Ursinus College quintet in a game to be played on Cathedral floor. The collegians have won a majority of their games this year against some of the strongest college teams of the East. They defeated the Hassetts at Collegeville a month ago, but since that time the Hassetts five has been considerably strengthened, and its games with Bucknell and Lebanon Valley have demonstrated that it will give Ursinus one of the hardest battles of its present season's schedule.

An Added Feature

An added feature of Thursday's bill will be the meeting of the Bowman and Company's girls' quintet with Baer and Company's girls' five of York. These two big department stores have organized teams for their female employees and in a practice fray last Monday evening with the Hassetts Girls' Division five, the Bowman's gave a very good exhibition of passing and shooting. It will be a real game—as the girls play the game—for almost all of the Bowman quintet have been affiliated with local grammar teams or associations. The first game will be called at 7:45 and finished before the start of the college contest. The probable line-up: Ursinus M. Gerdes, f. Wiest, f. P. Gerdes, f. Grove, f. Souther, c. Vedder, c. Other stars who have been making good are Boss, Orpheums; Buttorf, Alphas; Hias, Jolly Five; Basch, Jolly Five; Weber, Calumets; and Berkemeyer, Hovers.

There appears to be a hitch in the Folwell deal. The football committee at Penn has agreed on Folwell as coach. Yesterday after a three-hour session it was announced that no ratification of the selection had been made. It looks as if there are still some obstacles to overcome.

Major league magnates may not expect the war to interfere with the season's plans, but they are worrying about prospects. At the schedule committee meeting next week there will be more to do than fix dates. The strike is about off, so there is nothing to fear along that line. However, if war is declared, it is a question whether the game can be kept going at a profit.
