

BREAKS A COLD IN A HURRY

"Pape's Cold Compound" is pleasant and affords Instant Relief.

A dose taken every two hours until three doses are taken will end grippe misery and break up a cold.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drugstore. It acts with-out assistance, tastes nice, causes no inconvenience. Be sure you get the genuine. Don't accept something else.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh — Relief comes so quickly.

Fine for Backache and Rheumatism

Stiff Joints Loosen Up Like Magic — Lumbago Relieved Over Night

Earache, Headache, Toothache and Neuralgia also banished in a few minutes.

Just rub Mustarine on that sore, aching, almost breaking back. Don't be afraid to rub it on—it won't blister, but in five minutes you'll wonder where your backache has gone. You'll wonder why you never thought of Mustarine before.

Mustarine overcomes and entirely banishes so many ailments that no home can afford to be without it. Overnight you can conquer Chest Colds, Sore Throats, Stiff Neck, Lumbago, Rheumatic Pains and Neuralgia. You can also remove all agony from Sore Feet, Bunions and Callouses. Use it for Chills and all other ailments.

Druggists everywhere can supply you but be sure you get the original Mustarine in the yellow box—25 and 50 cents. Never sold in jars.

Get it at Clark's Medicine Store, Mail Order, Harrisburg, Pa., or at any of our branch stores.

MERCANT'S WIFE ADVISES HARRISBURG WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckwheat buns, sycamore, etc., as mixed in Adler-Ika. ONE SPOONFUL benefited me INSTANTLY." Because Adler-Ika empties BOTH large and small intestine it relieves ANY CASE of constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. H. C. Kennedy, druggist, 321 Market Street.

NO OBJECTION TO SPROUL INQUIRY IS RAISED IN HOUSE

Passes First Reading; Dimmers For Street Cars; Another Busy Week Ahead

No objections were raised to consideration of the Sproul resolution to probe government in Pennsylvania in the House this morning although the attendance was very slim. The bill was on first reading, having been reported out last evening and while there were rumors that a point of no quorum would be raised by administration men and the Democrats would join forces with them nothing occurred. The bill came up at the tail end of a long first reading calendar and was passed without a word being said.

The House in session only six minutes and when it adjourned Speaker Baldwin said that he expected there would be another busy week beginning Monday. The probe resolution will be on second reading in the House on Monday night, and if there is any fight to be made it will develop then.

Among the bills which appeared in the House this morning was one from Mr. Mangan, Allegheny, providing for repeal of the section of the act of 1913 creating the bureau of industrial fire, which prevent reports filed by employers from being used as evidence in compensation cases. The effect of this would be to make reports of manufacturers, railroads, mining companies and others available for such proceedings. The bill also repealed the clause which provides that reports filed with the bureau need not be duplicated to other departments.

Dimmers For Street Cars

Mr. Shunk, Erie, introduced a bill providing that all street cars must have dimmers on electric lights which must be turned down when approaching any vehicle and when within 500 feet of built-up portions. Violation of the act means a fine of \$5 for each offense.

Provision for an appropriation of \$16,000 to continue codification of laws by the Legislative Reference Bureau is provided in a bill introduced by Mr. Simpson, Allegheny.

The House considered only first reading bills.

Capitol Hill Notes

Elevated Application In.—The Public Service Commission, which today received the application of the city of Philadelphia for approval of the plans for the Gray's Ferry elevated line, will probably hear the application in Philadelphia next Wednesday when the Broad street subway and Frankford Elevated applications will be heard at City Hall. The application just filed covers from Thirtieth and Market to Thirtieth and Walnut over a private right of way to Gray's Ferry avenue to the city limits. The hearing to be held will be an important one as matters pertaining to leases may crop out.

Black's Company Complains.—The Atlantic Coal Company, of Meyersdale, Pa., which is the Pennsylvania branch of Black's Coal Company, has filed a complaint with the Public Service Commission against the Baltimore and Ohio railroad alleging that it refuses to furnish cars to the mine of the company which are unable to be operated because of the lack of means to haul away its product.

Approved.—The State Highway Department has approved the plans for the changes of State highways in Cambria county and will also send a representative to speak at the Ebensburg good roads meeting.

To Move Offices.—The offices now used by the secretary and chief and laws clerks of the Public Service Commission will be turned over to the Legislature for committee rooms tomorrow.

Merger Approved.—The merger of nine railroad companies in Pennsylvania just filed yesterday by the Public Service Commission, which controls and operates all of them, was approved by the Public Service Commission today.

MAY ACCOMPANY GERARD

Berlin, Feb. 7, via London, Feb. 8. — John B. Jackson, former United States minister to the Balkan states, who has been attached to the American embassy here, and Mrs. Jackson expect to go to Switzerland with the former Ambassador Gerard but have made no further plans.

TWO ON DAUNTLESS KILLED

Paris, Feb. 8. — Six men of the crew of the British vessel *Danholm* were picked up after she was torpedoed by a German submarine, the survivors announced today. Two members of the crew were killed and the captain seriously wounded.

Neuralgia, Neuritis, Sciatica, Etc. CURED

Free Trial of a New Method That Cures by Removing the Cause. Send No Money.

We've a new method that cures Neuralgia, Neuritis, Rheumatism, Sciatica, Migraine, Neuralgia, Tic Douloureux, etc., and we want you to try it at our expense. No matter how great your pain, how terrible the torture you endure from diseased nerves, our method will bring prompt and blessed relief. No matter whether your case is occasional or chronic, nor what your age or occupation, this method should cure you right in your home.

The Muihall Method does not contain a drop of morphine, opium, chloral, cocaine, acetamide, or any narcotic whatsoever. It provides a nerve food that cures by removing the cause. It is especially adapted to send to those so-called "incurable" cases that have tried all the various doctors, dopes, sanitariums, "topaths," etc., without relief. We want to show every one at our own expense that this method will end at once and for all time, all those tortures and twinges of almost unbearable pain that are present in Neuralgia, Neuritis, Sciatica, Migraine, Tic Douloureux, Neuralgia and other nerve diseases. This free offer is too important to neglect a single day. Write now and begin the cure at once. Address Muihall Co., Room 735, Brisbane Bldg., Buffalo, N. Y.

INTERNED GERMAN LINERS WILL BE SEIZED IN CASE OF WAR

German ships worth many million dollars have been interned in New York harbor since the war began. Should the United States go to war with Germany these will be seized. This photograph, taken the day the German note was received, shows the immense *Vaterland*, the largest ship in the world, in her Hoboken, N. J., pier protected all about by lighters and tugs so she can hardly be seen. It will be noted smoke is issuing from her smokestack.

WAR WILL FOLLOW LOSS OF AMERICAN LIFE

(Continued From First Page.)

Until all the facts are established beyond question, the President is not expected to indicate whether he considers that the California case presents an issue demanding action. In his address to Congress Saturday, the President said he would come again before that body to ask authority to take further steps "if American ships and American lives should in fact be sacrificed."

So far as is known, no American was lost on the California, and no American ships have been sunk without warning since Germany announced her new campaign.

Senate Endorses Break

Every effort was made today to clear up the details of the liner's destination, but preparations went steadily forward in every branch of the government to make the country ready for whatever the decision may be.

The Senate's endorsement of the break with Germany was given yesterday by adoption of the Stone resolution, by a vote of 78 to 5.

American ship owners today had official notice from the State Department that it could not advise them whether their vessels should sail through the war zone, but that in general they still held the same right to go anywhere as they had before the issuance of the new German submarine notice. In effect, they were told they might arm their ships for defensive purposes.

Secretary McClellan announced increases ranging from 125 to 900 per cent. on war risk insurance for shipping, issued by a Federal bureau.

The United States Government felt assured today of the moral support of most neutrals in the protest against Germany's course, although it appeared improbable that any would follow the lead of this country and break relations. Preliminary reports of the neutrals' replies to the German indicated they would denounce the new sea warfare.

McCumber Wants Views of Government on German Use of Submarines

Washington, Feb. 8. — Senator McCumber, Republican, of North Dakota, produced a resolution today to have the Secretary of State, if compatible with public interest, submit to the Senate the government's view of the limitations on the use of the submarine demanded by this government from Germany as set forth in the diplomatic correspondence.

"I think it is not clear just what we hold the limitation of the submarine to be in this war," said he. "As it was on this subject that we severed relations with Germany, we ought to know as accurately as possible just what the government deems to be an infringement of international law to the end that we may avoid a conflict if possible, and that other nations may be put on their guard as to what we believe to be a gross abuse of these submarine craft."

The resolution was not discussed but may be called up to-morrow.

The resolution asks for the views of the use of the submarine:

"Against belligerent merchant vessels carrying contraband without notice where the death of passengers or crew does not result.

"In respect to American vessels carrying mails to belligerent countries.

"In respect to any other acts of submarine warfare which this government holds to be clearly against international law and cause for war, to the end that not only the American people but also any belligerent nation may fully understand what acts of submarine warfare may involve this country in the present world conflict."

GERARD, CONSULS AND SAILORS ARE HELD

(Continued From First Page.)

Yarrowdale, are said to have been detained as hostages.

An Exchange Telegraph dispatch from Copenhagen gives the same report regarding the detention of Americans in Germany and that Ambassador Gerard is not permitted to send telegrams in code.

Washington, Feb. 8. — Ambassador Gerard's American embassy at Berlin American sailors brought in on the prize ship *Yarrowdale* are being held in Germany until assurances have been received from here as to the safe departure of Count Von Bernstorff and the German consuls and the safety of German warbound ships in this country.

It was said at the State Department today that sensational reports have become current in Germany that the German ships here have been confiscated and their crews seized. Pending confirmation Germany has detained the Americans.

Officials here are inclined to minimize the importance of the detention because they believe the Germans have arisen from a misunderstanding and soon will be straightened out.

It has been officially announced that there is no intention of taking the German ships. Moreover dispatches have been conveyed to Germany through the Spanish embassy as to the general attitude of former German officials in this country and their receipt is expected to clarify greatly any misconception in Germany as to America's attitude.

The whole policy of the State Department is to proceed with the strictest regularity in order to afford absolutely no ground for offense. The United States will be extremely punctilious and place the whole responsibility of a more serious development upon Germany.

Probably 150 Americans are affected in the American embassy at Berlin and the twenty-two consulates in Germany, the four in Belgium and the one at Warsaw. There are 101 American citizens among the consulates, ten among the regular embassy staff and at least twenty among the forty other clerks and attaches at the embassy.

Mr. Willard said that the impression that Gerard was at Berne had been due to a telegraph mistake. The dispatch should have been dated "Berlin, via Berne" instead of "Berne."

No Americans Out of Germany Since Break

Copenhagen, Feb. 7, via London, Feb. 8. — Not a single American has arrived in Copenhagen from Berlin since the breaking off of diplomatic relations between Germany and the United States.

Reginald Foster, agent in Germany of the Rockefeller Fund, was expected to arrive here Monday night, having reserved accommodations here by telegraph. He had not reached Copenhagen late last night and no further word has been received from him.

Dispatches reporting that Germany is holding Mr. Gerard and all Americans in Germany as hostages for the safe return of Count von Bernstorff and a large number of Germans eclipsed all other news in the London evening papers today. Talk in the streets soon became focussed on possible resultant developments.

The American embassy here is without confirmatory advice regarding the detention of Mr. Gerard, but some anxiety was manifested and it was learned the embassy had telegraphed to American diplomats in all states adjacent to Germany for information as to Mr. Gerard's plans.

The general opinion here was that there probably would be no insuperable objections on the part of the Allies to the granting of a safe conduct to Count von Bernstorff, but that it was unlikely any such safe conduct would be extended to a considerable number of Germans, whether officials or civilians.

CALIFORNIA SUNK WITHOUT WARNING

(Continued From First Page.)

other little children apparently saved.

Miss Annie Forbes, Toronto, American Aboard Saved

Wesley G. Frost, American consul at Queenstown has cabled the State Department that the California was torpedoed without warning and that one American known to be on board was saved. Some of the passengers, according to Consul Frost, are missing, including two women and several children.

The survivors were landed at Queenstown last night. John A. Lee, of Montgomery, Ala., said to be the only American on board, is supposed to have been a member of the crew.

Mr. Frost's message said that Captain John L. Henderson of the California, was quoted as saying that his ship was sunk by a submarine, which gave no hail or warning before firing two torpedoes from a distance of three hundred yards.

A message received by the Anchor Line says:

"Advices indicate one hundred and sixty survivors."

The agents were also informed that a cable dispatch from Queenstown said that one life had been lost and that forty persons had been injured.

Man Lurking Around Interned Ships Arrested

New York, Feb. 8. — A man lurking in the shadows on the American Line pier where the steamships *St. Louis*, *St. Paul* and *Lafayette* are berthed was arrested today and said he was Joseph Lellar, 57 years old, a German marine fireman, formerly employed on the Hamburg-American liner *Pennsylvania*, interned at Hoboken.

American Line officials, anxious because of Lellar's presence on their property, lined up the entire crews of the steamships to give the man an opportunity to prove his claim that he spent last evening in company with some of the *St. Louis* sailors. As Lellar walked up and down the line every sailor denied he knew him. Lellar was taken to police headquarters on a charge of unlawful entry.

ESPAGNE REACHES NEW YORK

New York, Feb. 8. — The French Line steamship *Espagne* arrived here today with 167 passengers, including Americans. She left Bordeaux on January 28 and passed through the submarine zone before the new German naval policy was put into effect. The officers refused to tell the route followed or whether any war vessels were sighted. Among the passengers was Elliott Cowdin, of Tuxedo, N. Y., a young American aviator, who has fought many battles over the French front.

California Sinks Nine Minutes After Torpedoes Tear Into Her Vitals

London, Feb. 8. — The Central News says the California sank nine minutes after she was torpedoed.

According to the Exchange Telegraph Company nearly 50 passengers or members of the crew are reported missing. The Central News says 28 of the missing are members of the crews. The burser is reported to have been killed.

The Central News says the California's lifeboats on the port side were launched and that some of the passengers and crew were able to get away in them. A few who fell into the water were rescued. There was no panic and although a number of passengers were injured all acted in a calm and courageous manner. After being in the boats a short time they were picked up by a steamship and landed last evening. The purser's body was brought to land.

The California was armed for defense but did not have an opportunity to use her guns, as no submarine was seen.

There were pathetic scenes at the quay side where the survivors were landed. Many were only scantily clothed for such severe weather. Nurses and doctors were waiting to care for the injured, who were removed to hotels or hospitals.

Germans Well on Way Toward Their Goal of Million Tons a Month

Washington, D. C., Feb. 8. — Lloyds report for the third day of Germany's new submarine campaign shows that

GERMAN SHIPS IN NEW YORK HARBOR GUARDED BY POLICE

An hour after the German note was given out for publication the police of New York City were called on to protect five big German liners which have been interned at their piers in the Hudson river since the war began. This photograph shows the police guarding the Prinz Eitel Friedrich and the Konig Wilhelm II. It was suspected that the police were on guard to prevent any attempt of the ships to leave port in the night as much as to protect them from attack.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her— That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

NEGLECT IS OFTEN FATAL

Many Colds Lead to Pneumonia and Serious Lung Trouble

How to Avoid the Danger

Colds are always dangerous. Sometimes when they are simply "let alone" they will wear off, but more often they develop into serious throat and lung troubles which often result fatally. The time to treat a cold is at the beginning; the best way to treat it is to begin taking Father John's Medicine at once because Father John's Medicine soothes and heals the breathing passages, drives out the disease germs and relieves the cold in the natural way. It is safe for every member of the family to take because it does not contain alcohol or dangerous drugs in any form.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is thick with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

\$5000 FOR LOSS OF SIGHT

If old established, reputable insurance companies will insure you against the loss of vision in one or both eyes, for almost any amount up into the thousands of dollars, it proves how valuable eyesight is rated by big business concerns in dollars and cents. Yet some people are so narrow in considering their own interests that they will risk ruining their eyes, with cheap misty eye glasses or the sake of "saving" a dollar or even less.

You don't have to pay exorbitant prices — not even high prices for the "right kind of glasses." I will make a thorough examination of your eyes and after determining to a certainty just the kind of lenses you need, will fit them in strong, substantial mountings and the cost of the examination and the eye glasses put together, will be as low as any other reputable optometrist would charge — and your eyes will be insured in a practical way against the injury that haphazard or incompetent service would bring about.
