Everyone is aware that there has been a Universal increase in the price of Shoes. The advance in the cost of leather and other materials entering into the construction of Shoes has compelled all shoe manufacturers to advance their prices accordingly—there was no alternative!

### HOWEVER

### AWAIT THE COMING OF "STORY LADY" ON FEBRUARY 22

Miss Corbett's Free Story Hour For Children and Lecture in Evening

Everyone interested in the art of story telling given so much prominence nowadays will be glad to know that Lucile Corbett, of Pittsburgh, is coming to this city Saturday, February 17, to lecture before the Story Telling Club in the evening and give an afternoon free story hour to the children of the city. Both meetings will be held in the auditorium of the Tech school building. Miss Corbett is a writer of most delightful tales. Her characters are the common things that every child knows and so are as real to the children as are fairies. And fairies are more real to children than actual people are. In the evening Miss Corbett will give a short talk on "The Art of Story Telling" giving a group of Japanese tales in costume, a fairy story, a group of her own stories and others by modern writers to illustrate the points in the talk. At the close she will be glad to answer any questions from the audience. The Story Telling League deserves much credit for bringing to the city once or twice a year lecturers who are the finest of their kind in this line of culture and work.

**Combing Won't Rid Head of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this to-night and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

### To Avoid Dandruff

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair. Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic fluid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is zemo, for it is safe and also inexpensive. The E. W. Ross Co., Cleveland, O.
