## SHIMMELL CENTER TO HAVE CHARGE OF BIG BUILDING

One of the first big steps toward the development of county center work in the public schools has been started by Dr. F. E. Downes, city superintendent, who yesterday at a meeting of the building committee, submitted a resolution to turn the L. S. Shimmell building over to an organization to be known as the Shimmell Community Center Association.

with the by-laws and constitution of the new organization, and will be submitted to the School Board to-morrow afternoon for final action. The by-laws and constitution will then be submitted to the Shimmell Association for final approval.

It is the plan if present arrangements are carried out to turn the building over to the association entirely for community work. The Shimmell Association will be given charge and held responsible for the use of the building out of school hours, the School Board reserving the right at any time to revoke the privilege, which will only be granted for the remainder of the present school year, to try out the system.

All other organizations desiring the use of the building for any purpose must apply to the Shimmell Association, according to present plans. This organization is to be composed of responsible citizens in the Allison Hill district.

## ROTARY NIGHT AT AUTO SHOW

Records Again Broken For Attendance; Big Crowds Expected Out "Society Night"

A CALL FOR BEAU BRUMMEL, WELL—THAT'S ME.

R.C. BARRET, SEC OF SHOW COMM.

Of the eight annual automobile shows held in Harrisburg, the one now in progress is undoubtedly the most successful, both from the amount of business done by the exhibitors and in attendance. Each night this week has been a record-breaker and last night, which was known as Rotary Night, was no exception. The attendance far surpassed any previous night in the history of the local association. Every Rotarian in Harrisburg and vicinity apparently, was on hand last night and with him were his friends—Rotarians as a rule being well supplied with friends. A special musical program was arranged by the Show Committee in charge of affairs. C. A. Moffitt and Mrs. Moffitt sang a duet and were compelled by the enthusiastic applause to respond to an encore.

To-morrow night will be known as Society Night, and it is expected many of Harrisburg's elite will be in attendance. The exhibitors, of whom there are 42

## INSTANT ACTION SURPRISES MANY HERE

This grocer's story surprises local people: "I had had stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. ONE SPOONFUL astonished me with its INSTANT action." Because Adler-I-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach, or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. H. C. Kennedy, druggist, 321 Market street.

Temple, spoke on Abraham Lincoln, at the weekly story-telling hour of the congregation, held yesterday afternoon. Pupils of Miss Myers' class, of the Camp Curtin school building, were guests at the lecture.

### A THOROUGHbred

Quality is the hallmark of Chevrolet motor cars. Neither completeness nor refinement is sacrificed to make the selling prices—low as they are.

There is no need of changes and additional parts—supplementary springs, special wheels, hoods, radiators, etc.—to give a Chevrolet the appearance, comfort, and performance abilities of a real automobile.

These qualities are bred in the Chevrolet—conceived in its design; carried out in its construction; and proven by its performance in the service of over 160,000 satisfied owners. Chevrolet owners experience a real pride of ownership.

Chevrolet quality cars are built in two chassis models, the "Four-Ninety," equipped, electric starting and lighting, \$550. Roadster type, \$535; Sedan, \$625, and the "Baby Grand," a large, powerful touring car, at \$800. Royal Mail Roadster, \$800. These prices are F. O. B. Flint, Mich.
