

PENFIELD WILL RETURN TO POST Relations With Germany's Ally Not Severed by Temporary Recall

Ambassador to Austria is recalled by President Wilson For Conference

Vienna, March 31, via London, April 2.—The American ambassador, Frederick C. Penfield, confirmed today the impression here that he expects to return to Vienna as quickly as possible from his forthcoming visit to Washington. He said he might be gone for three months. His residence here will be kept open.

The Ambassador and Mrs. Penfield will depart on Wednesday or Thursday.

The news of Mr. Penfield's impending departure made a great stir here but the first impression was offset by a statement from the Ambassador to the press that his trip to Washington was to be made on account of President Wilson's wishes to consult him in regard to the present situation in Europe. The State Department's message to Mr. Penfield says that during his absence Joseph C. Grew, counselor of the embassy will be in charge. Mr. Grew is well acquainted with the situation in Vienna, where he has many friends in diplomatic circles.

At the Foreign Office it was learned that no significance was attached to Mr. Penfield's visit to Washington other than that given by the ambassador himself. Mr. Penfield has not been in the best of health recently, as he is suffering from the strain of the work incident to representing most of the entente powers here.

MAY BEAR PEACE MESSAGE London, April 2.—The recent interview with Count Czernin, the Austro-Hungarian foreign minister in which he declared that the proposal of the Central Empires for a peace conference still held good, is considered by the Berlin Socialist newspaper Vorwarts as "almost a peace offer" says a Central News dispatch from Amsterdam today.

The newspaper, it is added, believes that the impending visit to America of the American ambassador at Vienna, Frederic C. Penfield, is not altogether unconnected with Count Czernin's statement.

Mr. Cattell's address to the school children of Philadelphia on Saturday afternoon was lauded as one of the greatest patriotic addresses ever made in that city.

Tickets for the balance of the seating capacity of the hall will be given out under the direction of a special committee. The tickets will be mailed out to-morrow. GUARDSMEN COMING TO PROTECT BRIDGES

on all bridges, he was not in a position to say what companies would be placed on duty in Harrisburg and vicinity. Captain Barclay said it would require more than a regiment to take care of the Philadelphia division property.

In addition to the soldiers there will be 250 special railroad officers on guard at shops, terminals and railroad terminals. Of this number 115 will be regular men now on duty. The new men are being detailed from shop employees, clerical forces and other departments. The men will be selected according to their ability. Lucknow shops will furnish 50 men.

The men will be assigned to special duty between Mechanicsville and Fifty-second street, Philadelphia. They will be provided with quarters. Where it is possible the shops will be used as barracks. At some points commissaries and sleeping cars will be located. The cots and equipment provided some time ago when a strike was feared will be used in the barracks and at stations.

In addition to this extra police force a regiment of soldiers will be assigned to duty on the Philadelphia division. Reports to-day said the First regiment would be sent as guards for Pennsylvania railroad property. This is not official. Captain Barclay was of the opinion that soldiers from Pennsylvania would guard duty here.
