

GERMAN PRESS IS BITTER OVER WAR

President Wilson Attacked For Upholding American Rights

Berlin, April 4, via London, April 5.—Bitter personal attacks on President Wilson and the reputation of the distinction he drew between the German people and their government feature the comments of the German newspapers on the President's message to Congress.

The Lokai Anzeiger says: "America must know that the assurance of President Wilson that the war is directed not against the German people, but the German government, cannot detract from the anger which his attitude during the whole war has fostered and which his last message has fanned into a bright flame. For this assurance is untrue and dishonest, as all the rest of the document from the first word to the last. Mr. Wilson knows that no war in all history was so little dynamic and none so much a war of a whole people fighting for existence as this one, which was forced on Germany by a circle of enemies in all parts of the world whose hate was born of envy."

Germany says: "President Wilson wanted war and nobody can get past that. History will never go beyond that point and history will judge the more severely because it can be said today that war over such questions would have been impossible at any other time, especially between the United States and Germany. We were at war with only one or other of our enemies. President Wilson would never have conceived the idea of pulling his country into such a bloody adventure. But the obvious side of a war which is based on such a weak foundation is the fact that it comes from a man who has so far set himself up as a sort of moral judge who felt called to bring the world to eternal peace. Even to-day no country is worse fitted for such a role than the United States. As little as Italy and Rumania could turn the scales against us, so little will the United States be able to change the tide of war."

Sees Bad Faith The Vossische Zeitung says: "Those who have so far doubted the bad faith of President Wilson will know better when they read the malicious distortion of truth which forms the chief contents of his message. His attempt to set up a difference between the German government and the German people is as perfidious and as absurd as his claim that the German kaiser started the war for dynastic reasons and that the German war party sponsored it for conquest. This is contrary to President Wilson's own knowledge and merely for the purpose of agitation, obviously in line with his British principles."

MOTOR CLUB MEETING The board of governors of the Motor Club of Harrisburg will meet tomorrow evening at 109 South Second street.

AMERICANS OFFER AID FROM LONDON

Propose to Aid Government in Any Demands Made For War

London, April 5.—A meeting of Americans resident or sojourning in London was held in Queen's Hall to endorse the action of President Wilson and the American Senate in declaring that a state of war exists between the United States and Germany. Oscar H. Baldwin, president of the American Society, presided and moved the following resolution:

"We American citizens resident or sojourning in Great Britain, assembled here at the call of the American Society in London, desire to place on record our profound satisfaction with the unqualified approval of the momentous decision that has been taken by our President and government in declaring that a state of war exists between the United States and Germany. In no other way could the honor and dignity of our flag and country be maintained and our national self-respect be preserved.

To Aid Government "We tender our fervent and enthusiastic co-operation to our government and our whole-hearted support and assistance in any demand that may be made upon us. We urge most strenuously that our government and our people should render the most effective aid possible to the Allies in the vigorous prosecution of the war which is being waged for the freedom of mankind and the triumph of liberty and justice.

We consider it an inestimable privilege to assist to the utmost of our power the peoples of those great nations who count no sacrifice too great to insure to posterity an everlasting and world-wide peace."

West End Democrats Back Wilson in Resolution Commending President Wilson's course in asking Congress to declare a state of war existing between this country and Germany, members of the West End Democratic Association last night unanimously adopted a resolution to this effect. In it they pledged moral, physical and financial support.

The resolution was offered by John H. Maloney, president of the organization, and a few moments later the entire association approved it. A copy will be sent to Washington.

WOODMEN ELECT DELEGATES Members of the Dauphin county camps of Modern Woodmen of America yesterday elected delegates and alternates to the State convention to be held in Bradford, May 2. Those elected are: George W. Warden, E. A. Miller, Harry D. Reel, J. Ed. Murray and George P. Satchell; Mr. Satchell was elected chairman at the organization meeting, preceding the election; alternates are: A. A. Herr, George B. Neberger, E. E. Fry, Charles E. Rea and John A. Brown.

TENDER FAREWELL TO MISSIONARIES

Dr. and Mrs. R. A. Welsh Appointed by Evangelical Board of Missions to Hunan District

Farewell services were held last evening in the Harris Street United Evangelical Church for Dr. and Mrs. R. A. Welsh, of Battle Creek, Mich., who were appointed missionaries to Hunan, China, by the executive committee of the board of missions meeting held at the United Evangelical Publishing House yesterday afternoon.

To Sail for China Dr. and Mrs. Welsh were formerly members of the Methodist Episcopal Church. Dr. Welsh is a graduate of a college in Chicago. They will sail for China April 28.

The Rev. H. B. Hartzler, president of the board of missions, presided and addresses were delivered by the Rev. George Ott, editor of the Evangelische Zeitschrift; the Rev. B. H. Niebel, corresponding secretary of the board of missions, Penbrook, and the Rev. I. R. Dunlap, a missionary to China, who is home on a furlough. Mrs. Guss M. Steinmetz rendered a vocal solo. Among others who participated in the program were Bishop W. M. Stanford and the Rev. A. E. Hangen, pastor of Park Street United Evangelical Church.

Dry Victories Will Pass Referendum on Liquor

Milwaukee, Wis., April 5.—The result of the wet and dry elections throughout the State Tuesday virtually assures the passage by the State Senate of the referendum bill which would submit to the voters in 1918 the question of State-wide prohibition. The bill has already been passed by the assembly, and will come up in the Senate this week.

The upper house has been waiting to see what the people would do with the local option question. While Superior, which has been dry for two years, returned to the wet column as a result of Tuesday's voting, Madison, the State capital, and home city of Assemblyman Elyue, author of the referendum bill, has gone dry.

In the other cities and towns throughout the State, late returns show that the dries scored a big victory. Many of the villages and towns that were dry remained so, while others that were wet went dry. Fewer than fifteen dry towns return to the wet column.

VIRGIN ISLANDS' GARRISON Washington, April 5.—Two hundred and fifteen United States marines from Haiti and Santo Domingo have been landed in the Virgin Islands, formerly the Danish West Indies, to form the first United States garrison in this newly acquired island possession.

ARCHITECTS YIELD TO OPEN AIR CULT

Revolution in Dwelling House Plans Due to Demand For Outdoor Sleeping Quarters

New York, April 4.—"A revolution in the architecture of modern dwelling houses has been effected by the popular demand for open air sleeping quarters," said Dr. Phillip P. Jacobs, assistant secretary of the National Association for the Study and Prevention of Tuberculosis, which has just issued a new pamphlet for popular distribution on "Sleeping and Sitting in the Open Air."

"Real estate men tell me that a sleeping porch is now one of their chief selling points. Even apartment houses are being thus equipped." For tenement dwellers, who most need fresh air sleeping accommodations and who frequently have to live in quarters where they are not available, this pamphlet aims to show them how, for a very little expense, they can attach a perfectly satisfactory sleeping-porch to any dwelling.

The booklet contains drawings of many fresh suggestions for inexpensive sleeping-porches, so explained that they may be easily used as plans for amateur carpenters. Suggestions are given for attaching sleeping porches that can be adjusted to any width and can be moved if the family changes quarters. These can be made or purchased at prices ranging from five dollars to less than one hundred dollars. The simplest form merely calls for a small platform and awning so that the bed can be projected through a window.

For tenement dwellers an inexpensive roof shack of light wood or sheet-iron is shown. Cheaper yet is a simple wall tent for a projecting roof. Fire escapes are also shown. Still less expensive is the window tent, home-made or purchased ready-made for five dollars and upwards. A detached cottage with an ordinary porch may be made effective with only a cheap curtain.

The pamphlet makes many suggestions for making outdoor sleepers comfortable, such as providing hoods, paper-blankets, fly screens and sleeping-bags.

A well-known authority is quoted as saying that a man out of doors is exposed to 100 times more fresh air than can be obtained in the best ventilated room. According to the experts, any sufferer from tuberculosis who can find room in the open-air sanatorium, may take advantage of this knowledge of open air treatment in his own home with good chance for recovery.

This pamphlet may be secured free by addressing the National Association for the Study and Prevention of Tuberculosis, 105 East Twenty-second street, New York City, or from local or State anti-tuberculosis societies and boards of health.

NATION PLANS TO MARSHAL ITS FOOD

To Speed Up Production

able men are devoting their time to the problem and the Secretary is placing the information before the Council of National Defense of which he is a member. Recently he appointed Dr. B. T. Galloway, who had resigned as assistant Secretary of Agriculture to become dean of the New York College of Agriculture as the chairman of the departmental committee to consider war-time food supplies. This committee is going into every detail of preparing the feeding of the nation.

An inquiry was made by the Bureau of Crop Estimates recently among state agents of the department to report immediately on the relative supplies of foodstuffs in the various states, whether they are short or plentiful and all other information helpful in taking stock of the country's food resources. This information has been coming to the committee appointed by Secretary Houston.

Efforts to have farmers devote greater acreages to certain food crops and speeding up production are being made by the department. Assistant Secretary Vrooman is devoting much time to that part of the problem.

Announcement of the first estimate of the winter wheat crop to be issued Saturday is awaited with interest in view of the reports that much of the acreage planted last autumn was large but conditions through the winter have been such that it is said the abandonment will be larger than usual. The average abandonment is about ten per cent. Last autumn 40,000,000 acres were planted and probably half a billion bushels will be harvested.

GREAT CROSSES TO BLAZE FORTH

Ministers Laud Step

The structures from which the illuminated crosses will be seen are the Bell Telephone Building and the Union Trust Building in Market Square the Kunkel Building at the corner of Third and Market streets and the HARRISBURG TELEGRAPH building. The crosses will blaze from 8 to 10 o'clock.

Many favorable comments on the plan were made to-day by ministers and businessmen of the city. It was the opinion of all that it would bring forcibly to the people the significance of Good Friday. The plan was suggested by the HARRISBURG TELEGRAPH.

This Greek Dance Was Just a Little Too Much

Kansas City, April 4.—A tall stranger, who admitted "he was much in liquor," sang an Irish melody as he walked into the Wyandotte county treasurer's office. Miss Kate L. Cowick, county treasurer, and Miss Grace Wallace, an assistant, were alone in the room.

Inside, the stranger illustrated his song with a few steps, paused and inquired of the women what was their favorite dance.

"We like the Greek dances," they said. The man locked the door and prepared to furnish the entertainment. First of all he took his hat, then his coat, then his shirt.

"Heavens," said the women as they broke through the door. "When the Court House attaches 'assisted' him out of the office he answered: 'Just a few fanishy steps!'"

PUBLICITY "How did King Solomon get the reputation of being so wise?" "Well, you see he had a very great number of wives; and every woman does her best to brag about what a smart man her husband is."—Washington Star.

New Hair Remover Gets Roots and All

Here's the greatest thing for hair-disfigured womankind that has happened in a hundred years! A way to actually remove the roots of superfluous hair—easily, instantly, and harmlessly! A method that does away forever with shaving, electrolysis, and the application of preparations which merely take off the surface hair. The new pelachene process is so certain to remove the hair entire, roots and all, that druggists are authorized to refund the price in any case of dissatisfaction. There's no odor or mussiness about pelachene, and it is entirely non-poisonous—a child could safely eat it. Get a stick of pelachene today, follow the simple directions, and you will have the surprise of your life. With your own eyes you will see the roots come out.

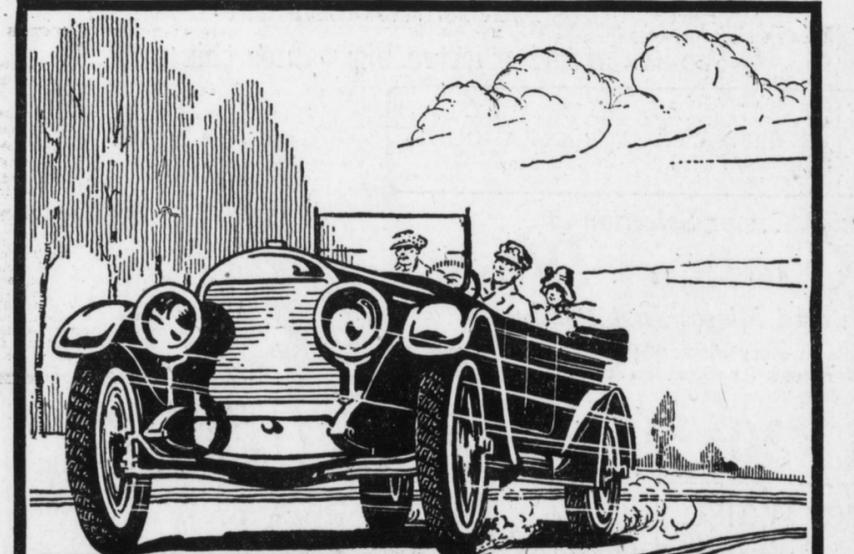

Easter Requirements Are Best Filled Here

Complete Stocks of Beautiful Spring Merchandise Await Inspection Here—Greater in Value and Lower in Price than You'll Expect to Find

The Question of the Hour The Easter Hat And there is no place in Harrisburg where the problem may be so economically and satisfactorily solved—for you know the advantages of selecting millinery where varieties are greatest. Hosts of Pretty Models in the Most Desired Colors are to be seen here, in which you are sure to find just that style that will prove most becoming to your particular type. To describe the wonderful varieties in our enormous collection is impossible—shapes are so varied—combinations and trimmings so different, and all smart and original. And all are to be had here at Lower Than Elsewhere Prices
