

BUCK RAMSEY TO WEAR HARRISBURG UNIFORM THIS SEASON--AMUSEMENT GOSSIP

JIM THORPE HAS ONE MORE CHANCE

New York, April 6.—Jim Thorpe, the famous Indian athlete, is receiving his last chance to make good as a major league player. Thorpe is with the Giants and is eager to prove that he belongs in fast company. He played with the Milwaukee American Association club last year and in 143 games he had a batting average of .274. Incidentally Thorpe knocked out ten home runs and led the circuit in stolen bases, with 48 to his credit. Thorpe will have a hard time to crowd himself into the Giants' outfield. Burns, Kauff and Robertson look like fixtures. McGraw also has Jack Murray and George Kelly to be used in case of accidents. But if Thorpe can hit the ball as he did last year he will be selected as an outfielder substitute for Murrey. Kelly will be retained as a substitute first baseman.

JESS WILLARD TO BECOME SOLDIER

Chicago, April 6.—Jess Willard, world's champion heavyweight pugilist, who, in the opinion of his ring opponents is "an army in himself," yesterday sent the following telegram to President Wilson:

"I will fight; when do you want me?"

Immediately after Willard's patriotic offer became known in Chicago,

stolen bases, with 48 to his credit. Thorpe will have a hard time to crowd himself into the Giants' outfield. Burns, Kauff and Robertson look like fixtures. McGraw also has Jack Murray and George Kelly to be used in case of accidents. But if Thorpe can hit the ball as he did last year he will be selected as an outfielder substitute for Murrey. Kelly will be retained as a substitute first baseman.

SURPRISES IN D-C TOURNAMENT

Melvor Team Takes Lead From Banks Rollers by Winning Two Games

The lead in the Dauphin-Cumberland duckpin tournament has changed hands three times since the opening of the tournament two weeks ago. The third change came last night when the Melvor combination sprung a surprise by taking the Banks team into camp in two out of three games, thereby forcing it into second place. The Melvor team now leads with an average of .778, having won seven and lost two games. The contest was rolled on the Parthmore alleys, in New Cumberland.

All Matches Close

All the matches in the tournament were close last night and several other form reversals took place. The O'Leary team advanced several points in the standing by taking two of three games from the Fickes team on the Lemoine

alleys. The work of Captain O'Leary was a big factor in the victory for his team, he making a score of 386 pins, a total of 65 points more than his nearest competitor.

The Owen team took the first two games from the Myers rollers on the Academy alleys, but in the final game the Myers team came back strong and won by a close margin. The Bentz and Palmer teams clashed on the Taylor alleys and the former took two of the three games. The summaries:

Bits From Sportland

A call has been issued to candidates for the Keener A. C. baseball team, for to-morrow afternoon on the grounds at Sixth and Division streets. R. H. Bowman, manager of the team, will put a strong combination on the field and would like to arrange games with strong amateur teams. Address all communications to him at 639 Oxford street, city.

According to an announcement made yesterday a game has been arranged between the E. R. R. Motive Power and the Rosewood A. C. basketball teams, to be played on the Motive Power floor next Wednesday night. There will be dancing after the game.

H. E. Prevost, Harrisburg, has been appointed field manager of the Newport team, of the Dauphin-Perry County League and he will take up his new duties within the next week. D. B. Taylor, Newport, is assistant manager.

There is a wealth of candidates ready to respond to the call of Coach Eugene Miller, of the Bethlehem Steel Company team at Steelton. Dick Nebinger, Steelton, a former major league star, will no doubt be one of the candidates.

"BUCK" RAMSEY SIGNS CONTRACT

Will Work With Senators; May Be Utility Man on Team; Cockill to Wear Uniform

"BUCK" RAMSEY
Local baseball fans were in high gear last night over the announcement that "Buck" Ramsey would wear a Harrisburg uniform. He signed up with Manager George Cockill yesterday. "Buck" is popular with the local fans, and he also likes Harrisburg. There is another reason why Ramsey came here. Mrs. Ramsey's former home is at Mechanicsburg and she hopes to be able to recover from a recent illness in a healthy country district.

"Buck" looks good and says he has an arm on him that will bring results this season. He is a good man to play with any team, as this player can fill any position except catcher. He is a good utility man and has been strong in outfield work and at the bat.

Was Employed at Milton
Ramsey has been working at Milton in the munition plant. He was an inspector for the British Government. He worked in the same plant with Manager George Cockill, who was employed by the company. During Tri-State days when Ramsey played against Harrisburg he was always feared.

Another announcement made by Manager Cockill yesterday that brought favorable comment was his decision to get into uniform. Whether he will be a regular is not certain, but there will be times when the local manager will give his efforts to win a game.

Some Timely Facts For Trapshooting Enthusiasts

It is always in season. It is not a proxy sport. Twelve cities have municipal traps. There are thirty trapshooting leagues. It is the fastest growing sport in the world. It is featured with golf by the pleasure resorts. Seven hundred and thirty-nine trapshooting leagues were formed last year. More than 150 yacht, country, golf and motor clubs installed trapshooting equipment in 1916. Twelve thousand men and women participated in the beginners' day tournaments last year. It is approved by the railroads and industrial establishments as the best means of recreation. There were less than 500 clubs six years ago—there are more than 4,500 to-day. There were less than 100,000 trapshooters six years ago—there are nearly 600,000 to-day. More than \$4,000,000 has been invested in trapshooting—more money than in any other outdoor sport excepting golf. It is the King of Sports.

PAPER MILLS SHUT DOWN

London, April 6.—Although several of the largest paper mills in England have been forced to shut down because the government stopped the importation of pulpwood, many others have managed to keep going by utilizing grass which they obtain from Scotland, the Pindans and India. Printing paper and note paper are being made from grass mixed with other materials. The cheapest fiber is obtained from rags which are no longer exported. Rag cuttings are now worth \$110 a ton, which is still below the cost of wood pulp, now selling for \$150 a ton. It was \$40 a ton before the war.

RUSS PRICES VARY

Petrograd, April 6.—While prices of foodstuffs have soared in Petrograd and Moscow to undreamed-of heights, figures obtained from towns in Eastern Siberia, where immense quantities of foodstuffs have been lying for months, show that prices in these out-of-the-way centers were never so low. In some Siberian markets towns the best meat can be obtained for about three cents a pound. Butter is 20 cents a pound, eggs are nine cents a dozen, and wheat fetches about one cent a pound.

CUT PASSENGER TRAFFIC

Copenhagen, April 6.—Passenger traffic on the State railways of Denmark has been reduced one-third, in order to economize coal. With the same object, the government plans to prohibit the export of cement because of the large amount of coal used in its production. Heavy restrictions are also to be placed on the output of the paper mills, and the size of newspapers is to be still further reduced.

REPEATED SKETCH

Marysville, Pa., April 6.—The Marysville High School Literary Society repeated its sketch, "Fun on the Podunk Limited," in the High School room last evening.

WELLY'S CORNER

When it comes to real boosting there is no stronger display of enthusiasm than that shown by a bunch of rail-rodgers. One week from to-morrow the annual System Athletic Meet will be held at Baltimore. Harrisburg will have a few entries in the indoor events. There will also be 2,000 rooters from this city, a band and a glee club. Do not overlook Harrisburg.

Some managers are lucky. George White, of Reading, is one of those fellows with horseshoes. He makes the announcement that the Cincinnati Reds will not need Paul Gerner, the pitcher, and the latter will be back in the New York State League. Rochester is also blessed with outfielders and Babbington returns to Wiltse.

Bert Niehoff, of the Phils, is no longer a holdout. He got his price. He will get \$4,000, according to reports.

This includes the \$500 bonus he asked for. Mike O'Neill will lose Ray Evans, the classy infielder. Evans, according to reports, will quit the game and take charge of shoe repairing business.

Ty Cobb regrets his trouble with Herzog and will quit the Tigers training camp and train with Cincinnati Reds. He does not care to meet any of the New York players again this season. Hughey Jennings is anxious to prevent trouble and will give Cobb permission to train elsewhere.

Baseball starts at Steelton to-morrow. The St. Mary's team, one of last season's winning aggregations, will play a game with the second team. St. Mary's A. C. will be in evidence again this year as Manager Zerance has a bunch of good boys signed up.

BULLY BEEF NO MORE

London, April 6.—A new army ration to replace the familiar "bully beef" has been issued to a large section of the home armies in Great Britain. It is known officially as "beef brawn," and resembles in appearance the familiar pressed beef. A sausage ration has proved a great success in another section of the home armies, and arrangements are being made to increase its use, while further large issues of Canadian fish and home-grown rabbits have been ordered, replacing imported cold-storage beef.

TO SCRAP GOEBEN

Geneva, April 6.—Dispatches from Constantinople state that German naval engineers appointed to examine the battle-cruiser Goeben with a view to putting her in seaworthy condition, have handed in a report recommending that she be scrapped.

ENGLISH HAVE MANY DOGS
London, April 6.—An unofficial estimate of the number of domestic animals in various European countries shows that Great Britain possesses more dogs than any other nation. The number of British dogs is given as slightly over 4,000,000, as compared with 2,800,000 in France and 1,100,000 in Germany.

BRING BACK ARTISANS
Liverpool, April 6.—A dozen well-known labor leaders from Liverpool are now visiting military camps throughout England selecting skilled workers of various types who will be brought back to Liverpool and other industrial centers where they are urgently needed on war work.

Jimmy Hickman.

Brooklyn, N. Y., April 6.—Jimmy Hickman, one of the Brooklyn Dodgers' spring recruits, is a comfort and solace to Manager Wilbert Robinson. At a time when Robby was worried by the behavior of Casey Stengel, who seemed reluctant to appear for the season, young Hickman came along to show that the Dodgers' outfield need not be disrupted after all. Whether or not Stengel is in the game, the Robins' outfield will probably perform creditably all through the season. It is not meant that young Hickman will completely fill Stengel's shoes, by any means, but this kid from the North Carolina league has shown so much more class than was expected of him that he will be sure to give excellent outfield service as a utility man or as a regular performer.

Pittsburgh, Pa., April 6.—Jimmy Callahan, Pirate manager, has already begun to swing the ax and to cut away some of the recruit material that seems to show small promise. A number are being retained, however, as it has been Cal's hope to build up the team with young players who seem to have the latent stuff, and one of the brightest prospects he is keeping is Warren Adams, the young first sacker secured by Pittsburgh from Brooklyn after some little trouble.

Adams looks to be the right man to fill the first base hole in the Pirate line-up. With Adams on first, Bill Hinchman will be free for outfield duty, where Pirate fans are most pleased to see him perform. Though Hinchman is a wonder at bat, he never seems to look so good while playing first as he does in the outfield, and his regular appearance in the outfield all through the season will cheer the local rooters.

WOMEN ON STREET CARS

London, April 6.—Of the 2,500 women conductors on the London street cars and omnibuses, nearly half were formerly in domestic service. About one-fourth were formerly shop clerks or office workers. One hundred and fifty new women conductors are now being employed weekly.

Before You Pay \$5-\$6 or \$7 for Shoes—Read This

WHEN you start out to buy a new pair of shoes for Easter, you will find that prices have advanced enormously everywhere, and that one must pay almost DOUBLE last year's prices.

This is due to the scarcity of leather and its consequent high cost. There is no relief in sight in the price situation—in fact every indication points to further heavy advances in the near future.

But before you pay \$5, \$6 or \$7 a pair for shoes, READ EVERY WORD OF THIS, for it points the way OUT of paying such prices for the present at least.

We are probably the largest producers of popular-priced shoes in the world. Our output through our 257 stores throughout the United States by far exceeds three million pairs a year.

Realizing that prices were due for a big advance, we made our contracts in 1915 and 1916 sufficiently large enough to see us through until the middle of 1917. As a result of our foresight, we escaped the penalty which others paid for waiting, and as a consequence we are able to give our customers the SAME REMARKABLE VALUE as we ALWAYS gave them.

Tomorrow our windows will reveal a display of fashions and values for EASTER that absolutely surpasses any exhibit of the kind we have ever shown. You will see

Shoes Worth \$3.50 for \$2.50
Shoes Worth \$4.00 for \$2.95
Shoes Worth \$5.50 for \$3.50

238 styles are here for your choosing—ranging through all the variations of style and leather combinations now in vogue

By all means see this wonderful display before you buy anywhere—and if you can afford to buy TWO pairs, by all means do so—for the NEXT time you buy, perhaps prices will be much higher. Come tomorrow and save \$1 to \$2 by your enterprise.
