

FINAL STEPS FOR CAR TERMINAL TO BE TAKEN SOON

Officials Will Introduce Ordinance Providing For New Tracks

After many months of careful consideration, final steps for the erection of a terminal at River and Walnut streets for the Valley Railways company cars, will be taken soon it is believed.

Would Relieve Congestion

Tentative plans for the big improvement which will relieve much of the car congestion at Second and Walnut streets, Market Square and indirectly relieve traffic at Third and Market and at Third and Walnut streets, were approved last evening at a meeting of the City Commissioners, City Planning Commission members and representatives of the Valley Railways Company.

The program of the Valley company including double-tracking Walnut street and the terminal construction, when completed, will reduce the number of cars parking Second and Walnut streets, and going to Market Square, as all 'cross river cars will use the loop which is to be placed inside the terminal in Walnut street.

First Step of Program

This will give the city officials the first real opportunity to effectively arrange for elimination of other traffic troubles which have developed in the downtown district. In the survey of the Harrisburg Railways company lines it is understood that a report is made by the experts mention will be probably made of probable steps in solving some of these difficulties.

While the question of providing for the terminal and agreeing on plans is practically settled with the exception of formal action in Council and the beginning of construction work, nothing will be done, it is understood, in connection with the proposed erection of a new bridge across the river at Walnut street, until the present program is under way.

Within a few days a conference on the Capitol Park extension plans and arrangements for city transit lines will probably be held by representatives of the Harrisburg Railways Company, City Planning Commission, Bion J. Arnold and J. R. Bibbins, car survey experts, Warren H. Manning and A. W. Brunner, park experts who are planning the park development.

Recently a resume of the park program was sent to Mr. Bibbins who supervised the car survey in the city. In one report on this work these plans will be given consideration in the recommendations for service improvement.

W. C. T. U. INSTITUTE

The Dauphin County Women's Christian Temperance Union will hold an institute in the Linglestown Church of God Thursday, Sessions will be held in the morning, afternoon and evening.

WILL PASS EXEMPTIONS AFTER DRAWINGS FOR ARMY

Washington, May 28.—Regulations to govern exemption under the selective draft are being worked out by Provost Marshal General Crowder with a number of prominent lawyers. It is probable that the jury wheel system will be followed in drawing those to go into the first army of 50,000.

Each Individual Drawn Reports, his claims for exemption will be passed upon, and if he is exempted, another will be drawn to fill the vacancy.

ANTI-CONSCRIPTION TRACTS FLOOD LUZERNE COUNTY

Wilkes-Barre, Pa., May 28.—Sections of Luzerne county were flooded last night with copies of Champ Clark's speech against conscription. The pamphlets were placed under the doors of homes, in shops and factories. Sheriff George Buss started an investigation to-day and expects to make arrests.

GERMANY HAS A NEW FOE

Paris, May 29.—The Republic of Tavorla, the world's smallest nation, has declared war on Germany and Austria. The new adversary of the Teutonic powers is a small island situated northeast of Cardinia. It is about five miles long by three wide and rises abruptly out of the sea to an altitude of half a mile. Tavorla was known to the Romans as Buena and was famed for its pearl fisheries. Until 1882 it was an absolute monarchy, the last sovereign being Paul I. Upon his death a revolution made the island a republic, under the protection of Italy. The republic has a president, who is elected for a term of ten years. Women have been given the right to vote. One of Tavorla's fishing boats having been blown up by a mine, the republic declared war.

AWARD CONTRACT FOR RIPPAPING FOR COMPLETE PLANS FOR FILLING UP TO BAUMGARTNER 8TH REGIMENT

Council Accepts Bid of 95 Cts. Per Square Yard; to Start Work at Once

The contract for rippaping the river slopes from Calder to Maclay streets, was awarded to-day by Council, to Frank Baumgartner at his bid of 95 cents a square yard.

While Commissioner E. Z. Gross, of the Park Department, could not attend the session because of the injuries he suffered in a recent auto accident, the proposals of each bidder were submitted with a recommendation that the contract should be awarded.

Work on rippaping will probably be started Thursday morning. While there is only \$3,500 in the park improvement fund for the work, it is understood Council will probably appropriate a sufficient sum from the general fund to provide enough money to complete this important work. As soon as the ramps are placed and the work finished, Assistant Park Commissioner Forrer will begin planting the slopes and in the soil pockets which will be constructed.

To Repair Bleachers

Because City Building Inspector James H. Grove declared the bleachers and grandstand at the baseball grounds on Island Park must be repaired, an ordinance was introduced to-day at Council appropriating \$600 for this work.

Mayor Miller presented an ordinance awarding the contract to furnish a patrol for the city police department at a cost of \$2,500 to the International Motor Company. Commissioner Dunkle was authorized to act on the appeal from the Associated Aid Societies asking for an appropriation for the ice fund for the city.

At the informal conference of Council yesterday on the sewage disposal orders received from State Health Commissioner Samuel G. Dixon, the question was submitted to City Solicitor John E. Fox.

Eby Memorial Fountain Unveiled; Gift to City in Honor of Late Mayor

City officials late this afternoon attended the ceremonies for the unveiling of the memorial fountain presented to the city by Miss Fanny M. Eby, in honor of her brother, the late ex-Mayor Maurice C. Eby. The program opened with prayer by the Rev. Dr. Ellis N. Krenner, of Reformed Salem Church, which was followed by the singing of "America" by a male quartet. John Fox Weiss made the presentation address and city officials replied. The ceremonies closed with singing "The Star Spangled Banner," and the benediction by the Rev. Dr. Krenner.

The Food Administrator

Milk, when warm, is an ideal cultural medium for bacteria. Keep milk clean. You can keep it clean only by keeping it covered so that the bacteria and molds from the air will not get into it.

Keep your milk bottles covered either with caps or by placing glasses over them. Keep them covered in the refrigerator and in the kitchen or dining room.

Never pour milk into an unsterile bowl or pitcher. Scald all vessels into which milk is poured for keeping or serving. Cool these utensils after scalding before you put milk into them.

Before you open a bottle of milk, wash and wipe the outside of the cap with water and a clean cloth. The little depression at the top of the cap, which may contain dust or water, which may be carried into the milk, will not get into it.

Clean Empty Bottles Finally, clean empty bottles thoroughly with cold water every milk bottle, as soon as emptied, and then wash with hot water. This helps your milkman to give you clean milk.

Never take milk bottles into a sick room. If you have an infectious or contagious disease in your home, boil the milk bottles and do not return them without the express sanction of your health officer or attendant.

Don't Throw Out Skim Milk Clean skim milk is a valuable food, containing all the nourishing elements of whole milk excepting fat or cream. It is useful in cooking cereals, soups, sauces, cocoa, etc., and is a palatable, nourishing beverage.

Sour milk and buttermilk can be used with soda in making hot breads, or sour milk can be easily turned into cottage cheese, or clabber. Sour cream is a good shortening for cakes and cookies and is useful for salad dressings and gravies for meat.

The U. S. Department of Agriculture will be glad to send you additional information about the care and use of milk.

WHY MEN OF CONSCRIPTION AGE SHOULD ENLIST IN GUARD

An officer of one of the local companies to-day said: "There are a number of reasons why men should enlist at once in the local companies, among them being these:

- 1. They are with men from their own city and locality.
2. When they enlist they know the kind of service they are going into, whereas if they wait till conscription becomes effective they may be put into the navy, marine corps, aviation corps, or some branch of the service other than the one they would care to serve in.
3. If they do not know any one in either of the local companies at the present time then get some of their friends and enlist together and be assured of having friends.
4. When they go out with one of the local companies they will be kept together for the period of service—there will be no breaking up of crowds that enlist together as will be the case if they enlist in any other way.
5. By enlisting in these companies, where at least half of the men are well drilled, men have a better chance of learning rapidly and thus do away with many long hours of training. Much can be learned from observing the older men.
6. The chances of promotion are better.
7. Serving with men who know how to overcome many of the hardships incident to service in the field and who know how to guard against disease and preserve the health of the organization. The medical record of the local companies in the eight months' service just completed on the border argues well for them in that respect.
8. Most important of all in the years to come they will be known by the regiment they served in. It will mean something to a man then if he can say when asked what regiment he served in, that it was in the Eighth Pennsylvania, and not in THE NATIONAL ARMY as the conscript army will be known.
Get in touch with one of the officers of the local companies TO-DAY and have them explain to you just what it means—then you will enlist.

U.S. WAR EXPERTS FEAR BIG DRIVE

Look For Hindenburg to Strike at France in a Short Time

Washington, May 29.—War department officers expect a tremendous drive against the French lines in the immediate future. Germany's sole chance of winning the war is to crush France before the United States can get adequate forces ready to afford any real assistance.

The government has come into possession of information all tending to arouse anxiety and indicating that Germany is planning a great movement within the next six weeks.

Information has come to the War Department that Germany has an army of one million men who have never been in the trenches, but have been subjected to intensive training, and are ready for active service.

Among the recruits were Edward A. Glassmeyer, 406 South Cameron street, Charles W. Glass, 1186 Bailey street, Frank Garunds, from Carlisle, Valona, Russia and Earl Herbert, from Marysville, born in Kerry, Ireland.

CHARGED WITH HOLDUP

Charles Jones was arrested last evening by Sergeant Eisenberger and Patrolman Owen charged with being implicated in the robbery of W. H. Shank at Walnut and Cowden. Shank was not in a condition to fully explain just how he lost his money, but nevertheless is confident he is at least six dollars shorter than when he strolled into that section of the city.

ASSAULT SOUTH

Simon Ulrich, 69 North 16th street, has brought suit against Raymond Heagy, 237 Cumberland street, for assault and battery. The case will be heard this evening before Alderman James B. DeShong.

COMMITTED TO JAIL

Charged with desertion and non-support, Jacob Freysinger was committed to jail by Alderman DeShong last evening. His wife who lives at 224 Susquehanna street, will appear against him this evening at the hearing.

Plattsburg Commandant

Plattsburg, N. Y., May 29.—The Plattsburg commandant, Lieutenant Colonel Paul A. Wolf, is expected to arrive in Harrisburg to-day to take up his duties at the Officers Training Camp at Gettysburg.

Further plans for the intensive campaign for Liberty Loan subscriptions were made this morning at a conference with E. J. Hockenbury, campaign manager; Donald McCormick, chairman of the executive committee; Victor Lecoq, chairman of the bondmen, and the four recently appointed division commanders. The commanders are J. William Bowman, A. E. Buchanan, Henderson Gilbert and John F. Sweeney.

GOVERNOR SENDS MORE FROM CITY INSTRUCTIONS TO CITY REGISTRARS

Orders Already Carried Out; Points to Remember in Enrolling

Instructions have already been received by Mayor Charles A. Miller, chairman of the city draft-registration board, signed by Governor Brumbaugh, to prepare for action after the registration is completed on June 5.

While the orders submitted by Governor Brumbaugh have already been carried out in Harrisburg, it is understood they were given with a view to prevent any delay in completing the draft work and picking the men for the first call.

The communication from the Governor follows: "For conscription purposes and independent of your registration duties proceed at once to divide your city into sub-divisions of approximately 30,000 population in each. Having in mind not to divide any precincts, ward or other political unit of government, state or local. The census indicates that you should have three sub-divisions as nearly equal in population as you can having in mind above requirements.

"Send me by quick mail the units of government or ward or wards included in each sub-division, numbering them one, two, etc. Give me the approximate population of each sub-division and indicate the sub-division in which each of you reside."

To accommodate a number of persons employed in the city who will be unable to call during the day at the office of City Clerk R. Ross Seaman, and register, so that their blanks can be sent to points outside the county where they reside, the office will be open this evening from 8 to 10 o'clock.

A meeting of the city registration board and the members of the ward sub-boards to arrange all minor details for the work next week, will be held on Friday evening in the City Council Chamber, Next Tuesday, when the draft roll will be taken by the City Clerk's office will be open from 7 o'clock in the morning until midnight.

Registrars Sworn In City Clerk Seaman presided last night at the meeting of all city registrars in Court Room No. 2, giving them complete instructions and distributing all necessary blanks. The men were sworn in by Alderman George A. Hoover.

Not only registration places will be in a saloon. Changes were announced as follows: Seventh ward, Second precinct Globe hotel, Sixth ward, Cumberland street, Tarkenton, Shanon's office, 1102 North Seventh; Third ward, Second precinct, Central hotel, to Bowman's cigar store, 5th ward, Second precinct, Tarkenton, First precinct, Washington hotel, to 412 Market street; Second precinct, Mt. Pleasant hotel, to Stephen's restaurant, 1012 North Seventh; Third precinct, Paxton hotel, to J. R. Lymie plumbing shop, 1016 Market street; Eighth ward, Second precinct, Frye hotel to Shammo street, 608 State street.

The following additions to the list of registrars already published, were announced: Second precinct, Second ward, Richard B. Adams, 1025 North Cameron street; Fourth precinct, Eighth ward, David C. Burris, 622 Primrose street; First precinct, Thirteenth ward, 231 North Sixth street; First precinct, Seventh ward, William Gorman, 613 Boas street; Third precinct, Tenth ward, R. A. Wild, 231 North Sixth street; Third precinct, Eleventh ward, W. H. Dieffenender, 1846 Green street; First precinct, Twelfth ward, James A. Porter, 141 North Fourth street.

In the county practically every registrar has received instructions from Sheriff W. W. Caldwell, who is seeing each one in person, to remember the Seven Points to Remember. The War Department has issued a memorandum emphasizing the seven principal points to be remembered, particularly by men between the ages of 21 and 30 inclusive, who will be required to register. The memorandum follows:

- 1.—There is only ONE day for registration, June 5, 1917.
2.—Every male resident of the United States who has reached his twenty-first birthday on or before his thirty-first birthday MUST register on the day set, June 5, 1917.
3.—The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the observer corps, the coast and geodetic survey, the national guard and national guard reserve, recognized by the Militia Bureau of the War Department; the navy, the marine corps, the coast and geodetic survey, the naval militia, the naval reserve force, the marine corps reserve and the national naval volunteers, recognized by the Navy Department.

Public Duty

Registration is distinct from draft. No matter what just claim you have for exemption, you must register. Registration is a public DUTY. For those not responsive to the sense of duty, the penalty of imprisonment, not fine, is provided in the draft act.

Those who through sickness shall be unable to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person, or delivered by his agent, to the registrar of his home precinct. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.

Any person who expects to be absent from his home precinct on registration day should apply as soon as practicable for a registration card to the county clerk of the county where he may be staying or if he is in a city over 30,000, to the city clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should mail this card to the registrar of his home voting precinct so that it will reach that official by registration day. A self-addressed stamped envelope should be enclosed with the card to ensure the return to the absentee of a registration certificate.

Registration booths will be open from 7 a. m. to 9 p. m. on registration day, June 5, 1917.

WILL ORGANIZE LIBERTY LOAN TEAMS THURSDAY

Captains to Select Men For Intensive Campaign at Dinner

Further plans for the intensive campaign for Liberty Loan subscriptions were made this morning at a conference with E. J. Hockenbury, campaign manager; Donald McCormick, chairman of the executive committee; Victor Lecoq, chairman of the bondmen, and the four recently appointed division commanders. The commanders are J. William Bowman, A. E. Buchanan, Henderson Gilbert and John F. Sweeney.

Each of the division commanders will appoint five captains who will in turn select eleven men to compose the respective teams. The final selection of the men for the teams will be made Thursday morning at 10 o'clock in the Board of Trade building, when the captains will again meet for a conference.

The first general meeting of all the men of the teams will be a dinner at the Board of Trade, Wednesday evening, June 6. At noon of each of the successive days the teams will get together for a luncheon. The first meeting on Thursday will be addressed by Frank A. Vanderlip, prior to his evening address. At this meeting only the committee and bankers of the Harrisburg Clearing House Association will be present.

Need Volunteers Officials of the campaign this morning again emphasized the need of volunteer workmen at the Board of Trade building during the campaign. The headquarters opened their morning and several stenographers are now engaged in the compilation of the list of 10,000 names to be given the salesmen on the first day of the intensive campaign. The filing of the names and the compilation of the necessary data will require at least six clerks working day and evening. Arrangements will be made for the volunteers that those who are regularly employed may work in the evenings.

J. S. Brisman, sales agent of the National Biscuit Company, this morning received notice saying the company had bought Liberty Bonds to the extent of half-million dollars.

Great Britain Stakes Last Dollar on War

Ottawa, May 29.—Arthur James Balfour, British minister of foreign affairs, and head of the mission sent to America, in an address before the two houses of the Canadian Parliament declared that the British Empire had "staked its last dollar on democracy" and that if democracy failed England and her possessions would be "bankrupt indeed."

There has been a vacancy in the Hungarian premiership since May 23 when Count Stephen Tisza, Austria-Hungary's "Iron man" and leader of the pro-German party in the monarchy, resigned his post. Differences with the throne over franchise reform measures were assigned as a reason for the resignation. Count Tisza's proposals were understood to be narrower in scope than those which the monarch favored.

ELECTION PLACE BILL PASSES

By a vote of 111 to 11 the House passed the Black bill forbidding holding elections in rooms where liquor is sold.

FRENCH LINER SUNK

New York, May 29.—The French line steamship Meuse was torpedoed and sunk on Thursday last while en route for Havre. The Meuse, a freighter of 4,075 tons, left New York May 2 with a war cargo. She carried no passengers.

BUY MANY BONDS

Pittsburgh, May 29.—The Oliver Iron and Steel Company and associated interests have subscribed \$1,527,000 to the Liberty Loan.

PRISON LABOR BILL PASSES

The House passed finally the bill providing that prisoners may be employed on highways and farms, requiring counties to bear cost of transporting insane prisoners and regulating costs in cases of escape prisoners.
