

Germans Are Urged to Go Barefooted

Washington, July 6.—The State Department has received a cablegram announcing that the City Council of Zittau, Germany, is urging the entire population to go barefooted in order to harden their feet to be prepared for the winter ordeal when there will be no shoes. The pupils of Wuerzburger started the shoeless style June 28.

Another message received by the department says that sixty per cent. of the milk cows in many districts have been killed for meat, so that there is a great shortage of dairy products.

A third message indicates that the German government is selling the former homes of dispossessed Frenchmen in Alsace-Lorraine.

BILIOUSNESS AND CONSTIPATION BANISHED FOREVER

Prompt Relief — Quick, Permanent Cure.

The habit of taking strong purgatives such as Sulfate of Magnesia, Calomel, etc., should be abandoned, says authority, since they only afford temporary relief by forcing the bowels to move, such drastic purges eventually produce biliousness and are only justified in extreme cases owing to the tendency they create towards chronic constipation. Your bowels should move at least once every day without the use of such artificial stimulants.

If sufferers would only take a few doses of a purely herbal remedy that is now being placed on the market under the name of Lebanon Herb Tablets, they would soon cease to worry. These tablets act gently and firmly on both liver and kidneys and so strengthen the stomach and bowels that they can do their work without the aid of medicines.

Long War Is Certain

Sec. Lane Announces

Chautauqua, N. Y., July 6.—There is no early end of the war in sight, Franklin K. Lane, Secretary of the Interior, wrote in a message to the Speakers' Training Camp for Patriotic Education.

"The United States," Mr. Lane wrote, "will be a nation in arms for an indefinite time, and the Cabinet has no delusions that the way to peace will be easy."

Every preparation is being made, he said, for complete mobilization of the nation's resources with the determination that no matter how long it takes victory must be accomplished.

SOME MYSTERY IN RIVER CASE

Identity of Owner of Clothing Found in Boat Near West Shore Is Unknown

Wormleysburg, Pa., July 6.—The owner of a set of man's clothing found in a boat floating down the west shore of the Susquehanna river directly across from this borough yesterday afternoon, has not called for the clothing. It is believed the occupant of the rowboat was drowned while in swimming.

The boat was found floating down the river by Howard Huber, of this place, who was working on the river for McCreath Brothers. He with several other workmen secured a rowboat and followed the craft down the river to the Cumberland Valley railroad bridge where they overtook it.

In the boat was found a hat, shirt, trousers, \$3.11 in money, a brass check issued by the Central Iron and Steel Company to its workmen, No. 236, and a boat check with the name of John Pall.

According to a story of Huber this morning, he saw a man undressing in the boat. He later saw him jump in the river and from his actions he judged he was not a very good swimmer. His attention was taken to his work and when he looked again the man had disappeared and the boat was floating some distance down the river.

A. P. Dintaman said this morning

MAKE YOURSELF STRONGER

People with strong constitutions escape many minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect and sleep undisturbed?

How far do you come from this description and have you ever made an earnest effort to strengthen your constitution, to build up your system to ward off disease and discomfort?

Everyone cannot have perfect health but unless you have an organic disease it is generally possible to improve your physical condition by attention to the rules of health, the first of which is to keep the blood built up.

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitation, color returns to cheeks and lips.

Nothing more is needed except sunlight, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for booklets on the blood and diet. Your own druggist sells Dr. Williams' Pink Pills.

NATIONAL TREASURER LINN HERE

The current issue of the latter contains an interesting story by H. J. Babb, of this city, also a number of interesting pictures.
