P. G. Diener "He Sells Diamonds"

A Reserve Pair of Glasses

You are much more likely to lose or break your glasses in summer. The accident usually spoils a day of fun or happens on a pleasure or business trip at the most inopportune time.

Diener can take the prescription from the glasses you have. It takes but a minute to measure them. Have that done to-day. If you bought them here, order the extra pair by phone. Your prescription is on file.

This Special Announcement Brings an Exceptional Opportunity to All Subscribers to This Paper

Here is something that will be of real interest to YOU—something that will immensely profit you in an educational, healthful and economical way. The management of this paper has made special arrangements with The Lincoln Correspondence Schools, Inc., of New York City, a leading educational institution, by which subscribers to this paper can receive a thorough, practical education in any one of the following home-study courses:

- Physical and Beauty Culture
Millinery—Sewing and Plain Dressmaking
Cookery—Home Management—Etiquette

These courses were prepared by expert authorities known the world over because of their unquestionable ability as teachers and authors. You will have the opportunity of learning what years of study and practical experience have taught them. YOU will have the opportunity of studying the most practical lessons of their kind that have ever been prepared.

Whether you are a woman of the home or a woman engaged in business, there is some one of these courses fitted to your exact needs and requirements. These courses teach what you need to know and master in the scientific management of the home, the science of knowing how to do your own sewing and plain dressmaking and save at least two-thirds of the expense required to hire a dressmaker, how easy it is to make your own attractive and becoming headwear at a great saving of expense, how the proper care of the body develops a graceful figure and the science of having perfect skin and beautiful complexion and many other scientifically prepared subjects, all of which will give broad, practical knowledge in these everyday essentials.

Profit by the Experience of Others These courses were prepared for the busy woman who has no time to devote to unnecessary things and who only has time to apply herself to undertakings that will benefit her in a thoroughly practical way. Each lesson deals with facts, formulas and methods only, all of which are based upon the experience and practice of teaching thousands of students in every part of the world. This special offer is only for a limited time, so act quickly while the opportunity is YOURS.
