

EVERY GOVERNOR WILL HAVE A TREE

[Continued From First Page.] The gem of the park at Third and State streets, will be preserved. In place of the trees which have had to be removed the last few years, those wrecked by storms and the list marked for taking out, there will be planted strong, healthy Pennsylvania trees.

Governor to Lead Governor Brumbaugh will plant the tree for William Penn. The location will be in front of the State Capitol and a hardy tree worthy of the man for whom it will be named will be chosen. Lieutenant-Governor McClain will be asked to plant the tree for the first governor named by Penn and other state officials will plant other trees named for governors. The list will be made up by State Librarian Thomas Lynch Montgomery.

"My idea of observing Arbor Day this year is to mark the beginning of the new government of our Capitol Park," said the Governor. "We must plant numerous trees and have suggested that the trees might be named for the men who have governed Pennsylvania in the past. Secretary Ball, who as chief of the bureau of city property, arranged several notable tree planting ceremonies in the parks of Philadelphia, will work out the details with Superintendent of Public Grounds and Buildings Shreiner. It is planned to have the ceremony on Monday morning and to make it a formal affair, in keeping with the day and the start of the Capitol work.

City to Have Observance Commissioner Gross' offer to sell at a nominal figure the surplus trees suitable for planting in the city's nurseries has been taken by quite a number of people and the offer will enable a city observance as well. In all probability one of the trees from the nursery will be offered to the state for planting in the Capitol Park in the name of the municipality of Harrisburg.

From what was learned to-day the Arbor Day observance will be the most elaborate ever known in Harrisburg.

PERSONAL AND SOCIAL NEWS

SPANISH GROWS IN POPULARITY

Many Listed in Association Classes; Lessons Begin Tuesday at Y. W. C. A.

Due to the growing popularity of the Spanish language, the Y. W. C. A. schedule is providing fifteen Spanish recitation periods a week for beginners, in addition to the four previously announced for advanced students. Mrs. Melvin Menges will teach the classes, which begin this Tuesday.

The members of both the Y. W. C. A. and the Y. M. C. A. classes are entitled to membership in the Harrisburg Spanish Club. As Spanish is second only to English in the countries of our own side of the world, which the war is bringing into closer relationship, it has taken a permanent place in the educational regime of our country. Since the introduction of the language among the association members four years ago, there has been a remarkable growth in this department. The general secretary, Miss Ella M. Stitt, the president, Mrs. John W. Rely, and the educational secretary, Miss M. Caroline Weiss are to be commended for their foresight at that time, before the attention of the general public was called to it.
