FARMERS MAY RAISE PRICE OF MILK TO RETAILERS It will go the retail price of milk if the dairymen of Dauphin and Cumberland counties carry out the plans which are to be acted upon next Thursday night when they meet in the Franklin hotel at Mechanicsburg. Two hundred members of the Dairymen's League have just about decided that they must order an increase in the wholesale price of milk, and final action is to be taken at this approaching meeting. The result will in all probability be that the retail price per quart, now fixed at 10 cents, will be advanced. High cost of dairy food is the reason given by the wholesale dealers for this necessity. The dairymen say that the present price of six cents a quart which the retailer now pays is not enough to reimburse the farmer even for feed, not to speak of time and labor.

GETTYSBURG BARS MECHANICSBURG ARE OPEN AGAIN

With Removal of U. S. Soldiers to Southern Camp Ban Is Lifted Gettysburg, Pa., Nov. 12.—With the removal of the soldiers from the camp here to Camp Greene at Charlestown, N. C., Gettysburg's place on the map as a dry town is at an end. Several days after the Sixtieth Regiment left, which was the closest one to town, notice was received that the bars could be reopened. The closing of the licensed places for a month has apparently brought one victory for the temperance people, however. The wholesale liquor store, from which place it is alleged most of the liquor was furnished to the soldiers, has closed its doors, having disposed of the stock on hand, and states that it will not apply for a license at the session of license court in January. All the regiments are gone, only about eight hundred of the boys now being here in the machine gun battalion, the trench mortar battery, the hospital corps and the quartermaster corps. Orders are expected almost daily for the removal of these.

The Victrola is the embodiment of all that is best in music. The excellence of any talking-machine can be safely judged by the artists who make records for it. Just as there is but one Caruso, one Farrar, one Galli-Curci, one Gluck, one Homer, one Kreisler, one McCormack, one Melba, one Paderewski, one Schumann-Heink, so there is only one instrument able to bring their superb art into your home with absolute fidelity. The greatest artists themselves have decided that instrument is the Victrola. Any Victor dealer will gladly play for you the exquisite interpretations of the world's greatest artists who make records exclusively for the Victor. And if desired he will demonstrate the various styles of the Victor and Victrola—\$10 to \$400. Ask to hear the Saenger-Voice Talking Records. Victor Talking Machine Co., Camden, N. J.
