STEELTON AND NEARBY TOWNS

SCHOOL CHILDREN DOING THEIR BIT BY KNITTING

The above picture was snapped on Wednesday at the Red Cross headquarters while school children were knitting for soldiers. The two blankets shown on the picture are the types of blankets which the children knit. These blankets are knitted from scraps of yarn of which the Red Cross is badly in need and an appeal to residents of the borough to donate has been made. Mrs. W. E. Chick shown in the center of the photograph has charge of the children.

125 WOMEN SEW FOR RED CROSS

Local Chapter Turning Out Large Amount of Supplies For National Body

The local Red Cross chapter is at present devoting its time to making 116 comfort kits to be given to the last detachment of selected men from this borough now in camp. Much work is being done on knitted goods today. This chapter has been asked to supply a large number of sweaters along with other knitted goods and in order to do so it will mean much work, a large supply of yarn and many workers are needed. Mrs. C. A. Alden, chairman of the committee in charge of the card party held for the benefit of the soldiers' Christmas packages announced this morning that the amount realized from the party was \$188.05. There were 125 women out to sew at the headquarters yesterday. More are needed, officers say. Arrangements are being made for the membership campaign next month when a drive will be made for 2,000 new members. Mrs. W. H. Nell, chairman of the committee said today that the campaign will be along the same lines as the previous one.

While visiting Miss Maloney, Mrs. McLaughlin went on a trip to Camp Mills to see her cousin, Ted Maddaugh, of Seattle, Wash., who will leave soon for France.

ONE ENLISTMENT One enlistment was reported at the local substation of the Army recruiting office. He was a colored man. The total number of enlistments is now fourteen.

State Health Officers Test Enola Water Supply

Reports of prevalence of typhoid at Enola have been investigated by the State Health Department. Dr. Hull reported today to Commissioner Dixon that eleven cases now exist. Samples of the water supply have, as usual, been taken for analysis. Placards notifying householders to boil the water used in their homes are being posted along the main streets of the town. The schools have been notified to boil all water used in the school buildings. A similar notice in regard to the water used in its shops.

FUND EXPECTED TO PASS QUOTA

Committeemen in Charge Believe Steelton Will Pass \$10,000 in Subscriptions

Committee-men today in charge of the Y. M. C. A. campaign were of the belief that Steelton will more than subscribe its share to the fund. Yesterday it was believed that Steelton would fall short in the close of the campaign, but inasmuch as many of the committeemen are holding out until the last minute to get the total up, this district is likely to oversubscribe its share. Up until noon to-day \$5,000 had been reported. The quota is \$6,000. The amount reported up until last evening was \$4,300. Not many reports of the work of committeemen of the outlying districts have been made up to this time. These men are also believed to be holding out until the final report. One of the committeemen who was prominent in the Liberty Loan campaigns, said today that judgment from these campaigns when the district's allotment was almost doubly subscribed, this campaign will not be a failure. Committeemen in Oberlin, Highspire, Enhaut, Bressler and part of Swatara township are doing splendid work, according to reports.

Steelton Snapshots

To Unfold Service Flag—A service flag containing seven stars will be unfurled with special services in the First Methodist Church to-morrow. Phil Meyer, a prominent attorney of Harrisburg, and a member of the local church, will be the speaker at the evening service. Special Music—Special music will be presented at the First Presbyterian Church to-morrow. The program follows: Morning, prelude, "Prelude," followed by solo, Warren E. Boudman, "The Lord's Prayer," by J. H. Taylor; offertory, "Litany," Schubert Gleason; postlude, "March Pontificale," Lemmen. Music Committee—The Rev. A. K. Wier, pastor, will be in charge of the music at the church to-morrow. The program is as follows: "Andante in C," Silas; anthem, choir; "Elevation in A Flat," Mehul; offertory, "Adoration," Legneps; postlude, "Postlude in D," Merkell. To Elect Officers—Officers to be elected next month will be nominated at a meeting of the Beneficial Association of the local steel plant at a meeting on Thursday. Shaw, pastor of the First Reformed Church, were appointed on a committee from the Ministerial Association to arrange a program of future meetings of the association. Mrs. McCORD DIES Mrs. McCord, aged 84, of Oberlin, who died at her home, in Oberlin, Thursday, will be held to-morrow afternoon at 2.30 o'clock. The Rev. D. E. Ruple will officiate. Burial will be made in the Oberlin Cemetery.

MIDDLETOWN

Middletown is expected by those in charge of the campaign to surpass its quota to the Y. M. C. A. fund by \$500. Reports were made at a meeting last evening to the effect that \$1,804 has been collected. The borough's share is \$2,000. Reports on Monday evening are expected to raise the total amount to \$2,500. Funeral services for Mrs. Susanna Bell were held from her home of her son, Charles Leiter, this afternoon. The Rev. O. M. Kraybill, pastor of Grace Church, will officiate. Burial was made in the Middletown Cemetery. Funeral services for Mrs. Clara Furlong were held from her home in North Union street yesterday afternoon. The Rev. O. M. Kraybill officiated, assisted by the Rev. H. F. Hoover of Elizabethtown. Burial was made in the Middletown Cemetery. Funeral services for Samuel Davis, who died from his wounds in Water Placards, were held from his home in North Union street yesterday afternoon at 2 o'clock and will be private. The Rev. F. H. Albright, pastor of the United Brethren Church, will officiate. Burial will be made in the Middletown Cemetery and will be private.

DONATES \$500 FOR MISSIONS

Centenary Church Board Increases Benevolent Appropriations of Congregation

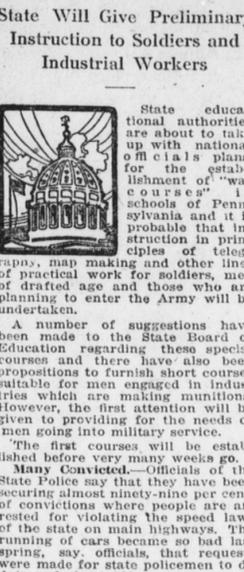

At a meeting of the official board of the Centenary United Brethren Church it was decided to appropriate \$500 for the support of a foreign missionary. This is in addition to the \$1,265 benevolence apportionment now raised annually by the church. The Rev. A. K. Wier, pastor is now arranging for the field and missionary, and it is believed that this support of a foreign missionary party will remain a permanent feature of the work of Centenary Church. It is probable that the church will select West Africa as its foreign parish. The congregation of Centenary Church will entertain fathers and sons in the social rooms Thursday evening. About 200 men and boys are expected to attend the affair. Committees on arrangements for the banquet are as follows: Mrs. E. Seal, Mrs. Koontz, Mrs. Hartman, Mrs. Clouser, Mrs. Beard, Mrs. William Galbraith, Miss Edna Garraty, Mrs. Arthur Gassner, Mrs. Harry Beidel, Mrs. John McNamee, Mrs. S. Huches, Mrs. Warner, J. E. Malehorn, the Rev. A. K. Wier, H. J. Sanders, J. P. Metzler, Charles Saylor, A. B. Stouffer, H. F. Hallman, W. Hadley, R. Anderson, H. Beidel, H. Hershey, A. Miller, E. Connor, F. A. Armstrong, Robert Miller, Jr., Earl Hartman, Charles Saylor, J. P. Metzler, J. C. Sanders, John Balling, Junior Seal, Kenneth Kinrade. Banquet committee: Harry Beidel, Robert Miller, Jr., George Marks, and ladies of the General committee. Music committee: A. B. Stouffer, H. F. Hallman, F. A. Armstrong, Miss Edna Garraty, George Prowell, Paul McNamee, Earl Wollert. Decorative committee: Harry Beidel, Miss Edna Garraty, Mrs. Saylor, Arthur Miller, Mrs. Warner. Program committee: J. E. Malehorn, H. J. Sanders, J. F. Metzler.

HIGHSPIRE

Mrs. Emma Gardner, of Kalamazoo, Mich., who spent five months in the East visiting relatives, returned home last Saturday. Mrs. Gardner is an aunt of Mrs. Charles Kaufman of Race street. Mrs. Saylor and Mrs. Harry Keifer, of Klughtown, attended the funeral on Wednesday afternoon at Steelton of Mrs. John W. Hever. The Ladies' Aid Society of St. Peter's Lutheran church will hold a bazaar in the schoolhouse basement on Saturday, December 1. Morris Cover, Jr., of Harrisburg, is visiting his grandparents, Mr. and Mrs. William H. Cover, of Second street.

WAR COURSES TO BE STUDIED NOW

State Will Give Preliminary Instruction to Soldiers and Industrial Workers

State education authorities are about to take up with national officials plans for the establishment of "war courses" in schools of Pennsylvania and it is probable that instruction in principles of telegraphing, map making and other forms of practical work for soldiers, men of drafted age and those who are planning to enter the Army will be undertaken.

A number of suggestions have been made to the State Board of Education regarding these special courses and there have also been propositions to furnish short courses suitable for men engaged in industries which are making munitions. However, the first attention will be given to providing for the needs of men going into military service. The first courses will be established before very many weeks go. Many convicted officials of the State Police say that they have been securing almost ninety-nine per cent. convictions where people are arrested for violating the speed laws of the state on main highways. The running of cars became so bad last spring, say officials, that requests were made for state policemen to do duty and about 300 arrests a month have been made lately. Applications for automobile licenses for 1918 are commencing to reach the State Highway Department at a rate which indicates that the number of cars bearing new tags on January 1 will be greater than ever before. The department's mail has reached such proportions that a couple of bags are now necessary to carry them. Public Service.—Arguments on the complaints against train service in the vicinity of Meadco, Luzerne county, and on natural gas rate cases from Cambria, Allegheny and Erie counties and of far-reaching importance are scheduled for the Public Service Commission on Monday. Hearings will be held on the remaining days of the week except Saturday. Electric rate cases from Schuylkill and York will be heard on Wednesday and on the following day numerous applications for approval of contracts for lighting and other uses in the city of York will be heard. Westmoreland and Clinton county coal rates will be taken up, together with complaints of water service and rates in the Schuylkill region. A hearing will also be held at Palmyerton on the condition of the Locust Gap grade crossing on Thursday. Friday hearings will be held in Coudersport water cases. Tuesday will be devoted to an executive session. Many Hunters Coming.—Applications for camp sites for hunting parties during the deer season, which opens on December 1, are being made at the State Forestry Commission offices at a rate which indicates that there will be unusually large numbers of people in the South Mountain region of the state. Numerous requests have also been made for permission to camp on state reserves in the Clearfield-Clinton region. Borough in Business.—The borough of Benson, a town in Somerset county, has applied to the Public Service Commission for approval of its purchase of an electric light company in that town. The borough also wants permission to go into the business. Water Schedule Hearing.—Hearings on the proposed uniform system of accounting for water companies will be held in Philadelphia Monday and Tuesday by C. J. Joyce, chief of the Bureau of Accounts of the Public Service Commission and Wednesday and Thursday at Scranton. At the hearings here thirty water companies were represented and the principal objection was that the system proposed too elaborate. The Harrisburg hearing was attended by Williamsport, York, Sunbury, Canton, Lehigh, Palmer, Dillsburg, Mt. Penn Suburban, Hummelstown, Riverton consolidated, Marysville, Columbia and McConnellsburg water companies. Old Issue Raised.—William C. Picken, New Brighton, has filed a complaint that the Beaver Valley Water Company refuses to furnish water to a property bought by him because of an unpaid bill of a previous occupant. This complaint follows a decision of the commission that a company could not refuse service because of a bill owed to it by a prior occupant and that a water bill could not take precedence over taxes. The commission will bring the complaint to attention of the company at once. Mr. Lohmann Here.—Carl E. Lohmann, the planning engineer of the Bureau of Municipalities of the Department of Labor and Industry, today assumed his duties. Superintendent Catch.—Commissioner of Fisheries N. R. Butler has been at Erie, where he is superintending the taking of white fish eggs for the department. Dapp to Go.—Edward Dapp, clerk in the State Department of Mines and Dauphin County Jury Commissioner, has been given notice that he is to go. Something interesting about development. Governor Names Police.—Governor Brumbaugh to-day appointed volunteer policemen for McKean and Luzerne counties. Up to Federal Agents.—Department

of Agriculture officials said today

that the enforcement of orders for unloading of cars of food was now up to the federal agents. To Concentrate.—Arrangements have been completed whereby the State Insurance fund will occupy the Hunter property in Walnut street, running through to Locust, now used by the Red Cross. The Red Cross will vacate December 1. For some time negotiations have been on for the property as it is the desire of the state to concentrate all branches of the fund. Held For Court on Charge of Stealing Lumber Mary Sullivan, colored, 31 West Showers street, and Annie Switzer, 107 Ann street, were sent to jail for thirty days on a charge of disorderly conduct. They were drunk and were caught quarreling in the street. Adeleine Bailey, also colored, was sent to jail for thirty days on the charge of disorderly conduct. Charles Germer, 325 Cherry street, was held under \$200 bail for court on the charge of larceny. Germer admitted Red Cross lumber from while building under construction at Fourth and Mulberry streets. He is an invalid and in court claimed to be the sole support of his 80-year-old mother, who was present. The prosecutor, Samuel Fishman, offered to withdraw the charge if the officer, Bineer, who made the arrest, would be satisfied. Bineer stated that Germer looked before the police in a number of cases before, and should be prosecuted. Wrinkles Disappear "As If By Magic" "In the removal of wrinkles, I have discarded cosmetics entirely," writes Miss Cogan, the celebrated beauty expert. The results they produce are striking and never permanent. Miss Cogan is only partially successful and it is too slow a method. I've never seen anything work such wonders as a simple, harmless skin cream which can be prepared and used at home without the least trouble. A half pint of witch hazel and an ounce of good powdered salicylic acid will do it. Mix the two and apply this refreshing solution to your face daily. The effect is marvelous. Instantaneous! It becomes firmer, tighter—every wrinkle and sag is stretched. You feel so refreshed, after using the wash, you look refreshed, too; soon you will look ten years younger.—Advertisement.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill-health. Keep wrinkles from marrying the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its drag and droop, its aches and declining powers. Fight to stay its course and drive it off. Don't fight intelligently. Don't fight without weapons that can win the day, for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman of times becomes a prey to ill-health after. You will not find this class of persons in the hypoferrin ranks. No, they are the sturdy, the energetic, the robust aggregation of quick-steppers who view life in a joyous frame of mind. They are the men and women who stand to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the strong and the unsung hero as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by the state and federal health and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to form the sturdy, the energetic, the robust, firm flesh and solid, active, tireless muscles. Hypoferrin contains those mighty strength-producing agents, leichin-and-iron peptonate in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of leichin-and-iron peptonate in the system. Four mental and physical strength and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that makes the confidence that you confront the world on an equal footing with anyone. As hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Overland Tanning Co., Cincinnati, Ohio.

The Only Difference Between the Things of the Past and the Things of Today

is in getting used to the latter. Whenever a new thing is presented to the public, a few people "take to it" at once. They are the people who like the new things— or perhaps, they want to be among the first to use them. The general public, in time, "takes up" the new things. The general public, you know, is a conservative personage. Sometimes, rather modest, in "bring in" as it were! But modern convenience has become so popular among the general public that the Closed Car is now being constantly, increasingly demanded. Owners of high priced cars are turning to the OVERLAND TOURING SEDAN. This is the car for everybody, all the time. Convertible into closed or open car at will. We are just waiting ready, to have you try out this car. Our man will call on you.
