

CENTRAL IN FINAL BATTLE TODAY WITH STEELTON---ALTOONA CROSSERS HERE

PITT SEASON IS NEAR END

Final Championship Battle Will Be With Penn State Thursday; Charity Game

Pittsburgh, Nov. 24.—The game with Pennsylvania State College which will be played in Pittsburgh on Thanksgiving Day, ends the intercollegiate football season for the University of Pittsburgh. The Saturday succeeding the football game the Blue and Gold men are scheduled to encounter the crack soldier delegation from Camp Lee in a benefit game. The only contest of the week for Pittsburgh will be the annual encounter between the Pitt freshmen and the yearling aggregation from Penn-State.

Charity Game Follows With one day's rest the Blue and Gold must then tackle the seasoned team of the Camp Lee squad. The strain that results from playing two games in a week is apparent, especially when the second game follows one as difficult as the Penn-State contest. Coach Warner is confident of the ability of the team to meet the new occasion as they have met all other critical situations of the year and with that Pennsylvania fans are assured of the condition of the Pitt team for the extra game.

Referee O'Brien Walks Many Miles in Ring; Seven Miles One Night

Philadelphia, Nov. 24.—Eight fans in this city have often asked the question, "how many miles does Frank (Pop) O'Brien, walk in an evening while refereeing the boxing bouts at the Olympic A. A.?" Monday night a pedometer—a watch-like instrument, used for measuring distance by recording the number of steps—was slipped in O'Brien's pocket just before the gong rang in the first bout. When the final gong rang on the Chaney-Dundee fight the pedometer showed that O'Brien had walked seven and one-eighth miles in little over two hours.

The distance covered by "Pop" would probably have been greater had not the second bout been stopped in the first round, after it had gone but two and a half minutes. O'Brien walked two and a half miles refereeing the windup. The average distance for the five fights was one and two-fifths miles. O'Brien's stride was measured and was found to be 36 inches, which shows that during the fights O'Brien took about 12,540 steps in covering 37,620 feet.

In the first bout, O'Brien walked one and a half miles refereeing the bout in eighteen minutes. In the second bout, which was stopped after it had progressed two and a half minutes, the distance covered by O'Brien reached the pinnacle of his walking tour by Omar Khayyami two and a half miles.

THEVES STEAL WHISKY

Marietta, Pa., Nov. 24.—Two barrels of whisky were stolen from the warehouse at Bowmanville some time during the night, valued at over \$600. The thieves evidently were experts in the business, as they stole the best brands stored there, and knew something of the shipment.

TECH PLANS BIG SEASON FOR BASKETBALL TEAM; TO START IN JANUARY

Following the final football contest with Central next Thursday, the Technical High School basketball squad will get down to real work for the opening game of the season January 4, when Lebanon will visit this city. Maurice Glenwood Beard is the Tech manager and his staff is ranged a classy series of games for the Maroon squad.

At the start of the season it is likely that Coach C. W. Miller will again be in charge of the squad. The present material was developed by him last season, and the team made good after a rather poor start because of its inexperience. Coach Miller will have practically a veteran team of underclass men upon whom he can rely to bring the honors to Tech for several years to come.

At forward the coach will have "Scrums" Holland, which has been a foul tosser to wear the Maroon. He has always been somewhat handicapped because of his size. This year his chances are better than ever. "Buddle" Lingle has inside track for one of the forward posts, because of his fast foot work and clever goal shooting. Gilbert Ebner and "Bud" Bell are two other star players who will make opponents hustle to beat them out for a forward place. "Cap" Smith, a sophomore, was one of the stars of the Tech interclass lineup last season, and will be hard after a regular place. "Ted" Lloyd, captain of the football team, is another promising candidate, as is "Dutch" Miller. Both of these players were mainstays on

The Sportlight by Granland Rice

Copyright, 1917, The Tribune Association (New York Tribune). Soon there comes the ancient cry "What'll you write about now?" Soon this ancient cry drifts by "What'll you write about now?" Baseball's long since hit the hay. Football's drifted on its way. Now that winter's come to stay "What'll you write about now?"

Sixteen winters back we heard "What'll you write about now?" Year by year they've passed the word. "What'll you write about now?" Sport, we know, runs somewhat lame. War has also nicked the game. Yet our answer is the same— "We'll write about a column."

THE OLD MACHINE Most of us are accustomed to think of the old Michigan machine of Heaton-Snow, etc. fame, as being only a few years old. It was sixteen years ago when this lineup took the field. Tempus does something more than fugit. It also kills, shoots and whizzes.

"Who is the best all-around athlete now in the game?" queries F. K. J., "Berry of Pennsylvania, or Oliphant of West Point?" Fifty-fifty is as close as we can get to any direct reply.

"Speed up the club head if you care to get the desired distance," writes Chick Evans. Query—Why is war like the club head?

'BUCK' HERZOG ANXIOUS TO FLY

May Join Uncle Sam's Forces in Spring; Knows How to Do It

CHARLES LINCOLN HERZOG

New York, Nov. 24.—Charles Lincoln Herzog, second baseman of the Giants, may be in the aviation service of the United States by spring. Herzog is now at an Army flying camp near Salt Lake City, Utah. It is believed that he is thinking seriously of abandoning baseball for the air service. Herzog did not have a family he would be flying for the government now. He took his physical examination for the aviation corps last spring and passed.

National Rifle Body Long Time in Sport; Membership Now Large

Back in 1872, the National Rifle Association of America was founded by a group of public-spirited men who had the best interests of their country and their fellow citizens at heart. The object of the association—to encourage marksmanship throughout the United States—to encourage competition in marksmanship between teams and individuals; to encourage legislation for the establishment and maintenance of ranges.

THE NEW SLATE There will be a tremendous revival in Western football when this war ends and Michigan resumes with Chicago and Minnesota. The West, in a football way, hasn't yet found anything to take the place of Michigan vs. Chicago and Michigan vs. Minnesota. Wisconsin, Illinois and others have contributed their share, but with Michigan missing there was still a wide and open gap.

FARRELL IS NOT READY TO TALK

Refuses Even a Guess Regarding N. Y. State League; O'Neill Encouraged

Seranton, Nov. 24.—M. J. O'Neill, manager of the Syracuse team, New York State Baseball League, is back in this city after having made a trip west and also to Louisville, Ky. Mike went on two missions. One was to meet John H. Farrell, president of the New York State League, and the other to discuss the matter of having the two major league teams each back four clubs in a trolley league that he proposes to start in Virginia next spring.

Camp Hill Loses Out in Game With Big Team

Although badly defeated by the York County Academy at York in the opening game of the season last night, Camp Hill still has a good caliber of ball. Outclassed in every department, the Camp Hill boys did not have a chance to show their prowess. The game was a handicap played a splendid game. This game is the hardest game of the season and is always scheduled for the opening fray in order that the team players are given a good drubbing in order to meet the teams on their schedule.

Benny Leonard Has Big Fight on Program

St. Paul, Minn., Nov. 24.—Benny Leonard, New York world's lightweight champion, has been matched to box Gene Delmont at the Auditorium here December 5. The battle will go ten rounds at 135 pounds weight at 3 o'clock the afternoon of the bout. Leonard will come here from Denver, where he meets Salome on November 28. Even stop here and at Denver, as his only stops. The match is expected to draw \$15,000.

Leo Houck to Play in Football Contest

Lancaster, Pa., Nov. 24.—Probably the greatest football battle in Lancaster this season will be that to be played December 1 between St. Joseph's C. C. and the Eighth Ward eleven. Both teams are from the "hill" select the team are Leo Houck, and many boxers found on both line-ups. There is bitter rivalry between the teams, which contain probably the best football material in the city.

Cross-Country Run Will Be Held Thanksgiving Day

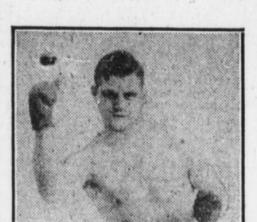

Harrisburg Academy and Tech will compete in a cross country run on Thanksgiving Day morning. The course will be three and a half miles. There are eight men training for the Tech teams and the coach is pleased with the showing made in their first work-out, when they made a fine time over the course which starts at the northern end of Wildwood Lake and ends at Maclay street.

Molten Lead Pours Over Workman's Leg and Foot

Columbia, Pa., Nov. 24.—Samuel Matar, an employe of the Columbia Malleable Castings Company, made a narrow escape from being fatally burned when a thirty-pound ladle of molten lead was accidentally dropped and fell on his right foot. The metal struck his leg and running down to the foot seriously burned that member. Two other workmen were also burned by the hot metal.

BILL BRENNAN IS REAL FIGHTER

Irish Heavyweight Champion Holds World's Knockout Record; Figures Prove It

PLUCKY BILL BRENNAN

New York, Nov. 24.—Bill Brennan, "the Irish heavyweight champion" holds the world's knockout record in the heavyweight division, past and present. This at first would sound very much like a press agent story, nevertheless looking over the records of all the great heavyweights including John Sullivan, Bob Fitzsimmons, Jeffries, Willard, Sharkey, Gnoat Smith and others, statistics prove that Brennan's record for 150 to 152 has never been equaled in the heavyweight class. The writer presents the following facts to substantiate this claim.

"Doubting Thomases" present the argument that John L. Sullivan scored some fifty knockouts in his famous exhibition tour of the United States in 1879. It is in fact that John L. was simply knocking out a lot of untrained men, who laid no claim to being fighters and went on the stage to try and stay four rounds and get the prize that was offered for those who could stay the limit, while in actual combat from 1880 to 1892 the record of Sullivan lost to James J. Corbett, the Boston Strong Boy stopped by twenty-one men.

Some Ring Facts Fitzsimmons in ten years from 1894 to 1904 scored eleven knockouts. On the other hand he was himself knocked out five times, twice by Jeffries, once by Bill Brennan, once by Jack Johnson and Jack Johnson, and during his entire career scored but thirty-six knockouts out of sixty-three battles. Next we take James J. Jeffries who met with but one knockout during his whole career inside the ropes. Jack Johnson dropped Jeff at Reno in his second round. In his last fight under the rules of the prize ring Jeffries was knocked out. From 1896 to 1910 Jeffries knocked out twenty opponents in his career. Brennan began swinging punches in 1914 and in the first year of his career, he scored, ten knockouts, beating most of his rivals in the first five rounds. In 1915 Brennan knocked out six men. Brennan's record dating from January 12, 1916, follows:
