

ONE CONSUMER IS NOT PRIVILEGED

Important Ruling Made Today by the Public Service Commissioner

The Public Service Commission in an opinion handed down today by Commissioner James A. Corn refuses to order the Telford Water Company, operating in Souderton and adjoining districts in Montgomery county, to make improvements to its standpipe and service which would apparently benefit only one consumer and suggests that the complainant, the D. G. Dery silk mill, install new appliances or else get water from the borough of Souderton. It is found that to give the service asked by the mill would compel the company to raise its standpipe and that no other consumers have complained, so that "it does not seem necessary to require it to operate its plant at the minimum or to incur the expense of increasing the height of the standpipe to serve this one customer."

The New York Central Railroad is directed to improve its station facilities at Clearfield in the complaint of W. L. Bett' of that place, in an opinion by Chairman Ainey, who finds that the present station is inadequate, but also holds that the company, in view of the national emergency, should not be too heavily burdened with cost. "The Commission is constrained," he says, "so frame its order as not presently to interfere with the national purpose, but at the same time it can not overlook the public need here presented." An order is issued for plans to be filed by the company by July 1, 1918, and it will be directed, according to the order, to begin construction within two years thereafter.

Code Approved.—The State Industrial Board has approved the provisions of the state code for the construction and operation of elevators in Pennsylvania and it has been sent to the printers. The code will become effective upon thirty or sixty days' notice, which will be given.

After Snow.—Officials of the State Highway Department have sent hurry calls for the snowplows ordered some time ago to keep the state highways open for across-state motor traffic to relieve railroads. The snow has kept the maintenance force stepping.

Millions in It.—Certificates of notification running into the millions of dollars worth new issues of stocks and bonds have been filed at the Public Service Commission offices the last few days. Among them was the Western Maryland Railroad, which certified to an issue of \$7,500,000 of bonds and \$5,000,000 of three-year seven per cent. collateral trust gold notes; Reading Transit and Light Co., \$1,000,000 of bonds and six per cent. secured gold notes; Penn Central Light and Power Co., Altoona, bonds, \$15,000; Metropolitan Edison Co., Reading, preferred stock, \$216,800; Pottsville Union Traction Co., Pottsville, bonds, \$10,000; Eastern Pennsylvania Light, Heat and Power Co., Pottsville, bonds, \$10,500; Mahoning and St. Clair Electric Railway Co., Pottsville, bonds, \$10,500; Mahoning and Shenango Railway and Light Co., New Castle, bonds, \$250,000; Shenango Valley Electric Light Co., Sharon, bonds, \$50,000, assumed for consent companies, and stock, \$50,000; Union Railroad, Pittsburgh, bonds, \$900,000; Monongahela Southern Railroad, Pittsburgh, common stock, \$1,340,000, and bonds, \$1,800,000.

Rush to Register.—Compliance with the act of 1915 requiring all persons doing business under assumed or fictitious names to register with the Secretary of the Commonwealth is going on with a rush. Over 600 firms have registered, or had their names in the last six weeks. In one instance registration was refused because a manufacturing firm was found to be owned by Germans.

"For Rent" THIS is almost an unknown term. There is a real necessity for houses and small apartments.

Many an unused attic or "third floor" can be turned into attractive space by means of a little carpenter work. An extra room or two may easily be rented. The income will be a big help to reduce cost of living.

NEWS OF STEELTON RECORDS MADE IN RED CROSS DRIVE

Steelworkers Respond to Appeal Made by Officers of Local Chapter

Every employee in several departments of the local steel plant have become Christmas members of the local Red Cross chapter. The names of the contributors and the amount in charge will be submitted in the next few days. That the rivalry for honors among the departments is keen is seen in the demand for supplies made daily by superintendents.

Mrs. Solomon Hiney, who has charge of the publicity work of the chapter, announced to-day that the first official figure of the results of the campaign up to this time would be posted on Monday.

The work was temporarily held up in some districts yesterday on account of the deep snowfall. Regardless of the weather some of the women of local districts where the snow had been removed from the sidewalks.

Wood is being substituted for coal by residents. The demand for this fuel has increased since the shipments of coal have fallen off. It was reported at the office of Detweiler Brothers this morning that the distribution of coal has been completely exhausted.

Local dealers were hopeful of receiving coal shipments this week. Being asked by men in charge of the distribution that Steelton work has been taken care of. All dealers emphasized the fact that Steelton will have coal early next week.

GOVERNOR TALKS TO YORK WOMEN Urges Religious Democracy in Address to Club, Following Dedication of Cannon

York, Dec. 15.—Religious democracy was advocated by Governor Brumbaugh in an address in this city yesterday afternoon before the York Women's Club. His address to the several hours before in the borough of Wrightsville, where the state's chief executive took part in the dedication of two cannon presented to the borough by the federal government.

At Wrightsville the Governor spoke to 1,000 persons. He said that Pennsylvania may be called upon soon again to give further demonstration of its loyalty by furnishing another 100,000 men for the war. Declaring Pennsylvania to be the most loyal and patriotic in the Union, Governor Brumbaugh expressed his pride that this commonwealth has already sent forward more than 100,000 men.

Owing to the heavy snow the exercises held in Grace United Evangelical Church, which adjoins the plot on which the cannon stand. The Rev. Paul E. Keen led in prayer, after which A. J. Warfield, chairman of the general committee, directed the program of the day. The Governor reviewed the history of Wrightsville from the Civil War until the present. He touched on the invasion of the borough by the Confederate army, which was the farthest point East reached by the Rebels, on June 28, 1863, several days before the burning of the wooden bridge across the river to Columbia.

Governor and Mrs. Brumbaugh were entertained at dinner last night at the home of State Banking Commissioner D. F. Lefean. STEEL PLANT SHUTS DOWN Westtown, Pa., Dec. 15.—Being unable to get enough coal to operate the plant the Standard Steel works was compelled yesterday to close down almost every department until more shipments of fuel are received. The plant employs about 5,000 men.

AUTOMOBILE BURNED UP Westtown, Pa., Dec. 15.—C. G. Cashman, of the Cashman Tool Company, had a few exciting minutes on Thursday night when his automobile caught fire on the road between Westtown and Hagerstown while pulling a heavy drift of snow, his engine became overheated. The chassis was the only thing left by the fire.

Questionnaire Goes Out to 800,000 Mailing of over 800,000 questionnaires to men of draft age in Pennsylvania begins to-day at the headquarters of each of the local draft boards. The questionnaires are designed to furnish information in advance of the second call of the selective service law of 1917 and must be returned within seven days by the men who registered according to the provisions of that law. The registrants, as these men are known, are entitled to call upon members of draft boards and attorneys for information of that law and press questions. The blank forms were sent out by the state draft headquarters a few weeks ago.

While this work is going on, the state headquarters is working on plans to have the men needed to make up shortages in the first call and to replace men rejected at camps.

Within the next week it is expected that times will be fixed for summing up the remainder of the men called under the first quota. State draft headquarters to-day issued a notice to all local and district draft boards and members of the legal advisory boards are not to interpret the draft law, but to "advise registrants and aid registrants in making proper and truthful answers to questions and securing such supporting affidavits as may be required in particular classes of cases." It is also stated that advice or interpretation by legal advisers is not to be given on boards, although they may assist boards in every possible manner.

Notice was also issued to-day that when men enter the signal section, reserve certificates must be filed with the proper local board and that when such men are discharged from the signal or other branches of the service the officer discharging must give notice to the local board and if the number of the registrant has been reached, shall be examined at once and sent to the proper mobilization camp.

State draft headquarters to-day issued a notice to all local and district draft boards and members of the legal advisory boards are not to interpret the draft law, but to "advise registrants and aid registrants in making proper and truthful answers to questions and securing such supporting affidavits as may be required in particular classes of cases." It is also stated that advice or interpretation by legal advisers is not to be given on boards, although they may assist boards in every possible manner.

Notice was also issued to-day that when men enter the signal section, reserve certificates must be filed with the proper local board and that when such men are discharged from the signal or other branches of the service the officer discharging must give notice to the local board and if the number of the registrant has been reached, shall be examined at once and sent to the proper mobilization camp.

WHO WILL MATCH THIS DOLLAR BILL

mittee this morning reported that the first city established to "come through" in the Red Cross membership campaign with an efficiency of thirty per cent. is the William Schwaib Company. This firm employs forty-two men and women. Its Red Cross membership is fifty-two.

"The industrial committee expects this 100 per cent. efficiency to be the rule, and not the exception," said Mr. Reimochl this morning. "All of our members have gone to work; we have no slackers."

Hurons Have Come Red Cross headquarters last night received 30,000 buttons for membership that will be secured beginning Monday.

The former Boas jewelry store, Market and Court streets, was mightily busy this morning. The jewelry firm, when it moved to its new store, in Second street, near Walnut, donated the Market and Court location to the Red Cross. The central location has been a great help to the Red Cross workers.

Many Match That Dollar "I want to match Mary Russell's dollar," was a common expression around headquarters to-day. The Red Cross membership campaign in giving the total profits on thirty-three trips for a Red Cross membership proved an example easily followed by hundreds of others.

Workers Being Announced Announcement of quite a number of the appointment of team workers for the various wards of the city was made Monday.

Members were secured at a meeting of Harrisburg Silk Mill employees who organized a Red Cross auxiliary yesterday. Officers include: President, Miss Householder; secretary, Miss Ruth Gilbert; treasurer, Miss Helen Blizard.

Organization was effected by Mrs. Harvey P. Smith, of the Harrisburg chapter, following preliminary work done last Wednesday by Mrs. R. Palmer, Mrs. Paul Johnston and Mrs. W. H. H. Bedford.

Work was begun at once. The girls are being instructed by Miss Helen McFarland, Miss Maria Fleming, and Miss Ethel Fair. Ice cream and coffee were served by the managers of the mill, following the business session.
