FIVE MEN FINED FOR TAKING COAL

Charges Were Brought For Carrying Away Fuel From Enola P. R. R. Yards

Enola, Pa., Feb. 7.—Charged with stealing coal from cars in the local yards of the Pennsylvania Railroad Company five men were given a hearing last night before Justice of the Peace I. W. Matter, of West Fairview. The men were fined, which was remitted, reprimanded, and also ordered to pay the cost, which amounted to about the value of the coal taken. A number of boys will also be given a hearing before the justice this evening on the same charge. These arrests of persons charged with stealing coal from the railroad company to keep from freezing is the outcome of a crusade on the part of the railroad police to stop the robberies. Recently a whole carload of coal was taken from the yards.

COAL RECEIVED ON WEST SHORE

Nineteen Cars to Be Divided Among Homes in Various Towns Across River

West Shore towns from New Cumberland to Summerdale, inclusive, have received nineteen cars of coal this week, Robert L. Myers, West Shore fuel administrator said this morning. About 500 homes were furnished with fuel by these shipments. This amount of coal will greatly relieve the situation which has been acute for some time. In the opinion of Mr. Myers there is no relief in sight for the schools which have been closed on account of the exhaustion of the fuel supply. The fuel administrator emphasized the fact that homes will be furnished before public utilities. At the present time the Lehigh Valley Camp Hill schools are closed. West Fairview was able to open last week, after being closed down for several weeks. This institution has a small reserve supply that will likely keep the fires going for some time. Directors at Camp Hill expect to open on Monday morning, while Lemoyne officials will express themselves as ready as when they will open the doors. Edward F. Baum, a member of the Wormleysburg board said to-day that this institution has enough coal to keep school running this week. Elkwood schools were forced to close yesterday. New Cumberland has enough coal to keep the fire burning for several weeks, a director said to-day.

Valley Railways Company Opening Up Its Lines

Lemoyne, Pa., Feb. 7.—Several lines of the Valley Railways Company still remained closed to-day. No cars were running on the Carlisle line from Mechanicsburg to Bolling Springs; Marysville, from Enola to Marysville, and on the White Hill line from Lemoyne to White Hill. C. H. Bishop announced to-day that forces of men were put to work digging out the Marysville and Carlisle lines. The Enola "loop" line, Mr. Bishop said, would be left alone for the present as people living in this section can use the main line cars. Officials hope to have the Marysville and Carlisle lines open by this evening. Cars on other lines are running but not on schedule.

W. C. T. U. SUGGESTS CANDY IN LIEU OF TOBACCO

The Dauphin County W. C. T. U. has made a request of the local Red Cross chapter to substitute chocolate for any smokes that would otherwise be sent to soldiers. Through Mrs. Lyman D. Gilbert, chairman of the Harrisburg chapter, a reply was made that very few cigarettes have been furnished men in service; practically only those who were passing through Harrisburg on their way to camp. The attitude of the Red Cross officials here is that other necessities than tobacco should first be purchased with funds available, but that tobacco is not harmful.

QUIT MEAT WHEN BACK ACHES OR KIDNEYS BOTHER

Says Uric Acid in meat clogs Kidneys and irritates Bladder. A glass of Salts is harmless way to flush Kidneys, says Authority. They become sluggish and weaker, the sufferer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges.
