

IMMENSE VALUE OF STATE CROPS

Department of Agriculture Issues Summary of Reports on Nineteen Crops

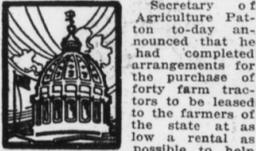

Nineteen of Pennsylvania's 1917 farm crops had a value of \$611,668,520.35 according to a bulletin issued to-day by the State Department of Agriculture after analyzing crop reports from the sixty-seven counties. This is a gain of over \$400,000,000 in the value of the same crops during 1916. It is declared to be the highest record of value of crops ever made in the State.

The bulletin says: "Corn is the principal money crop in the State, but the dairy industry is a close second and if definite figures of production were obtainable it might overcome the corn total. Most of the figures are taken from the regular crop statistics of the Department, but in some cases careful estimates of values of crops have had to be made where there is no report showing the value at the present time."

TRACTORS HAVE BEEN ORDERED

Secretary Patton Says That All Should Unite to Get Results For Farmers

Secretary of Agriculture Patton to-day announced that he had completed arrangements for the purchase of forty farm tractors to be leased to the farmers of the State at a low rental as possible to help them with the spring ploughing. The State Defence Commission and the State Defence Commission and Mr. Patton says that he has been assured of prompt deliveries.

"I would be very glad if organizations, committees and communities which are buying tractors and assisting farmers at their spring work would join with the state. It would be to the benefit of the whole Commonwealth. The state is to get some of the tractors ready for the western counties, where spring work starts earliest in Pennsylvania, and to assist them in their use where needed. We want to avoid duplication of effort and to effect a proper distribution."

R. M. Rodenliser Says That He Could Not Get Relief Until He Used Master Medicine.

TELLS HIS EXPERIENCE.

"I had been suffering off and on for years with stomach trouble," says R. M. Rodenliser, a veteran engineer on the Reading Railway, who lives at 1411 Market St., Harrisburg, Pa. "I have been treated by some of the best doctors and even went to a hospital but they told me they could do nothing for me so I had about made up my mind that I was in for when I happened to read a testimonial in the paper that seemed to fit my case. "I started taking this medicine and it was only a few days until I began to feel considerably better. My stomach grew stronger. I felt invigorated and there has been a steady improvement day by day. "I have gained 8 pounds, and I cannot find words to express my satisfaction with this splendid medicine. Tanlac is now being introduced here at the George Gorgas' Drug Store.
