EAT LESS MEAT AND TAKE SALTS IF KIDNEYS HURT

Says a tablespoonful of Salts flushes Kidneys, stopping Backache.

Meat forms Uric Acid, which excites Kidneys and Weakens Bladder.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. "The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will soon act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease."

No COUGH, COLD OR CROUP for me, I take Dr. Bull's Cough Syrup. It tastes good.

TAXPAYERS HAVE RIGHTS AND DUTY

Wormleysburg Director Adly Presents Matter at Cumberland County Meeting

Wormleysburg, Pa., Feb. 26.—In an address at the annual convention of the Cumberland County Directors' Association, at Carlisle, Edward E. Baum, a local school director, explained in detail the rights and obligations of taxpayers. Mr. Baum, in part, said: "We must attack a popular fallacy generally established, and we must destroy the false gods of a lot of the heathen politicians who shed crocodile tears over the wrongs of the taxpayers, who tell them that they are being imposed on—that they are being robbed—and that they have no right to the taxpayers' money that pays for the schools—the highways, etc., the salaries of this man and that man and other things. We must show them that they are being imposed on—that they are being robbed—and that they have no right to the taxpayers' money that pays for the schools—the highways, etc., the salaries of this man and that man and other things. We must show them that they are being imposed on—that they are being robbed—and that they have no right to the taxpayers' money that pays for the schools—the highways, etc., the salaries of this man and that man and other things."

To a degree this sounds reasonable. It seems logical if a man for something he should have some directing or proprietary voice in the thing he pays for. That's business, however, let us analyze the situation. If we are to make tax-paying a commercial issue, let us consider it along established commercial lines. To recognize the justice of such a proposition would be to indorse the very thing half the world is fighting to destroy. The political system that prevails in the most despised government on earth—Germany.

"The deductions I make after a hurried study of the subjects is that the man who pays taxes, but as a citizen, he enjoys more rights, more privileges, more power and more influence than he or has been enjoyed by a citizen of any other country that exists or has existed in the history of the world. The nations are strong on propaganda. Our government has started propagandas on patriotism, on thrift, on food conservation and so on. It occurs to me that the school directors ought to start one on civic enlightenment.

"Show the people what they are getting. The following were present: Mrs. Warren Baker and son, Wayne; Mrs. Mary Highland and daughter, Mildred; Miss Aletha Yarnell, Evelyn Yarnell, Gerald Yarnell, Mrs. George W. Walters and daughters, Mary and Mabel; Miss Mildred Eslinger, Truss Wagner, Martha Wagner, Stanley Davidson, Miss Mae Lang-Rivher and son, William; Clarence Kramer and Myrtle Kramer, all of West Fairview; Mr. and Mrs. James Lower and daughter, Myrtle; Mr. and Mrs. Sherman Grace and daughter, Louise; John Humer and son, Frank; of Enola; Melvin Nichols, Mrs. Calvin Nichols, son, Gordon; Edgar Polzary, of Enola; Mrs. Maryville; Mr. and Mrs. Clayton Walters and children, Roy, Thamma and Warren, of West Fairview.
