

### MISS CLEVELAND IS ENGLISH ARMY OFFICER'S BRIDE

Former President's Daughter Married Thursday to Captain Bosanquet

London, March 15.—Ester Cleveland, daughter of the late Grover Cleveland, President of the United States, was married Thursday in Westminster Abbey to Captain W. S. Bosanquet, D. S. C., of the Coldstream Guards and son of Sir Albert Bosanquet, according to the Daily Graphic.

Miss Cleveland was born in the White House at Washington in October, 1895, during the second administration of her father. Her mother, Mrs. Thomas J. Preston, of Princeton, N. J., formally announced the engagement of her daughter to Captain Bosanquet last December.

Miss Cleveland went abroad in June of last year to engage in war relief work and was assigned as a nurse to St. Dunstons Home for Wounded Soldiers, London. She first met Captain Bosanquet three years ago in Switzerland. She is well known in Harrisburg, having visited here a number of times.

### Ernest Bachman, Technical High School Junior, Dies

Ernest Bachman, a member of the junior class at the Technical High school, and the only son of Mr. and Mrs. William E. Bachman, 79 North Seventeenth street, died last evening at the Hartman Hospital from pneumonia. He was 18 years of age.

"Ernie" was one of the most willing, quiet and unassuming students at Tech and his sudden death came as a shock to his classmates and chums who mourn his loss. The student body as well as the Tech faculty regarded him as a dependable student, whom they could rely upon.

During the past football season he was on the Island daily working for a berth on the eleven. He was a hard worker and earned the position of a first substitute. In one of the Tech second team's hardest contests he requested the Maroon quarterback to send every play through his tackle position. Opening up holes for the Tech backs, a dozen successive plays put the ball within the shadow of Lewistown High school's goal posts in the second half. "Ernie" earned his "C" as a member of the Tech team's war canoe team that won the Kipona race two years ago. This afternoon members of the junior class held a special meeting at which committees were appointed to take action on his death. Arrangements for the funeral services have not yet been completed.

### Don't Ask Him What He Wants! Give Him Books

When the Boy Scout comes to your door to-morrow morning or to-morrow afternoon don't ask him what he wants. Don't waste his time and yours. He can want only one thing. Hence it is the duty of the rest of us for Harrisburg door openers only to open the door and give the Boy Scout outside the books for soldiers that every household will contribute to-morrow.

The books, as is well known, go to the many libraries being maintained for the soldiers and sailors of the United States. The soldiers are rather well supplied with tobacco and candy just now, but their libraries need 500,000 volumes.

In every Harrisburg home there are two or three good, readable, men's-sized books which have interested that household—and which, consequently, will interest the flesh-and-blood men who are fighting for the United States.

The Boy Scouts have volunteered to gather the books. It is the duty of the rest of us to give the books. Magazines are not desired.

### Country Fair to Be Notable Event

It was decided to hold the monthly meetings the first Thursday of each month with the exception of July, August and September.

The executive committee includes the five officers and the following members, who were elected at yesterday's meeting: Mrs. A. Seligman, Mrs. Paul Smith, Miss Emily Bailey, Mrs. George B. Kunkel, and Miss Virginia King. Miss Sarah McCulloch was appointed chairman of the flower committee; Miss Elizabeth Knisely, of the membership committee; Constance Ferriday, book and magazine committee; Mrs. E. Curzon Fager, preserver.

### Reserves to Have Important Drill

The drill to-night will begin at 7.30.

### MAKE PLANS FOR COUNTY MORGUE

County Commissioners Considering Offer Made by Directors of Poor

ago an offer was made by the Directors of the Poor to the Commissioners to use a building at the County Almshouse which was abandoned a few months ago. It is believed the building can be remodeled and made suitable for a county morgue at a small cost, relieving the Commissioners of the expense of purchasing ground and erecting a new structure.

Efforts are being made by the County Commissioners to obtain plans of morgues which are used in other counties in the state. Inquiries were made in several counties for plans, but the officials have been unable to secure any. Several days ago an offer was made by the Directors of the Poor to the Commissioners to use a building at the County Almshouse which was abandoned a few months ago. It is believed the building can be remodeled and made suitable for a county morgue at a small cost, relieving the Commissioners of the expense of purchasing ground and erecting a new structure.

### Peace Talk Undermines - Fiber and Morale of the Nation, Says Lloyd George

London, Wednesday, March 13.—Consumption of intoxicating liquors in Great Britain owing to the reductions imposed by the government, now is only one-third of what it was four years ago, Premier Lloyd George declared in an address to the churchmen at the City Temple to-day when challenged about the drink traffic. No spirits were being manufactured, he said.

The Premier reiterated that if it came to a question of choosing between bread and beer, the government would not hesitate a moment. "The present," he said, "is an hour of grave national emergency, the appeal of war is greater than patriotism because it is an appeal for help against the forces of brutality and a cry of conscience against the government and just of one power. The function of the churches is to keep the nation up to the level of its high purpose when entering the war. No nation has ever entered war with more holy purpose. The churches must keep the war to the end a holy war; anything else would disgrace the memory of the heroic dead."

Instead of having hunger at one end and surfeit at the other, said the Premier, there was a fair distribution among all classes and ranks. "Show me any way by which we can make peace without betraying the great and sacred trust for which we entered the war, I will list gladly, gratefully and thank God for the light given me. Short of that, mere peace talk is undermining the fiber and morale of the nation."

### CENTRAL HIGH DEBATE

A very lively debate took place in the chapel at Central High this morning on the question, "Resolved, That present tendencies for vocational training at the expense of academic education in secondary schools is detrimental to the coming generation." This profound argument was handled in classical fashion, particularly by Mary Rodney, of the negative, who was credited with being the best on either side. The other negatives who helped win the decision were Florence Davis, Miriam Ulrich and Sylvia Gingrich. The affirmative side included Helen Appleby, Zerna Acker, Reada Buckham and Grace Peake. The negatives were made up from the freshman and sophomore classes; the affirmatives from the junior and senior years.

### REGISTRATION TO CLOSE

Dauphin county householders have to-day and to-morrow in which to mail their four cards to the Dauphin County Food Administration, in the Dauphin building. It is absolutely compulsory that the head of every household in Dauphin county mail in a complete list of his four resource, Food Administrator Donald McCormick said this morning. It is likely that stringent steps will be taken to secure data on private supplies if the householders refuse to send in their reports voluntarily. It is estimated that 10,000 reports should come in before the registration is complete. More than 21,000 have already been turned in to date.
