

ARPLANE DATA IS CENSORED BY SENATORS

Misleading Caption on Picture by Official News Bureau Rouses Ire

Washington, March 28.—After Lieutenant Colonel E. Lester Jones, of the supply division of the Signal Corps, had testified before the Senate Military Committee yesterday that only one airplane had been shipped to Europe by this government since it entered the war the Senate Military Affairs Committee began an investigation of the committee on public information, of which George Creel is chairman, and in the first hour of its inquiry developed the fact that data bearing on the aircraft situation sent out to newspapers Tuesday was so misleading that the Senators voted summarily to censor it. By a unanimous vote the members requested that the pictures and captions in question be withdrawn.

Telegrams were sent last night by the division of pictures of the committee on public information asking newspapers to return a set of pictures and captions sent out for publication in next Sunday's newspapers. In face of the fact that only one airplane has been sent to France, a caption attached to one of the pictures and sent out by the committee on public information reads: "Airplane bodies ready for shipment over there."

Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step? What's the use? I go along right on without a care, even with corns, because I use "Gets-It," the painless, oil-like, balsam-like corn-remover. It gets rid of ways galore, until I was blue in the face and red in the toes. No more for me. Use "Gets-It." It never fails. Tug any corn or callus with two drops of "Gets-It" and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your palm. You can wear those new shoes without pain, dance and be as risky on your feet. It's great to use "Gets-It!"

Corns Simply Can't Stop us. We use "Gets-It!"

"Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Harrisburg and recommended as the world's best corn remedy by "Clark's Medicine Store, H. C. Kennedy, G. A. Gorgas, W. P. Steever and Keller's Drug Store.—Advertisement.

GAS ON STOMACH SOUR STOMACH INDIGESTION HEARTBURN

Instantly Relieved by BISURATED MAGNESIA IN 5 GRAIN TABLETS AND POWDER FORM

BISURATED MAGNESIA is Magnesia especially prepared for safe, speedy and certain correction of dangerous stomach acidity. It comes in the form of five-grain tablets and powder in sealed blue packages. Do not confuse with commercial magnesia, milk of magnesia or citric acid of magnesia. Look for the word BISURATED and the genuine form on DRUGGISTS EVERYWHERE. G. A. Gorgas.—Advertisement.

BIG EATERS GET KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back hurts

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sleeplessness or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and cleanse clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs to every home, because nobody can make a mistake by having a good kidney flushing any time.

EMPLOYEE DIES FROM INJURIES

Seriously Injured at Explosion in Merchant Mill Department

Vincel Verfonovic, 649 South Third street, an employe of the local steel plant, who was seriously injured when a pipe or an air compressor at the merchant mill blew off last yesterday afternoon, died at the Harrisburg Hospital last evening at 8 o'clock.

TO PROBE SANITARY HOSPITAL CONDITIONS

[Continued from First Page.]

ing that conditions were unsanitary; patients were treated cruelly and did not receive proper medical attention. Mrs. Lynch said the woman in charge at the "pest house" continually neglects the patients when in need of attention.

In speaking of sanitary conditions Mrs. Lynch declared one of the toilets is out of order, while the bathtub in the women's quarters also cannot be used, the women being compelled to use the men's room. She also said the beds are never put in order or the doors swept unless the patients do the work.

Building Is Unfit Dr. Ritzman to-day said some of the statements about conditions at the institution were exaggerated, but he admitted the building which is used to house the smallpox victims, is practically unfit for the purpose. As it is the only place available and the city does not provide a municipal hospital, Dr. Ritzman said the health department in the last few years has been compelled to do the best possible under the circumstances and provide for patients without proper facilities.

Dr. Ritzman said he doubted the accusations of ill treatment of patients and neglect on the part of Mrs. Laura Detting, the woman in charge, but he said he with Dr. Hassler, will make a complete investigation. He also said a physician's drill at the institution every other day, and in case any of those at the "pest house" become worse, a visit is made each day.

In speaking of the sanitary conditions, Dr. Ritzman said the toilet which was in need of repairs, is now in use again. He also said necessary repairs to the bathroom for the women had been ordered. Council May Act It is likely action may be taken in City Council on the subject, Dr. Ritzman will make a report to them. A conference of the health bureau members also may be called to investigate the report.

Need of a municipal contagious disease hospital was again pointed out by city health department officials. Other city officials also expressed the same opinion. Health Officer Raunick, who has been in charge of the department for several years, in an annual report to Council for the last four years, has repeatedly called attention to the conditions existing at the present building which is now in use.

COAL ENOUGH TO GO AROUND PROMISED

[Continued from First Page.]

strikes, transportation difficulties, or other irremediable causes, intervene, Harrisburg will receive the proportionate share, it was added. If the coal is not here in April to satisfy the stocking up demands of local consumers, it will follow during the four succeeding months to be devoted to stocking up for next winter. Coal is coming into the city every day, it was said, and conditions will improve steadily.

In order that no one will get an unfair advantage from any shortage during April or the following month, the annual winter buying reduction has been averaged and consumers buying their winter supply in August will receive the same reduction as those buying in April. This reduction has been fixed at thirty cents per ton.

That the coal will be sold in the city and in the various districts of the county on a flat rate basis, was also announced by the fuel administration here to-day. Conferences between citizens' committees, dealers, municipal officers, the members of the fuel commission, and the coal dealers have brought about an agreement among the dealers to formulate a method of selling their coal on the flat rate basis, and price rates to be acceptable to the public. All the dealers in the city have signed up as favoring the plan.

Through the plan to average their prices and form a uniform price rate, dealers with the help of the fuel administration, have formulated a source of revenue whereby they will be able to support the central coal bureau which is to facilitate the work of selling and delivering next year's coal supply. All the dealers will contribute to the maintaining of the central office.

The uniform price rate, once fixed, will be enforced by the local fuel commission. It was said this morning Harrisburgers will be enabled thereafter to buy their coal from any dealer at the same price all the other dealers charge. All the dealers have agreed to this. To-night members of the local fuel administration will meet coal dealers from Millersburg, Hallifax, Ellersburgh, Gratz and Lykens, at Millersburg, and citizens' committees from each of these towns, to formulate similar plans for that part of the county. Similar coal bureaus, with similar uniform price agreements, will be established in all localities of the county, it was announced this morning. The uniform price list for Harrisburg will probably be published this week or the early part of next week.

Maine Republicans Clear Program For Col. Roosevelt Tonight

Portland, Me., March 28.—Republicans at their state convention to-day took up the task of framing a party platform and selecting a state committee with the expectation of clearing the program before the session to-night, at which Colonel Theodore Roosevelt will deliver an address outlining the general plan of the party's Congressional campaign.

This will be the former President's first appearance since his recent illness. The morning session, devoted to the routine work of organization, adjourned in time to greet Colonel Roosevelt on his arrival from Boston. Congressman Wallace H. White, of Lewiston, is permanent chairman and Governor Carl E. Milliken, candidate for re-election, spoke at the afternoon session.

Miss Stella Whitmer and Miss Catherine Short will spend the weekend at Mr. Alto with their parents. Miss Edna Hutton, of York, spent yesterday with Miss Olive Stengle. Irvin Gerheart is confined to his home with a severe attack of grip.

Dissatisfaction With German Peace Terms Grows in the Ukraine

Moscow, Tuesday, March 26.—The situation in Ukraine presents one of the most intricate questions arising from the cessation of war in the east. Dissatisfaction with the peace terms is widespread among the peasants and workmen and is being aggravated by German requisitions of grain, sugar and other products. The Central Rada, the chief legislative body of Ukraine, passed a vote of want of confidence in the Ukrainian government after the signing of the peace treaty. The high-handed treatment of Ukrainians by the Germans, leading to a conflict with the German commandant at Kiev, resulted in the resignation of M. Petlura, a member of the government, and eventually may lead to an open break.

Ladies' Auxiliary Gives \$15 For Soldiers' Smokes

A bit of good news for many a fighting American boy now in the trenches arrived to-day at the Telegraph office in the shape of a check for \$15, contributed to the smoke fund by the ladies' auxiliary G. I. A. to the Brotherhood of Locomotive Engineers. The communication was signed by Margaret Sweigert, of Allison Division, 434, G. I. A., and the business office of the Telegraph took care to send along the check to headquarters.

Deaths and Funerals

CHRISTINE E. COLLISON Christine E. Collison, the infant daughter of Mr. and Mrs. Clinton Collison, died yesterday. Funeral services will be held at the home of the parents, 406 Nectarine street, Friday afternoon at 2 o'clock. Rev. Clinton Smucker, pastor of Stevens Memorial Methodist Church, officiating. Burial will be made in the Paxtang cemetery.

Courthouse Notes

Criminal Court Costs.—Criminal Court sessions last week cost Davin county \$2,854.63, the amount being paid to the following: Grand Jurors, \$372.36; petit jurors, \$1,095.60; stipstaves, \$162; witnesses, \$839.67; police, \$185; constables, \$271.96.

School Meeting To-night

W. R. Zimmerman, assistant county school superintendent, will speak to-night at a patriotic meeting to be held in the Oak Hall school, Lower Paxton township.

To Issue Licenses

Licenses for junk dealers, hucksters and owners of vehicles used for hauling will be issued beginning next Monday. The licenses for 1918 will be yellow with letters and numbers stamped in black.

OBERLIN

Mrs. H. S. Kiefer, first vice-president, Mrs. Cora T. Stewart, second vice-president, Mrs. W. M. August, secretary, Mrs. S. A. Lavature, treasurer, Bertha D. Eby; secretary of literature, Mrs. G. W. Smetzer; thanks offering secretary, Mrs. W. B. Livingston; collectors, Mrs. W. H. Hoerner, Mrs. George Green, Mrs. Emma McCallister and Mrs. S. C. Beinhard.

ENGLISHMAN, 5 BROTHERS KILLED, QUICKLY ENLISTS

Easton, Pa., March 28.—Ralph Wemmerson, a reporter on the Press, yesterday enlisted and was held for further examination. He is an Englishman by birth and served two years in the Boer war. Five brothers entered the English army and three were killed. Yesterday he received a telegram saying that the other two had been killed. Two sisters are in the Red Cross service.

"IT MADE ME FEEL SO GOOD" SHE SAYS

Master Medicine Quickly Rid Her of Her Distress

"I speak a good word for Tanlac whenever I can," says Mrs. Emma Hart, R. F. D., No. 1, West Leosport, Pa., a thriving town near Reading. "For it made me feel so good that I want to help others who are suffering as I did. "I had a terrible distress from my stomach. "I started taking Tanlac at the suggestion of a friend of mine, Mrs. Eisenhart, who told me how it had benefited her and I must say that the results have far exceeded my hopes. "My appetite got better right away and soon I found that I could eat almost any well cooked food without distress. My nerves quickly quieted down and I took to sleeping better and now wake up feeling refreshed and rested. "I am better in every way and I give all the credit for my restored health to Tanlac." Tanlac is now being introduced here at Gorgas' drugstore.

Handling the Peak Load

WERE every one of the one hundred, and thirty-seven railroads served by the Pullman Company to attempt to furnish the same service for itself, the burden of expense would be found insupportable.

Each road would have a heavy investment in extra cars which would be idle perhaps eleven months in the year; and it would be forced at certain times to man all these cars with green crews—to the great discomfort, inconvenience and anxiety of the public.

THE PULLMAN COMPANY Chicago

The Pullman Company mobilizes its seventy-four hundred cars—each as perfectly appointed in its way as a modern hotel—with the keenest strategy. It knows at every hour of the day the location of each one of them; it notes the least threat of congestion here, or shortage there, and is on the alert to supply maximum service wherever needed.

Pullman service meets a national problem; it gives to our passenger traffic facilities a stability and a mobility otherwise almost impossible.
