INJURIES CAUSE CHILD'S DEATH

Knocked Over by Cow, Child Was in Semiconscious Condition For Seven Weeks

Gettysburg, Pa., April 12.—Eather Smith, the 7-year-old daughter of Mr. and Mrs. Plus Smith, of New Oxford, died recently. She had been lying in a semiconscious condition during the past seven weeks from an injury supposed to have been the result of her head striking a log in the stable when she was knocked over by a cow. Her case was a puzzle to physicians. The child would lie for hours in a stupor as though completely paralyzed and at intervals she would regain consciousness. The physicians in charge of the case finally came to the conclusion that the little girl was suffering from a ruptured blood vessel in her head.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

To Keep Your Skin Free From Hairs
(Beauty Topics)
If you are willing to spend a few minutes time in your room using a delatone paste, you can easily banish any unsightly hairy growth without discomfort or injury. The paste is made by mixing some water with a little powdered delatone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed. You will not be disappointed with this treatment, providing you get real delatone.
