## BIG WAR BALLOON AT GETTYSBURG

### Gas Bag Carrying Aviator and Gunner Lands on Farm When Leak Happens

Gettysburg, Pa., April 30.—Coming from no one knows where, a war balloon descended near Gettysburg at an early hour yesterday morning when the big bag sprung a slow leak and forced the descent. The big balloon, the bag of which was about 100 feet long, was traveling about 1,700 feet above the ground when the leak started and gradually began to come down as the gas escaped from the bag, landing on the farm of John March, about two miles from town. Two men were traveling in the basket. Army trucks, balloon and from their appearances had evidently been going the greater part of the night. The one man was a naval aviator and the other was a gunner, but nothing could be learned of them as to where they came from, where they were going or what their business was. Army trucks were sent out from Camp Colt and the balloon brought to town and expressed to New York.

## Here's A Gentle Laxative For Elderly People

A daily free movement of the bowels becomes a serious problem as you step from middle-life into old age; and much dependence can no longer be placed on nature herself. The bowels find artificial aid necessary.

The stronger the physic; as old people soon learn; the greater the contraction of the bowels thereafter; and so the wise purposely avoid salt waters; pills; and other harsh purgatives. Many have learned to place absolute reliance on the gentle but positive action of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin.

It produces an agreeable movement as nearly natural and free as high pharmaceutical skill can make it. Thousands use it regularly; in the small dose prescribed; and keep themselves in fine health and good cheer; and entirely free from constipation.

The druggist will refund your money if it fails to do as promised.

NO INCREASE in price of increased laboratory costs due to the war. The manufacturers of Dr. Caldwell's Syrup Pepsin are reducing their profit and absorbing the cost of this family laxative may remain at the former price of 50c. per 4 1/2 oz. bottle. A large bottle, so sold by druggists for 25 years.

### Rub Face with Amozized Cocog and Watch Wrinkles Go

Beauty Doctors Say Any Woman May Have Clear, Smooth Skin, Free from Lines, and Wrinkles.

If you have wrinkles or crow's feet around your eyes, if you don't stick plasters on your face or apply dangerous lotions, rub Amozized Cocog on your face. It will keep you young, and you really are, but you must continue to look younger. Get a little ordinary amozized cocog and apply this over the wrinkles for a few nights and you will be surprised to see how quickly the wrinkles disappear and how fast it brightens the old dead skin and contracts the enlarged pores.

Amozized cocog costs little, is easy and delightful to apply, does not produce hair growth and will keep sweet and fresh indefinitely. Many society women who would not touch an ordinary face cream keep their skin absolutely free from wrinkles by its use.
