Health Returns to a Well-Known Woodbine Carpenter After Suffering for Years With Stomach and Liver Troubles After Taking Three Bottles of Tonall

"It seems hardly possible that I am the same man that was so tired and miserable a few weeks ago. I did not care what became of me," says Joseph C. Wilson, of Woodbine, Pa. I cannot tell how many different kinds of medicine I had taken, and I desire to forget them as they did me no good.

"I saw Tonall advertised and heard so much about the different roots, herbs and barks it contained. I just thought I would give it a trial, and the results I have obtained have been far greater than I ever expected. Why, all my acquaintances, as soon as they see me, say: 'What in the world are you doing or taking? You look so good! It is wonderful! Just tell the world Tonall did for me, what other medicines failed to do.'

Tonall is sold at Gorgas' drugstore, Harrisburg, where its merits are being explained by the Tonall chemist, and a free sample bottle given this week and also at the Hershey drugstore, Hershey, Pa.

Battlefield World's Best Pulpit, Black Watch Chaplain Says

New York, May 27.—The Rev. Laughlan Maclean, D. D., formerly pastor of one of the most fashionable churches in Edinburg, and now a major and chaplain for the Black Watch Regiment, called the battlefield the finest and most glorious pulpit that God ever devised when he appeared yesterday before the congregation of the Fifth Avenue Presbyterian Church.

"I could go back to my old church now as fast as a ship could carry me," he said, "but I have no desire to return. I want to preach again in the finest and most glorious pulpit that God ever devised, and that is located in the land of the brave at the battlefield overseas."

He paid a high tribute to the Red Cross which said that every man in America should lift his hat in reverence as the emblem passes by.

"The glorious work that these noble women are doing," he said, "can never be estimated. Never have they shown any hesitancy to succor the wounded, regardless of their own personal danger."

Thousand Farmers to Take Part in Big Auto Tour

One thousand farmers and others interested in agriculture in 200 automobiles are expected to take part in a farmers' auto tour of Southern Dauphin county on June 6 under the auspices of the Dauphin County Farm Bureau. Preliminary plans for this tour were made on Saturday evening at a meeting of the executive committee at the Farm Bureau office in the Spooner building.

The purpose of this tour is announced by H. G. Niesley, county agent, this morning, is to observe the methods of farming followed by different farmers in different communities and to observe the growing crops and livestock and farm products at this particular season of the year.

The trip will be a one-day event only, and only the southern end of the county will be covered. It was thought impossible to cover the entire county in one day, so the tour of the southern end is being made at this time with a tour of the northern end to be held in late summer or early fall. City people or residents of surrounding towns desiring to accompany the farmers on this tour will be welcome, Agent Niesley announces.

RED CROSS BENEFITS BY NAIL-DRIVING CONTEST

For driving a nail into the head of Kaiser Bill in the "Nail the Kaiser" contest at the Middle Ordnance Department yesterday afternoon, three women won wagers of five dollars each which was promptly turned over to the campaign manager who is conducting the contest under the auspices of the Harrisburg recruiting station for the benefit of the Red Cross Society. Each had paid one dollar for the nail which she drove. A total of \$150 has been raised in the Middletown contest for the Red Cross.

RED CROSS TO WORK MEMORIAL DAY AFTERNOON

Red Cross workrooms will be closed Thursday morning to give workers an opportunity to attend Memorial Day services. "The need for our finished work is so imperative," an official stated, "that we cannot close the rooms for the entire day. We want to give the women an opportunity to do their patriotic duty."

PHEASANTS MAY GET PROTECTION

Move on to Have Some Counties Closed to the Shooting of This Game Bird, Too

A movement to have some of the counties closed to the hunting of ring-necked pheasants along the lines of the campaign planned for protection of grouse is under way in several western counties of the state. There are a number of counties where the pheasants may not be shot at present owing to steps taken to have the State Game Commission close counties to them and it is planned to extend the area as pheasants have been extensively shot. Counties which are closed, although in some cases the closed period ends this fall, are Allegheny, Blair, Bradford, Bucks, Butler, Cambria,

Chester, Clarion, Crawford, Delaware, Indiana, Lawrence, Mercer, Montgomery, Ploga, Venango and Westmoreland.

Hundreds of eggs of pheasants are being shipped from contractors in eastern counties to game protectors who are placing them in hands of sportsmen's associations who have agreed to see that these birds are propagated. The state contracted for 11,000 eggs and many are now under hens.

Reports have shown that pheasants have wintered fairly well, but that they have been so extensively hunted that something will have to be done to protect them. Similar statements are being made about wild turkeys which are numerous this year and reported to have wintered well. This survival and that of the quail is declared by Dr. Joseph Kalbus to be due to the keeping of birds by sportsmen. "The scattering of grain has saved Pennsylvania's game in one of the worst winters known," says he. "I hope it will be general. The sportsmen of Pennsylvania can save the game for themselves and preserve many birds for farmers if they will feed the birds. In some counties like Alle-

TIME HERE FOR PAYING FEDERAL WAR TAXES

Officials of the Ninth Internal Revenue District are now making preparations for the rush during the next several weeks until June 15, the last day for the payment of the income tax and the excess profits tax decreed by the national war legislation governing such taxation. Bills are now being sent to those who have filed returns in compliance with the law, but who have not yet paid the required tax. Those who fail to pay the taxes by that time will be subject to a heavy fine.

Employers who have thus far failed to make returns of the wages or salaries equal to or in excess of \$800 per year paid to those in their service, are being notified to do so without delay. June 1 is the last day for the filing of such reports.

If Food Disagrees Take Bi-nesia

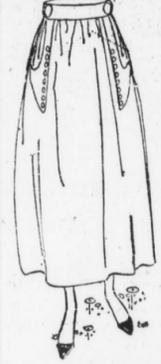

Costs Nothing If It Fails

Nearly everybody suffers at times after eating. Many can rarely eat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried, it is instant and almost invariable relief may be obtained by taking in a little hot water a teaspoonful of a simple food fermentation, the cause of indigestion, such as Bi-nesia. This instantly neutralizes the acid and stops the stomach from proceeding with digestion in a painless, normal manner. Care should be taken to insist on getting the genuine Bi-nesia, which, owing to its marvelous properties, is now sold by Geo. A. Gorgas and leading druggists everywhere under a binding guarantee of satisfaction or money back.—Advertisement
