Defiant Soldier Given 10 Years at Hard Labor; Selected at Lancaster

By Associated Press
Camp Meade, Md., May 31.—Charged with desertion, Private David E. Flory, Fourteenth Company, One Hundred and Fifty-fourth Depot Brigade, has been sentenced to ten years at hard labor at Fort Jay, N. Y. He was selected for service in Lancaster, Pa., and ordered to report for enlistment on April 26. He failed to do so, and, according to the evidence, "showed public defiance to orders." He was sentenced to serve twenty years by the court before which he was arraigned. The sentence was reduced by the reviewing authorities.

Gettysburg Ordinance Taxes Picture Theaters

Gettysburg, Pa., May 31.—After much argument and discussion, which at intervals covered a period of several years, the town council has passed an ordinance regulating the license to be paid by moving picture houses, also including the amount of the license, which it is thought will be satisfactory to all concerned. The ordinance in effect for some time had a flat rate for the moving picture business of \$40 a year without regard to the seating capacity of the houses. Under the new regulation the charge will be made according to the seating capacity of the place, ten cents per seat per year.

DUTCH SHIP SAILS FOR U. S.

By Associated Press
Amsterdam, May 31.—The Holland-America line steamer Nieuw Amsterdam has sailed for an American port without American passengers, as the German government made the safety of the vessel dependent on this. There is an American citizen aboard the steamer, but he is a naturalized Hollander more than 70 years of age.

WILSON DRIVES RIVET INTO KEEL; WIFE ASSISTS

President Takes Real Part in Shipbuilding Work in Virginia

Alexandria, Va., May 31.—President Wilson lent a hand in driving a rivet in the keel of what will be the steamship Gunston Hall, a 9,400-ton freighter for the shipping board, yesterday.

Mrs. Wilson also played a part in the keel-laying, guiding the last vertical plate into position and naming the ship as she did so.

"I haven't got my union card, but I guess it's all right," laughed the President as he clapped a sturdy workman on the shoulder after the white-hot end of the rivet had been beaten to a round head, neatly edged against the keel plate.

"Pretty fair work," commented the shipbuilder with a grin. A gigantic traveling crane slowly lowered the last heavy plate of the keel into position, temporary bolts were placed to hold it firm and then Superintendent Charles Andrews, acting as heater, drew from the charcoal furnace a blazing nub of iron and placed it through one of the multitudinous holes in the keel plate.

"As the President stepped forward to take hold of the air gun several motion picture cameras began to click. Some one asked Mr. Wilson if he objected.

"Not at all; I'm not camera shy," he replied, and joined in the laughter which followed.

Robert Mooney, rivet foreman, placed the heavy pneumatic hammer in position against the rivet head and William Sims, on the other side of the plate, leaned his weight against the "holder-on hammer." Suddenly the noise ceased. The jarring had shaken the President's finger loose.

"Keep on!" Mooney ordered sharply, fearing the rivet would cool before the job was finished.

Again the President pressed the trigger and as Mooney guided the gun around the edge the rivet was beaten cleanly to a buttonlike head, guaranteed to hold in all kinds of seas.

Grace Lusk Is Guilty; 25 Years Full Penalty
Waukesha, Wis., May 31.—Grace Lusk has been found guilty of second degree murder by the jury which tried her for killing Mrs. Mary Newman Roberts. Second degree murder carries a sentence of from fourteen to twenty-five years in prison.

When the verdict was delivered, Miss Lusk made an attempt to choke Special Prosecutor Tullar, but was overpowered by court attendants and led, screaming, from the courtroom. Miss Lusk listened to the closing argument of the state with hardly a trace of emotion, but broke down completely after the case had gone to the jury and sobbed in her father's arms.

ANTITYPHOID INOCULATION FREE, IS ORDER OF McADOO
Washington, May 31.—Free antitypoid inoculation is to be given by the government to protect the health of the nation at this time when the labor of every man possible is needed in winning the war.

Secretary McAdoo announced last night that he had directed the public health service to give the inoculation without charge to all who apply at any of its hospitals or field offices.

BUYING THE BEST IS A MATTER OF ECONOMY YOU CAN PRACTICE RIGHT HERE

Every man wants to get the most stylish clothes he can possibly afford to buy—and generally pays enough to get them.

We have made it a special point to handle not only stylish clothes but good clothes—the best that money can buy—the best that can possibly be made to sell at the popular prices of this store.

There may be cases where stores are getting high prices for clothes on the pretext that they are high on account of the war. True, the war has caused clothing of all sorts to cost more but we are still enabled to give our customers a good measure of economy.

Come in and look over the summer lines and you will be convinced.
