SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only logical and practical way to remove hair is to attack it under the skin. DeMiracle, the original sanitary hair remover, does this by absorption.

morning, events in the afternoon and patriotic meetings and band concerts in the evening, will be the largest and most memorable one ever staged in the city.

The parade will be the first on the program and members of the committee last night echoed Mayor Keister's declaration that no able-bodied man or woman should be seen along the sidewalks. Every effort will be made to have all citizens and all foreign-born residents, whether of alien countries or the Central Powers, appear in line to show their allegiance to the United States for the protection and freedom which is enjoyed here.

Foreign-Born to Take Part
Edward Moeslein, a veteran of the Franco-Prussian war, is chairman of the foreign-born committee, and assurances have been given already that the Sons of Italy, Rumanians, the Greek colony and other foreign-born residents of the city and Central Pennsylvania will be in line.

The industrial plants will also take part and the women of the city will be requested to march. A committee to arrange for their places in line will be announced in a day or two. Firemen of the city and nearby towns with their apparatus are to be invited, and the committee to secure bands has already communicated with a large number of organizations.

Mayor Keister will be the chief marshal and with the parade committee will start arrangements at once for the route and the program of what is expected to be the largest demonstration ever held in Harrisburg.

Following the parade in the morning there will be a big program for the afternoon. Efforts are being made to have a game of baseball on the grounds of the city and teams of the Bethlehem Steel Company and the island where another large section of seats are permanently constructed.

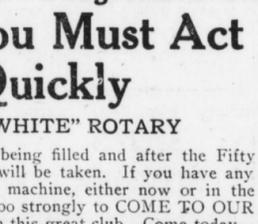

The evening program will be another patriotic one, the committees

planning to have five or six band concerts in Reservoir Park and other parts of the city and during the intermissions patriotic addresses will be given by prominent speakers.

All Asked to Help
Full publicity will be given to all definite plans and Mayor Keister, with other city officials and members of the general committee have requested that every one when called upon to do any service in connection with the program for the day or to parade should respond at once.

The committee to arrange for the women's part in the celebration will be named later. Other committees were appointed last night to arrange at once for the events which are planned. The list follows:
