

STRUCK IN FACE, SUES FOR \$5,000

Alleges Man Assaulted Him on Street, Knocking Out Three Teeth

Alleging that George W. Meek grabbed him and struck him in the face knocking out three teeth and loosening seven others as he was walking along Eighteenth street on June 17, John N. Heck, Jr., through his attorney, has brought a suit for \$5,000 damages against Meek. Heck claims he has been disgraced, spent much money for medical treatment, lost ten days' work and can not chew properly the food he eats, because of the blow.

Aunt Appointed Guardian.—With both parents dead Cleone Vanetta Skeaton, colored, Pittsburgh, had her aunt, Rosie Wade, appointed as her guardian so that she could get a license to wed Henry Clay Bond, colored, this city. Both are under age. Bond's mother consented to his marriage, while the girl's aunt gave her consent.

Final Decree Issued.—Judge McCarell to-day handed down the final decree in favor of the plaintiff in an equity suit between the Commonwealth Trust Company and H. and L. Lowengard.

FEEBLE AGED WOMAN

75 Years Old, Weakened by Pneumonia—Vinol Restored Strength. Winchester, Va.—"I am a farmer's wife, 75 years of age, and pneumonia left me in a weak, run-down condition so I could hardly keep about and do my work. A neighbor brought me Vinol and it has built up my strength so fast that I think it is the best medicine I have ever taken."—Mrs. Jennie Chapman.

There is no secret about Vinol—it owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates the oldest and most famous body-building and strength creating tonics.

MISS BESSIE WYNN ROTARY'S GUEST

War Zone Songster Tells Her Experiences and Gives Hints to Ladies

Miss Bessie Wynn, concert singer just returned after three years of war work in France and England, was the guest of honor at a women's luncheon of the Harrisburg Rotary Club at the Board of Trade hall at noon and delivered another of her striking and eloquent addresses on the part England and France are taking in the war and what America must do to win it.

Her remarks to-day included descriptions of her own thrilling experiences in the war zone and of the heroic qualities of the women of the front who have taken the places of the men who have gone to war in every form of industry and who bear their hardships and sorrows with utmost fortitude.

Miss Wynn traveled under all sorts of circumstances and had hundreds of thrilling experiences. She is wonderfully impressed with the spirit of those abroad and is confident of an eventual allied victory. "Carry on and with the help of Almighty God we shall win," was the message she brought to her audience.

CHURCHES TO OBSERVE FOURTH WITH SERVICES

Congregations Unite in Prayer For the Success of American Arms and Divide Guidance; Special Mass to Be Said in Catholic Churches

Independence Day to-morrow with its greater significance and increased solemnity will be celebrated in the city churches with special prayer services for the nation, its officials and its many sons fighting on foreign battlefields and training in numerous camps and cantonments throughout the United States.

Protestant churches of the city have arranged to have union prayer services in the morning, starting at 7 o'clock and lasting until 8, in three different churches of the city, for the Allison Hill district, downtown district and the West End. In each of the Catholic churches to-morrow a special low mass will be said at 7.30 o'clock.

In the Market Square Presbyterian Church the meeting will be in charge of the pastor, the Rev. Dr. George Edward Hayes, with music at intervals. The invocation will be said by the Rev. Ellis N. Kremer, of Reformed Salem Church, and the Scripture reading will be by the Rev. Dr. S. Winfield Herman, pastor of Zion Lutheran Church. Special prayers will be said for the President of the United States and all the soldiers and sailors and all in the service of their country.

West End Churches.—Four West End churches, St. Matthew's Lutheran, Sixth Street United Brethren and the Camp Curtis Memorial Methodist Churches, will have their meeting in the Camp Curtis Memorial Methodist Church. Devotional songs will be sung and an introductory address made by the leader, the Rev. John H. Mortimer.

Separate and specific petitions will be called for with the following objectives: (a) President Woodrow Wilson; (b) the war council; (c) Army and Navy; (d) our boys in camp; (e) our boys and girls overseas on battlefield and in hospital; (f) Red Cross; (g) M. C. A.; (h) our war industries; (i) our war population; (j) our great citizenry; (k) our churches.

STATE CAPITOL READY FOR 4TH

Governor Leaves This Afternoon For Pittsburgh; Departments Close Doors

The State Capitol closed to-day for the observance of the Fourth of July as an unusual number of persons connected with the state government will participate in Independence Day celebrations in their home communities. The fiscal and other departments will operate with reduced forces until Monday, but some will be open on Friday for necessary business.

Governor Brumbaugh has gone to Pittsburgh where he will address educators to-morrow and other state officials will be at their homes. Arrangements have been made for the State Department of Health dispensary division, which is in charge of the distribution of anti-toxins to remain in close touch with the dispensary division.

The Public Service Commission will have one hearing the remainder of the week, it being scheduled for Friday. The progress of other state bodies have adjourned.

Investigate Fire.—Agents of the State Fire Marshal's Department on board Base Hospital No. 4 and members of the Reserve Nurses Corps, "General Pershing and his staff sailed on May 20, 1917. The embarkations in the months from May, 1917, to and including June, 1918, are as follows:

Table with 2 columns: Month, Personnel Count. Rows include May 1917 (1,718), June (12,261), July (12,988), August (13,323), September (32,523), October (38,259), November (48,840), December (46,776), January 1918 (48,027), February (52,811), March (51,312), April (24,345), May (24,345), June (14,644), Marines (1,018,115).

Aggregating... The total number of troops returned from abroad, lost at sea, and casualties is \$1,165, and of these, by reason of the superbly efficient protection which the Navy has given our transport system, only 291 have been lost at sea.

Congressman Here.—Congressman Henry A. Clark, of Erie, was at the Capitol on business to-day.

Personal Appointment.—Ex-Judge Harold W. McClure, of Lewisburg, the new member of the Public Service Commission, to-day filed his oath in the Department of the Secretary of the Commonwealth and will assume his duties on Monday as a member of the commission. The appointment is generally believed to have been purely personal with the Governor, who had been bested by advocates of several men and according to all reports disregarded even pressure close to him for appointment of Clarence D. Coughlin, of Wilkes-Barre, and made his own selection. The commission for the new judge runs until the end of the next Senate.

Will Do Even Better.—Auditor General Snyder said to-day in discussing plans for speeding up collection of taxes long due to the state that the second half of the year would be even better than the first in the collection of delinquent taxes. Search of records has been completed and active steps for gathering in the cash are under way.

No Complaints.—The Public Service Commission has been two days without receiving a complaint, a record that is unusual. The commission has adjourned all hearings except the Coatesville hearing in Philadelphia Friday, until next week.

Governor Won't Change.—Governor Brumbaugh left Harrisburg for Pittsburgh to-day without indicating what will be his policy toward members of draft boards who are holders of public office or candidates. The general impression is in spite of the Governor's declaration that he will not disturb any one for the present as he does not want any controversy over the draft. The Governor said that the state is doing its duty in furnishing men.

Men Reporting.—Men who were carried in the parade to-morrow.

Across the Water.—The employees of the Douthick Store have presented to the Douthick Store a handsome silk service flag banner, containing ten stars, representing the employees of the organization which have thus far answered the call to the colors. The banner will be carried in the parade to-morrow.

THIS WOMAN KNOWS

She Proved That Lydia E. Pinkham's Vegetable Compound Does Help Suffering Women.

Watertown, N. Y.—"Last fall when I was expecting to become a mother I was in low spirits. I suffered from a female weakness so I did not have strength enough to do my own work and could not stand on my feet for any length of time. Lydia E. Pinkham's Vegetable Compound corrected my trouble and I improved in health so that when my baby came the doctor said he never saw a woman get along any better than I did and I know it was Lydia E. Pinkham's Vegetable Compound that helped me."

BERLIN DENIES SINKING VESSEL ON MERCY TRIP

Semi-Official Note Says the Llandover Castle Struck a British Mine

Amsterdam, July 3.—The sinking of the British hospital ship Llandover Castle, announced by the British admiralty to have been sent to the bottom by an enemy submarine off the Irish coast on June 27 with the probable loss of more than 200 lives, was due to her striking a British mine, in all probability, says a semi-official note from Berlin received here to-day.

The British Admiralty's account of the sinking of the Llandover Castle stated that after she was torpedoed a submarine appeared, the commander of which hailed the captain's boat, ordered him on board the U-boat and questioned him sharply, accusing him of having eight American aviation officers on board, which the captain truthfully denied. The captain and a Canadian medical officer, who also were interrogated, finally were allowed to go. Survivors reported that the submarine later was heard shelling an unseen target.

AMERICAN ARMY SENT TO FRANCE

France, in reporting this fact to you I feel you will be interested in data showing the progress of our overseas military effort.

The first ship carrying military personnel sailed May 8, 1917, having on board Base Hospital No. 4 and members of the Reserve Nurses Corps.

General Pershing and his staff sailed on May 20, 1917. The embarkations in the months from May, 1917, to and including June, 1918, are as follows:

Table with 2 columns: Month, Personnel Count. Rows include May 1917 (1,718), June (12,261), July (12,988), August (13,323), September (32,523), October (38,259), November (48,840), December (46,776), January 1918 (48,027), February (52,811), March (51,312), April (24,345), May (24,345), June (14,644), Marines (1,018,115).

Aggregating... The total number of troops returned from abroad, lost at sea, and casualties is \$1,165, and of these, by reason of the superbly efficient protection which the Navy has given our transport system, only 291 have been lost at sea.

The supplies and equipment in France for all troops sent are, by our latest report, adequate, and the output of our war industries in this country is showing marked improvement in virtually all lines of necessary equipment and supply.

Respectfully yours, "Newton D. Baker."

COCONUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This makes the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely grassless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonsful will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drugstore. It is very cheap, and a few ounces is enough to last everyone in the family for months.

BEST MEDICINE I EVER TRIED

John H. Strack, residing at 532 North Eighth St., Lebanon, Pa., gave out this statement concerning Tonnal and tells what wonderful relief he obtained from its use.

"I suffered from stomach troubles, and my system was completely run down. I used one bottle of Tonnal for twenty-two days and found wonderful relief. The best medicine I ever tried. I am night watchman at Kreider's shoe factory and I haven't missed an hour at work since taking Tonnal.

I gladly recommend Tonnal to all my friends and acquaintances as well as the suffering public everywhere, who read my statement."

This testimonial was given April 25, 1918. Tonnal is sold here at Gorgas' Drug Store, Harrisburg, and at the Hershey Drug Store, Hershey.

MEN OF EVERY RACE ARE LOYAL

[Continued from First Page.] ally, creed or religion. They are only American!"

"The foreign-born nationalities are more and more self-convinced. There is only one way for them and that is to be loyal Americans, sticking together for Old Glory which gave them their freedom and liberty. Then they will enjoy it as well as the future generations."

"You ask how many foreign-born nationalities there are in Harrisburg, Steelton and surrounding towns in the county. I don't know exactly, but I judge that there are about twenty-six nationalities. At one time I answered about fifteen or sixteen, but the number has increased greatly. The Slav race has the largest representation, among them being Croatsians, Serbs, Slovenians, Slovaks, Poles from Austria, Russian and German Poland, and Bohemians or Czechs. The Italians come next in representation, followed by those of Germanic extraction. Most of these are from Austria-Hungary, Rumanians, English, Scotch, Irish, French, Russians, Greeks or Hungarian Magyars follow in succession. The Magyars are the only people of the white race in the world that are in no relation in language with any other nationality. Most of the Magyars in this section live in Steelton."

Many Changes at Home.—There are Macedonians here who speak Bulgarian, and since 1912 they don't know what government is their ruling power. When they left home they knew the Turks were ruling them but then the Bulgarians took their country. It has changed hands to Serbia, to Greece, to Bulgaria and now it has come back again to Bulgaria and Austria. A Macedonian who was asking his question, answered the question, "what nationality are you?" by the statement, "I don't know." was a Macedonian when I left my home in Turkey but I don't know to-day whose subject I am. I took my first naturalization papers and the best way for me is to become a naturalized American citizen. I am now an American citizen."

There are many other nationalities in this city and surrounding country. There are Swedes, Norwegians, Danes, Lithuanians, Spaniards, Syrians, from Seyrut, Portuguese from the West Indies, Mexicans, Chinese and a couple of Turks in the bargain.

"Most of the people beyond the German and Swiss border before coming to the United States were peasants working on farms in their native country. They know little or nothing of the manner and ways of city life. They lived in a primitive way and their government did little or nothing for them. They worked, paid their taxes and asked no questions. As an example, in Croatia, which is ruled by the Austrian autocracy, most of the business is government monopoly. These poor people are obliged to pay six cents a pound to the government for sea salt. There are 101 of these kinds of restrictions upon them."

A TERRIBLE SIGHT CUTICURA HEALED Rash All Over Face, Skin Sore, Many a Night Lost Sleep.

"My trouble began like a rash breaking out all over my face in red marks. Later they developed into tiny pimples that grew larger causing my face to be a terrible sight. The skin was sore and many a night I lost sleep. At times I could have sat down and cried."

"I thought my face would never heal until I decided to try Cuticura Soap and Ointment. They afforded relief in a very short time so I purchased two cakes of Cuticura Soap and two boxes of Cuticura Ointment and now my face is healed."

CURBING DERRY STREET

City highway department employees are now at work placing curbing, taken from the Capitol Park extension zone, along Derry street from Cameron street east to Sylvan Terrace. This stretch of highway will be paved with bricks, also taken from the park streets, which have been abandoned, and when completed will prevent washes of dirt across Cameron street during heavy rains.

GARAGE PERMIT ISSUED

A building permit has been issued to C. Raymond Wolfe for the erection of a one-story stucco garage at the rear of 227 South Nineteenth street. It will cost \$60.

Running at a Loss on the 5c Fare

We believe the public fully realizes that prices of materials of all kinds are far above what they were two years ago.

In the street car business this is seen more than in many other kinds of business due to the demand for metals of all kinds for war use.

The result of these conditions is that the street cars have been running at a loss—and that is a thing not consistent in any business.

The five cent fare is too little to cover the cost of operation. It does not begin to cover the cost.

Prices in other lines have been steadily increased to meet the rising costs of doing business—and that was necessary in order to keep those businesses alive. In some instances businesses have been wiped out by the costs of war times.

It would be a calamity for the welfare of the community anywhere in the United States if the street cars in that community had to suspend operation.

The street car business is like any other business. There must be enough income to keep the business alive.

And the five cent fare is not enough.
