

### ELEVATOR ORDER CAPITOL QUERY

#### Superintendent Shreiner Asks if it Will Affect Elevators in the State House

The question whether the fuel administration order regarding elevator service is to apply to the State Capitol which is heated and lighted through use of coal dredged from the Susquehanna river was today placed before Fuel Administrator Ross A. Hickok by George A. Shreiner, superintendent of public grounds and buildings. Mr. Shreiner pointed out that the Legislature would meet this winter. The offices of the Governor are on the second floor of the Capitol and the Public Service Commission, Highway and Military Departments are all on floors high up in the building. There are eight passenger elevators in the building.

Ex-Senator W. M. Lynch, of Scranton, was a Harrisburg visitor. He is now superintendent of the Farview Institution.

Justice B. Perrigo was today appointed justice of the peace for New Cumberland to succeed H. C. Oren, resigned.

The Hamberger case will be submitted to Attorney General Brown when he arrives here to-night.

Highway Commissioner O'Neil has rejected bids received July 2 for construction of 31,700 feet of road in Ulster and North Towanda townships, Bradford county.

The Middletown electric wire contract with the Pennsylvania Railroad was submitted to the Public Service Commission today. No opposition was made.

The State Industrial Board today announced that the hearing on the proposed printing code for sanitation and safety in all printing houses would be held here July 17.

Repairs to the Capitol dome will be started this week.

The Hardwood Electric Company, operating in Schuylkill, Carbon, Northumberland, Columbia, Luzerne and Montour counties has filed notice of an increase in electric rates with the Public Service Commission. The rate on the State House is also filed notice of an increase in fares.

Lieutenant Colonel W. D. Usher, chief engineer of the State Highway Department, is on army duty at Washington. He will spend several days here and a talk with Commissioner O'Neil regarding the State House road work. Friends at the Capitol congratulated him on his recent promotion.

Men of the draft age in Philadelphia who had failed to appear for examination or enlistment and were classified as delinquents and so certified by local draft boards to district appeal board No. 2, but which the appeal board failed to certify to the Adjutant General, are to be put back on the classification list and sent questionnaires. Their numbers will not be changed. A ruling to this effect was received today from Washington by State Draft Headquarters. When the local boards certified the names to the district appeal board the men were stricken from the lists. They will be put back and called up.

The Public Service Commission has sustained the complaint of the borough of Ashland against the action of the Schuylkill Railway Company, in advancing fares from six to seven cents on August 28, 1917, and ordered the rate to be restored.

The opinion in the case was rendered by the commission and after upholding the right of the borough to make the complaint, the business of the company. In commenting upon the contention of the company that the increase was justified by increased cost of labor and material the opinion says "Increases in labor and material might justify an increased rate of fare if it were shown that additional revenue was needed; but where, as in the present case, the operation of the company for years past shows very substantial surplus after deducting expenses, it is not reasonable that the higher cost of labor and material is not alone sufficient to support an increase in the rate to seven cents per zone. Something more should be shown."

Cecil Proclaims an Economic League For the Entente Countries

London, July 15.—An economic association of twenty-four nations comprising the Entente Allies is already in existence, said Lord Robert Cecil, British Under-Secretary of State for Foreign Affairs and Minister of Munitions, in a speech today regarding the world's trade after the war.

Whether Germany eventually shall be admitted to this economic association declared the British minister, will be determined by the test established by President Wilson, when the President said on December 4 that if the German people should still, after the war was over, "continue to be obliged to live under ambitious and intriguing masters interested to disturb the peace of the world," it might be impossible to admit them to the partnership of the nations or to free economic intercourse.

Lord Robert described this statement by the President as a definition of the qualifications for membership in the association of nations, and added: "To these declarations we give our warmest assent."

### V. M. C. A. BOYS HAVE MUCH FUN

#### Lads Publish Their Own "Newspaper" Along Banks of Susquehanna

Camp Bowman, July 16.—Camp Bowman, which is the lovely spot between the mountain and the Susquehanna river, just below Liverport, where upward of thirty V. M. C. A. boys of Harrisburg are spending ten days under the careful guidance of Messrs. Dinsmore and Miller, of the Harrisburg association, weathered yesterday's storms in fine shape and presented a joyous, glad appearance to the numerous visitors who drove up from Harrisburg.

There is a rumor that the camp may continue four days beyond schedule, but that may have originated in the minds of certain enthusiastic young chaps who never get enough of the outdoors. There is strong hope, however, that it has some foundation in fact.

The lads are all in good health and from bugle call in the morning until "lights out" at night the camp is a lively place. Swimming, boating, athletic contests, mountain climbing, nature study, character building exercises and a little Indian prayer song are the lads stand with clasped hands in a circle about the dining table just as bedtime approaches. Among the activities of the day. Among those who attended the camp Saturday evening were former Mayor J. William Bowman and family, of Harrisburg; Mr. and Mrs. Frank Foose, Mr. and Mrs. Frank Davenport, Mr. and Mrs. J. W. Dinsmore and other prominent numbers that made necessary the spreading of two tables for the visitors at the supper hour.

A "Newspaper" of the boys' camp was the reading of the first issue of the camp paper, "The Liverport Cure," the staff being made up of "Bill" Diener, editor-in-chief; "Joe" Bowman, managing editor; "Al" Tossis, society editor; Ross Lyon, joke editor; "Bud" Beard, sporting editor; and "Jim" Bowman, circulation manager.

The "sheet" boasts many features of metropolitan papers. Editorials, news and advertisements are all present, "first hand" without the help of typewriters and monstrous cylinder presses.

Commenting on "Camp Spirit" in the editorial column, Editor Diener writes: "Necessity is the mother of invention; camp spirit is a necessity. It can be secured only by the closest fraternal cooperation of the campers. Campers should dispel all thoughts of self and think more of Camp Bowman and its welfare. As you know this is the first year for Camp Bowman, and our object is to put it on the map. So let us pull together and show the world that the Harrisburg V. M. C. A. is a live, up-to-date institution."

The paper possesses a live column of lighter matter, published under the head "Jokes' Mysterious Hints." From this we glean: "The distinguished guests at Camp Bowman were Muddy Feet and Miss Fortune."

In the same column under the caption "Stuff to Lose Sleep Over," we find: "Al Tossis has a holl in No Man's Land."

Whether further we come to the "live" advertising section of the breezy journal where we find: "Wanted—A cure for sore feet. Apply to Mr. Miller."

Dr. Dinsmore for Mr. Dinsmore's whiskers. "Strayed—Mr. Miller's Mustache. Stolen—A good disposition. Finder please return to Miss Calculate or her brother, Will Calculate."

U. S. Links Rumely With Enemy Clique of Plotters

New York, July 15.—For many weeks prior to the purchase of the Evening Mail by money believed to have been furnished by the Kaiser, agents here, Dr. Edward A. Rumley, ostensibly buyer of the property, was in frequent conference with Dr. Bernhard Dernburg, Captain Ewald Hecker, Dr. Karl A. Fuehr, George Sylvester Viereck, Dr. Heinrich Albert, Captain Boy-Ed, and Captain von Popen at No. 1153 Broadway, where they were some time ago disclosed together and from which building Ives issued the Fathaland.

Such were some of the disclosures made yesterday by Deputy Attorney General Lewis. Other developments were:

Search For Lewis Fulle. The futile search by the Deputy Attorney General for E. A. Lewis, intimate friend of Rumley and secretary and treasurer and director of the Evening Mail, Syndicate and treasurer of the Evening Mail.

The examination for five hours of George T. Dell, who carried on a Central News message to-day from Bernstorff and who was correspondent in Berlin and Stockholm for the Mail from the last months thereafter.

Inquiry into the selection of Miss Ray Beveridge, actress of announcer German leavings, as Odell's successor as Revealer's correspondent in Berlin.

Revelation of the names of Hecker, Fuehr, Viereck and others, backed by Bernstorff, Albert, Popen and Boy-Ed, who allegedly have cloaked big propaganda moves through the German Red Cross offices at No. 1153 Broadway.

### PATRIOTIC DAY AT ST. PAUL'S

#### Splendid Program Marks Services at Progressive Baptist Church

The Women's Day program at the St. Paul's Baptist Church, corner Cameron and State streets, was featured yesterday by patriotic services. There was an early morning prayer meeting at 6 o'clock and a prayer and praise service at 10:30 o'clock. At 3:30 in the afternoon an interesting program was presented including the singing of patriotic hymns, the presentation of national and service flags.

Mrs. Sarah Payne presided and offered the invocatory prayer. Mrs. Calhe Robinson, who has been in the service, presented a handsome flag, the presentation remarks being made by Mrs. Steth Cunningham, who dwelt upon the meaning of the flag at this time. Walter A. Gillis received the flag in behalf of the congregation, making an appropriate address. His husband is on the front lines in France. The presentation of this flag was made by Mrs. Laura Barnes and Mrs. Lena Hearst. Then followed the presentation of a service flag containing four stars in honor of Augustus Hill, Joseph Hall, James Dabney and James Adams, who are the soldier representatives of the St. Paul congregation in France. The presentation of this flag was made by Marie Temple, who made a most appropriate poem by the famous poet, Paul Lawrence Dunbar. Whittier, supplemented the program for the church and eulogized those of whom the flag is a constant reminder.

Mrs. Hazel B. Hall, led the chorus in singing "Keep the Home Fires Burning." Her husband is on the front line over there. The Rev. E. J. Cunningham, the pastor of the church, supplemented the patriotic addresses of the day with some judicious and practical comments upon the war and its purpose and the effect in turn the speakers of the afternoon made a scintillating and interesting program.

The exercises were interesting throughout notwithstanding the impending storm and the great attention at Reservoir Park a considerable audience was present. The committee in charge of the arrangement included Sara Payne, president; Martha Williams, secretary; Martha Williams, secretary; and Annie Jenkins, treasurer.

Germans False in Ideals; Against a World League Peace Through Army, Aim

London, July 15.—A sharp indictment of the rulers of Germany by Maximilian Harden is contained in a current number of Die Zukunft. The holders of high offices, he is quoted as saying by the Rotterdam correspondent of the Daily Telegraph, when it seems useful to themselves, profess to favor a new world order of democracy and national peace, but they really are only carrying on the tradition of the power of the sword.

"No high personage in the German empire," he says, "wishes to see set on foot a policy of nations, adhesion to which has been declared by the states of North and South America and representatives of England, France, Italy, Canada, Australia and India. The continuance of endeavors to conceal this fact has become unnecessary since Brest-Litovsk and Bucharest."

"We know what the enemy wants and we know we have a government which calling itself pan-German or whatever else it likes, only expects to bring about the might of the army and feel certain of obtaining it in a short time. "We may be certain that no words of theirs will ever gain belief anywhere."

U-Boat Quits Prey When Merchantman Returns Sub's Fire

An Atlantic Port, July 15.—An engagement with a German submarine in midocean on July 6 was reported by a British armed merchantman arriving here to-day.

The Britisher was attacked by a submarine off about half way between the Irish coast and Cape Race. The submarine emerged two miles astern and pursued, opening fire but ineffectively.

The steamship returned the fire. Whether a vessel was obtained off Cape Race is not known, but the German gave up the chase.

Playground Leagues Are Creating Much Interest Among Many Youngsters

Playground league contests are causing much interest because of the great rivalry by the youngsters participating and the scores of teams who accompany the teams and witness the games. During the last week Sycamore maintained its lead in the boys' playground league with three victories and no defeats to date. Because of the many teams the girls' longball teams are divided into two sections, Harris and Sycamore being tied for first place in the one, and Emerald leading in the other. The league standings follow:

### SECOND WAR FILM WILL BE SHOWN

#### "America's Answer" Released by Committee of Public Information July 29

The U. S. Government will present, through the Committee on Public Information, George Creel, Chairman, Division of Films, Charles S. Haff, director, the second official American war film "America's Answer," at the George M. Cohan Theater, starting Monday night, July 29.

This feature film in eight reels will be the successor to "The Crusaders." It will tell the story of the arrival in France of the first half million men of the American Army and of what they have accomplished. From a convoy of transport to the first line trenches, the activities of the American Army in France are vividly portrayed.

The building of 800 miles of railroad in France, the erection of enormous docks, storage warehouses and railroad shops, where hundreds of American-built locomotives are assembled and all the work which is being done for the maintenance of the American Expeditionary Force in France will be reproduced on the screen.

There will also be shown the arrival and landing of "our boys" and interesting scenes of their daily life in the trenches and in rest camps. "America's Answer" has been selected and assembled from over 30,000 feet of film which was made by order of General John J. Pershing Staff, and photographed by the Signal Corps of the American Expeditionary Force in France.

All of this film has been previously seen and approved by General Pershing, who is taking the keenest interest in the filming of what will ultimately be a complete pictorial history of America's part in the great war.
