

Influenza Takes 6,122 in Thirty Cities of Country; Toll Heaviest in Phila.

Washington, Oct. 15.—There were 6,122 deaths from Spanish influenza in thirty cities of the week ending October 12 as compared with 19 the week ending September 14 when the disease got its first foothold in New England. In the same period there were 4,409 deaths from pneumonia. These figures, announced to-day by the Bureau of the Census, do not include figures from army camps, and with reports missing from all but the total number of deaths in districts there was no way of estimating cities and towns and country. The heaviest toll from influenza was 1,697 in Philadelphia. The New York total was 749; Boston, 559, and Chicago, 571.

GREAT FIRES BREAK OUT Duluth, Minn. Oct. 15.—Fanned by a wind increasing in velocity, forest fires broke out afresh last night on a 25-mile stretch between Lawler and McGrath about 60 miles southwest of here. Adjutant General Rhinow and Governor Burnquist left Duluth for Lawler and Atkinson to direct the fire wardens to aid in fighting the flames.

VERY YOUNG PRESIDENT FOR THE LONGEST RAILROAD

Edward W. Beatty, K. C., aged 41, has been chosen president of the Canadian Pacific, perhaps the longest railroad in the world. His vast system penetrating every settled portion of Canada, has 18,233 miles. He succeeds Lord Shaughnessy, most important of railroad presidents in the western hemisphere, and one of the builders of modern Canada. He is a Canadian who worked his way from the bottom.

LORD SHAUGHNESSY EDWARD W. BEATTY, K.C.

hundreds of thousands of troops and millions of tons of munitions. Lord Shaughnessy, who is retiring because he believes a younger man should be on the job, still remains as chairman of the board of directors, and will give the new management the benefit of his experience and council. When compared with the vast Canadian Pacific system of 18,233 miles other great railway lines pale into insignificance. The New York Central covers 5,721 miles, the Union Pacific system 8,007 miles, the Southern Pacific 11,136 miles and the Cape to Cairo Railway in its longest single stretch 2,000 miles.

Life's Problems Are Discussed

A bunch of letters and all in the minor key. Most of them are written by girls who are unhappy in their homes, or thwarted in their hopes, or by lonely girls who lack friends and admirers or who are thrown with un congenial associates or else have no companions of their own age and tastes. To older people this may seem a trivial woe. It is nothing of the kind. In the first place no woe is trivial. In the second, to be pretty and attractive and to make friends easily is the heart's desire of every young girl.

In reading over these letters, however, I was struck by the fact that not one of them was written by a girl who has a sweetheart either drafted, or in a training camp, or in France; and I began to wonder why this was so.

Embarrassing Hairs Can Be Quickly Removed

Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in two or three minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.

men and old, young women and old delight in his society. If you are sad, you haven't talked to him ten minutes before the clouds vanish. You feel like talking nonsense, he falls in with your mood. He is unerringly understanding. In other words, he has a genius for friendship and is in the best sense of the phrase, all things to all men.

I think he is unconscious of his popularity. He has very little to say himself, because he is so genuinely interested in the interests of others. I have heard him say of the most tiresome bores, "They are very delightful when you come to know them," and of the silly people, "Oh, a little surface affectation, but good stuff beneath." And he believes it, he means it.

It is just a little supercilious and a little narrow-minded to judge the people with whom one is thrown as stupid, or ignorant, or tiresome, or to consider one's self wasted on them. It usually means that we ourselves are so stupid or ignorant that we are blind to the interesting and lovely sides of them.

Learn and listen. If you are lonely and have no one to talk to, talk to the canary bird in the window, the cat on the sunny ledge, the dog on the doorstep.

Did you ever really make friends with animals? If you can speak, their language, they will talk to you enchantingly.

Borrow your neighbor's baby. If you are able to change the awful disdain in a baby's eyes into smiles and laughter, you can entertain and amuse and charm any one.

Be friends with the universe and you will not very long complain of being lonely.

A TERRIBLE SIGHT CUTICURA HEALED

Rash All Over Face, Skin Sore, Many a Night Lost Sleep.

"My trouble began like a rash breaking out all over my face in red marks. Later they developed into tiny pimples that grew larger causing my face to be a terrible sight. The skin was sore and many a night I lost sleep. At times I could have sat down and cried."

"I thought my face would never heal until I decided to try Cuticura Soap and Ointment. They afforded relief in a very short time so I purchased two cakes of Cuticura Soap and two boxes of Cuticura Ointment and now my face is healed." (Signed) Miss Marion Kline, 1009 E. Packer St., Shamokin, Pa., Dec. 14, 1917.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser"—with chapters on First Aid, Bandaging, Anatomy, Hygiene, Care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relations—to be had at some drug stores or send 50c to Publisher, 554 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c for trial pkg. Dr. Pierce's Pleasant Pellets, so best for liver and bowel trouble.

Erie, Pa.—"During the time I was bringing up my family I became very delicate and weak, which was miserable. I began taking Dr. Pierce's Favorite Prescription. I found it most beneficial during motherhood, to give me strength. For several years I depended on it to keep me in good health, which it did. I heartily recommend the 'Prescription' to women who become weak and run-down while raising their families."—Mrs. J. McGuire, 218 Scott St.

Officially Recovering.—Ed. H. Fisher, chief clerk in the office of the county commissioner, who had been ill for some time, returned to-day. Charles S. Grubb, another clerk in the office, is recovering from a severe cold and is still confined to his home at Loyaltown. Deputy Prothonotary Henry J. Hoyer, who has been on the sick list for several days, is recuperating at his home in Hummelstown.

Register is Better.—Register of Willis Roy C. Danner, who has been suffering from pneumonia, is resting comfortably and his condition is slightly improved, physicians report.

TO THE PEOPLE OF THE Harrisburg District, Liberty Loan. THE ALLOTMENT OF \$6,130,000 GIVEN TO HARRISBURG HAS NOT BEEN REACHED AND THE DISTRICT APPEARS IN THE ROLE OF A SLACKER, THROUGH THE FAILURE TO REALIZE THAT NOW IS THE TIME FOR ALL GOOD MEN TO COME TO THE AID OF THEIR COUNTRY.

THE CITY BLOCKS OF Harrisburg will average six houses. WITHOUT FLAHS in the windows, which means TEN THOUSAND FOLKS have not bought Liberty Bonds. IF EACH OF THESE 10,000 buy a \$50 bond THAT WOULD MEAN only half a million dollars. AND THE CITY WOULD still be "shy" a cold million. SO WE'LL HAVE to do better.

ON SUNDAY AND MONDAY you clamored for Unconditional Surrender. DID YOU NOT? You did! But did you mean it? IF YOU DID BUY BONDS. If you have bought bonds. BUY MORE BONDS. Not one instance has been reported where a man HURTS HIMSELF BUYING. The boys over yonder give their bodies TO BE HURT. Many of us give only three cheers.

TO-MORROW, AND TO-MORROW, and a third to-morrow. THE CAMPAIGN will be over. YOU are not in France, fighting. ARE YOU FIGHTING here? Or are you one of the "kamerad klan" OF GERMAN SILVERED KULTURISTS. Be game — buy BONDS. PULL HARRISBURG out of the mud. If you really want GERMANY WHIPPED. BUY BONDS. TO-DAY.

Congressman Meeker Weds on Death Bed; After He Learns He Cannot Recover

St. Louis, Mo., Oct. 15.—Congressman Jacob E. Meeker died here this morning of Spanish influenza after his marriage at midnight last night, to his private secretary. Congressman Meeker, a Republican, had served two terms in the House of Representatives from the Tenth (St. Louis) District. He was renominated in the August primary and was here in the interest of his re-election when he became seriously ill. He was removed to a hospital last Monday. His marriage at midnight to Mrs. Alice Redmon, his secretary, followed announcement by his physician that he could not recover. He was divorced from his first wife and leaves four children.

Detroit Tigers Roll on Honor Roll at Front, With 24 in Service

Chicago, Oct. 15.—Recent claims that the Cleveland club led American League clubs with eighteen stars in its service flag, sixteen of them representing players in the army, caused President B. B. Johnson to ask each of the eight clubs in the league to give the number of its stars in the service. The head of the league announced to-day that the Detroit club was the first to respond, with an official list of twenty-four players in the Army and Navy; seventeen in the former and seven in the latter; and a manager going overseas for the Knights of Columbus to promote athletics. With only one star on a shipyard President Navin, of Detroit, challenged the major league to beat its loyalty percentage. The Chicago club has sixteen players in service, four of them officers, while other clubs in the league are to be heard from.

MAKING THE MOST OF OUR CHILDREN

A Series of Plain Talks to Parents

By Ray C. Beery, A.B., M.A. President of the Parents Association.

(Copyright, 1918, by the Parents Association, Inc.) No. 83. Do Your Children Provoke You or Do You Understand Them?

CHILDREN often seem a nuisance. Some really do cause an endless amount of trouble. But who is to blame? The child can't help it if the mother doesn't understand it.

The following case of how a little girl misbehaved while her mother was entertaining a club group is reported by one mother: "Betty, stay out of that room. Do you hear me? Come here. Betty, come here, I say, BETTY!" At this point, the mother went in and led Betty out of the room. In a minute or two, Betty started up the open stairway. "Betty, don't you go up those steps, Betty, do you hear what I said? Come right down off those steps, right away." By this time, Betty was near the top and the mother said in a loud voice, "Betty, do you want me to get the whip in the kitchen and whip you? Do you? Betty indicated that she didn't and so she paused long enough to make a study of her mother's face and in fact the whole situation; then she climbed on upstairs.

Her mother doubtless surprised her in that she actually went out to get the whip, and of course, Betty did come down when she discovered that her mother actually had the whip. The mother then assumed that she had won a great victory. But had she? Let us analyze this case. It is interesting.

"Take the mother's first expression, 'Stay out of that room.' This is a negative suggestion. The proper way to use suggestion would be to tell the daughter where she might play; perhaps accompanied by definite, positive suggestions as to what she might play.

By using the expression, 'Do you hear me?' and the two expressions following, the mother violated the fundamental principle of expectancy. The habit of reaping commands is one of the most common causes of disobedience. When a mother tells a child to do one thing, and then tells him to do another almost before he has time to carry out the first, he quite naturally feels that she must not have expected him very strongly to obey the first time and he, therefore, does not think of the following commands as being important.

Most of the expressions used in the case described suggested fault-finding because they related to acts already committed by the daughter. A mere suggestion of fault-finding has a peculiar effect upon children; whenever fault-finding is introduced in any situation, it complicates it—makes it difficult to manage from that point on. The words of a command should be spoken clearly but in a slow and calm manner. The idea of substitution never occurred to this mother. The proper thing for her to have done was to

St. Paul's Baptist Church Offered as Hospital

The St. Paul's Baptist Church, corner of Cameron and State streets, this morning was offered as a hospital for the treatment of influenza victims by the pastor, the Rev. E. E. Luther Cunningham. The Rev. Mr. Cunningham announced that the church has been placed in complete readiness for the reception of the influenza patients, and a corps of workers to act as nurses and do the other necessary work is ready to begin at any time. The building has been offered to the city health authorities.
