JAIL HOLDS FEW OFFENDERS WITH BAN ON LIQUOR

Average Daily Admissions Fall Off From 15 to 2 During Influenza Epidemic

So noticeable has been the decrease in criminal offenses since the ban closing saloons and wholesale liquor stores was declared necessary by health authorities to check the influenza-pneumonia epidemic, that officials at the Dauphin county jail report there are only 138 prisoners in custody, and that since the sale of liquor stopped the average daily admissions has decreased from 15 to 2.

Not One on October 13

The number of prisoners being held for hearings, serving short sentences for petty violations or being held for court is lower now than it has been in years, according to Warden William A. McIlhenny. Since the saloon closing order went into effect the largest number of prisoners brought there one day was five, and at times has been as low as one. On October 13 a new record was established when, for the first time in many years, not one person was brought to the jail on a charge of any kind.

Two Have Influenza

Two of the prisoners developed cases of influenza to-day and were removed to the hospital to prevent a spread of the disease among others at the jail. Every prisoner was given a medical examination to-day to determine if others were suffering from the disease. To safeguard the health of the men who are working on a stretch of state highway in the county, Warden McIlhenny also kept them at the prison until they were examined. These prisoners, twenty in number, will be permitted to be taken from the jail again to-morrow. They have been working for a few weeks for the state highway department. The men are taken from the prison about 7 o'clock in the morning, and are brought back in the afternoon.

LIBERTY LOAN IS OVERSUBSCRIBED AT LAST MINUTE

Harrisburg and Dauphin County Go Over Mark in Final Spurt

Harrisburg subscribed at least \$100,000 more than its quota of \$1,133,640 in the Fourth Liberty Loan drive. The quota for Dauphin county, outside Harrisburg and Steelton was \$1,792,620. The subscriptions went well above that figure. Steelton with a quota of \$895,230, subscribed more than \$1,000,000. Dauphin county as a whole will have more than \$350,000 subscribed over the amount of her quota, in the Fourth Liberty Loan. Perry and Juniata counties to date have failed to subscribe their quotas, and likely will not. The Perry county quota is \$856,730, and subscriptions will reach the \$500,000 mark. Juniata county will reach \$500,000 of its \$610,420 quota. Efforts will be made to increase the quotas for these two counties materially during the next couple days. When final returns show Perry and Juniata counties between \$300,000 and \$500,000 behind their quotas, an extraordinary showing made by Dauphin county, Harrisburg, and Steelton will make up the deficiency. Hummelstown oversubscribed its quota.
