

YANKEE TROOPS FACE HOT FIRE IN SEDAN DASH

Artillery and Machine Gun Fighting Mark Drive of Yankees in Night

With the American Forces on the Sedan Front, Nov. 9.—The American army east of the Meuse continued to advance to-day despite strong machine gun resistance.

The roads leading eastward from Sedan, Steenay, Confines and Longueyon are reported by the American aviators to be packed with cannon and various vehicles making in the direction of Metz.

The Americans have moved so far forward into the hills east of the Meuse that their front is far longer than originally intended.

But now the units have found time to swing southward in a brief, swift march and mop up the river bank, driving the Germans from their last strongholds at the difficult bend in the stream.

Thus the Americans have secured their liaison with the Franco-American troops to the east and infinitely strengthened the possibilities of a further advance.

One American division east of the Meuse reports a gas and high explosive bombardment of unusual intensity.

West of the Meuse the day continued to produce little activity save that displayed by machine gun and artillery.

Though all other developments are over-shadowed by the entry of the Americans into the western portion of Sedan, the capture of "Hosmer" and Stryker was an achievement not only of importance, but an additional testimonial to the value of those troops who battled their way across the Meuse.

GERMANY HALTS TO HAGGLE FOR BETTER TERMS

Kaiser Perhaps Appearing For Last Time as Hun Supreme War Lord

Washington, Nov. 9.—The question of whether Germany will surrender immediately, or wait to be crushed between the advancing allied and American armies on the west front and revolution at home, rested late last night with an extraordinary conference at German headquarters.

Marshall Foch has given until 11 o'clock Monday morning, Paris time, for the answer.

Kaiser Defies Civilians At the conference the Kaiser is reported to be, perhaps appearing for the last time as supreme war lord according to German wireless reports, defying the civilians who are seeking through submission to the inevitable to save something out of the wreck of an empire.

A courier was due here at 10 o'clock in the night with the text of the American and Allied armistice terms, handed to the German envoys behind the Allied lines by Marshal Foch. He carried the word, sent ahead by wireless, that the Allied commander-in-chief had refused a provisional cessation of hostilities and demands for an answer within seventy-two hours.

The American government was advised from Paris late yesterday of the reception of the Germans by Marshall Foch at 10 o'clock in the morning and its result.

Secretary Lansing immediately made the news public at the State Department. Later he carried the word, sent ahead by wireless, that the Allied commander-in-chief had refused a provisional cessation of hostilities and demands for an answer within seventy-two hours.

KAISER REFUSES TO HEED FIERY DEMAND TO QUIT

Takes Stand He Cannot Abdicate in Crisis; Anarchy Would Follow, He Says

Amsterdam, Nov. 9.—A German wireless dispatch, picked up here last night, says Emperor William has declined to accede to the demands that he abdicate.

To the ultimatum of the Socialists the Emperor replied, through the Minister of the Interior, Drows, that he refused to abdicate voluntarily on the ground that he could not at the moment of peace undertake the terrible responsibility of handing over Germany to the Entente and delivering up the country to anarchy.

A Munich dispatch gives additional details of the meeting at which the Bavarian republic was proclaimed. Several thousand persons were present, having come by invitation of the Socialists.

After fiery speeches by numerous orators the crowd adopted a resolution demanding the abdication of the Kaiser, renunciation of right to succession by the crown prince; the introduction of a democratic regime in Germany, acceptance of an armistice, no future wars, except for national defense, and a four-day and an eight-hour day for workers.

The speakers were received with great enthusiasm. They all affirmed that the Socialist party urged neither the Kaiser's abdication nor the formation of the Reichstag.

In a procession which was formed and which was a mile long were many soldiers of arms headed by the crown prince; the introduction of a democratic regime in Germany, acceptance of an armistice, no future wars, except for national defense, and a four-day and an eight-hour day for workers.

With Choir and Organist

With the services to-morrow organists and choirs resume their work. At Westminster Presbyterian Church the quartet number will be Dudley Buck's "Rock of Ages" and Mr. Shantz will sing Ashford's "My Task," which had been a great favorite of the lamented pastor, the Rev. Edwin E. Curtis. Mrs. Ralph C. Blue returns to her duties as organist at this church.

Three anthems of dignity and beauty will be sung by the choir of Messiah Lutheran Church to-morrow, Smart's "Praise the Lord" being sung in the morning and Costa's "Let the People Praise Thee" and Corbin's "Jubilant Deo" in the evening.

George M. Garrett's "The Lord is Loving Unto Every Man" is to be one of the special numbers at Augsburg Lutheran Church to-morrow. The evening number is of a lighter character, being the Ira B. Wilson setting of "The Better Land."

At Stevens Memorial Methodist Church, to-morrow evening, Corporal Humphrey J. Roberts, a widely known Welsh singer, is to feature the service. He has been engaged by the church for a series of Sunday evening meetings.

There will be several absentees in the choir of the city to-morrow. A few of the singers have not recovered from illness contracted during the epidemic and last night's rehearsal showed the ranks depleted. In consequence the choir will be somewhat reduced to be changed to some extent. It is expected that another week will see most of the singers ready to resume their places.

Buildings permit was issued to E. N. Leber contractor for the Russ Brothers Ice Cream Company, to remodel the present plant of the company at 1540-42 Walnut street, and to build in addition and make other changes at the large brick building at Nineteenth and Manada streets, which will also be used by the firm. The cost of the improvements will total \$2,750. During October building records in Harrisburg took another big drop. Nineteen permits were issued for work costing \$7,150, while in October, 1917, there were 25 permits issued for buildings costing \$146,160.

REAPING THE WHIRLWIND Washington, Oct. 29, 1918. Fred Lundberg, 1905 Dime Bank Bldg., Detroit, Mich. I have engaged to raise one hundred thousand of a fund vitally needed to elect a Democratic house and senate. I want you to join me as one of a hundred to give a thousand each. Important. Please wire immediately care of Democratic headquarters, Washington.

VANCE C. McCORMICK, Chairman Dem. Nat. Committee, Detroit, Oct. 29, 1918. Vance C. McCormick, Dem. Nat. Committee Hdq., Washington, D. C. Answering you telegram of Oct. 29, I think a hundred thousand dollars is too much for a Democratic congress. Same goes for a Republican congress. A hundred thousand would be dead cheap for one live American in congress who makes his one and only job that of winning the war. Some are born Democrats, some achieve Democracy, and some have Democracy thrust into them. Some also do not know whether they are Republicans or Democrats until the primary elections are past. Two members of my immediate family being in khaki, I personally vote by preference for men in uniform. Have no use for recent loud effects in yellow. Why not spend a little more than a hundred thousand dollars and get a good model? Why start a second "Christie" campaign? A grand jury will not get you, say in Louisiana or Arkansas? Sorry to disappoint, having been a good Democrat since 1870. Now trying to be a good American. FRED L. SMITH.
