Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store. This is all you will need, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

How to Relieve Stomach Pains in Two Minutes

Nine times out of ten when your stomach hurts, when you are doubled up with the pains of dyspepsia and indigestion, it is simply because of acid which burns and inflames the delicate stomach lining; and fermenting food which forms gas that distends the stomach just like blowing up a toy balloon. In cases like this—and most all stomach trouble is directly or indirectly due to acid and food fermentation—almost instant relief may be obtained by taking a little hot water immediately after eating or whenever pain is felt a teaspoonful of simple antacid known among druggists everywhere as Bi-nexin. This simple remedy, which is also obtainable in the form of a 5-grain Bi-nexin tablet, may seem old-fashioned, but those who have used it say that besides being inexpensive, it beats all the expensive remedies they have ever tried for quick and positive relief. Try it and see.

A Dead Stomach

Thousands of people throughout America are taking the slow death treatment daily. They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature. This is no sensational statement; it is a startling fact, the more of which any honorable physician will not deny. These thousands of people are swallowing daily huge quantities of poison—other strong digesters, made especially to digest the food in the stomach without such aid from the digestive membrane of the stomach. Bi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and leaden will go.

Bi-o-na stomach tablets are sold by druggists everywhere. Write to C. Kennedy, who guarantees them.—Advertisement.
