

HOLLAND ALLOWS HUNS TO ESCAPE VIA LIMBURG

Allied Governments to Send Note of Protest to Dutch Government

Paris, Nov. 21.—The Allied governments have decided to send an official protest to the Dutch government against the violation of Holland's neutrality as a result of her permitting German troops to cross the province of Limburg in their retreat from Belgium, according to the Echo de Paris.

Amsterdam, Nov. 21.—A continuous procession of German troops is passing through Limburg, homeward bound, according to the Handelsblad. At least 150,000 will cross the border near Roosteren, where they will be disarmed by the Dutch. Good order is prevailing by direction of the officers.

Limburg is a long, irregular province of Holland, nearly 105 miles in length. For twenty-eight miles from its lower extremity it lies between the provinces of Limburg, Belgium and Rhine province, Germany. At the widest point in this region it is sixteen miles between Belgian and German soil. Just north of Sittard, Limburg province narrows down to less than five miles. It was reported from Paris on November 19 that German troops returning to Germany from Belgium had to cross the Dutch province of Limburg, and the charge was made that the passage was made with the sanction of the Dutch authorities.

BRITISH UNABLE TO TRACE 2,222 TAKEN BY TURKS

Ottoman Captors Show Cruelty at Its Peak in Kut El Amara

London, Nov. 21.—A "whites paper" on the treatment of British prisoners in Turkey issued yesterday, says that of 16,533 prisoners taken by the Turks, 3,290 are reported to be dead, while no trace can be found of 2,222 all captured at Kut El Amara, so it is certain they passed living into Turkish hands, but no word has been heard from them. The Kut prisoners were forced to march across the desert to Asia Minor without food or medical attention. As a result, the white paper says, "parties of men were lying exhausted under any shelter they could find in all stages of dysentery and starvation, some dying, some dead, half clothed and without boots, having sold everything to buy a little milk." The survivors were forced to work at tunneling on the Baghdad railway. Where no use could be made of them they were sent to camps in the interior, being forced to march across the Taurus mountains. An Austrian officer, describing the march, said: "It was a scene from Dante's Inferno."

FIRST TIME UP IN U. S. ARMY PLANE PROVIDES PLENTY OF NEW THRILLS

Flying Upside Down Is Interesting to Cadet Sergeant H. A. Houtz, Who Was Central High School Football Star

How it feels to go up in a military airplane for the first time, is graphically told by Cadet Sergeant H. A. Houtz, son of Adam H. Houtz, in a letter home to his mother. Cadet Houtz formerly was a member of the Central High School football team and played end on the Gettysburg varsity. He is stationed at a training field in Princeton. His brother, Lieutenant Robert L. Houtz, a graduate of the first officers' class at Fort Niagara, this week received orders to go to France. Cadet Houtz's letter follows: "Dear Mother: "I must tell you all about my trip to Mineola Flying Field, Long Island. "We started from Princeton at 8.15 this morning with packed lunches and lots of pep; for being Princeton's graduating class, we were at last to be given a flight in a real, honest-to-goodness airplane. So many times during our ground school course did we alien fusillages and test engines of dummy airplanes, that this trip, seemed at last, to be our dream realized. "We arrived at Hazelhurst Field at 12.10 and having fifty-two cadets and eight officers in our party, we just filled two big trucks and started on our way to Mitchell Field. On arriving there, everything was found in readiness and waiting for us. There were forty planes lined up along one front. Some had engines roaring, others were silent. So, naturally the trucks were deserted and a mad rush for the airplanes proceeded. Some eager cadets had planted themselves already in the seats, but were soon withdrawn, and all were made stand back of a line of boxes. "Captain Braig (in charge of the trip) stated clearly that everyone would be taken up; but that patience was essential. "Then I spoke up I said: 'Look!

SCOTTISH RITE INITIATES LARGE MASONIC CLASS

Thirty-second Degree Is Conferred Upon 172; Exercises Cut Short

At the close of its fall reunion last night, the Harrisburg Consistory, Ancient Accepted Scottish Rite, re-elected into membership one of the largest classes in its history. One hundred and seventy-two candidates had conferred upon them the thirty-second degree, which is the second highest number to receive this degree in Harrisburg. The Harrisburg Consistory has one hundred names on its honor roll of men in the service of Uncle Sam out of some 2,800 members. This is considered high in view of the fact that the majority of the members are men past middle age. Two gold stars have been added to the service flag for those who have given their lives for their country. They are for Robert A. Boll and Raymond Kreider. The program for the fall reunion began with a reception to candidates Tuesday evening. The reunion, which generally covers a period of three or four days, had to be postponed because of the influenza epidemic and the conferring of degrees covered the fourth day only. Wednesday morning the fourth degree was conferred with Clark E. Diehl, thirty-third degree presiding. William B. Bennett, who is in the army Y. M. C. A. service, The fourteenth degree was presided over by Arthur D. Bacon, thirty-third degree, in the afternoon the fifteenth

and eighteenth degrees were conferred with Solomon S. Rupp, thirty-third degree, and George A. Gargas, thirty-third degree, respectively presiding. The nineteenth degree was conferred in the evening with George L. Reed, thirty-second degree, presiding, and the thirty-second degree followed with William S. Snyder, thirty-third degree, commander-in-chief of Harrisburg Consistory, presiding. After the conferring of the thirty-second degree the fall class of 1918 was organized, interesting addresses were made by the class orator, William A. Kramer, and by Senator Snyder, of Hollidaysburg.

The best prescription for indigestion ever written is sold by druggists everywhere and by H. C. Kennedy and is rigidly guaranteed to build up the stomach and cure indigestion, or money back. This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only 75c. Mi-o-na stomach tablets. They never fail.—Advertisement.

Good News from Washington Part of "BULL" DURHAM Tobacco Released to Civilians at Home to "Roll Their Own"

—With the little muslin sack of "BULL" DURHAM in the pockets of every one of our fighting men on land and sea— —With good old "Bull" in the regular Army rations— —And with the future demands of the War Department abundantly cared for, part of "BULL" DURHAM Tobacco is offered again to the men at home who "roll their own". And to these men we want to say, that in giving up so freely all your "Bull," when your Country asked for it for its fighting men, you did a human "bit." However small that little muslin sack may seem, you may have the satisfaction of knowing that your sack of "Bull" was meat and drink to some boy waiting or fighting at the front, and that your supply of "Bull" helped to make the distribution to our forces full and complete, and make it quickly. Now that Washington assures us that such distribution is a fact, you will welcome the "Makings" home again. And with greater satisfaction and more pleasure than ever, you will, we know, with your own hands, roll a cigarette again for yourself—a cigarette machines can't imitate—the mildest, the most fragrant, the most economical cigarette in the world. Are we wrong in thinking that you will be as proud as we are of your little muslin sack of "Bull"?
