Local breweries at 6 o'clock this evening will cease to make beer, and the big breweries will be closed in the first advance towards national prohibition. Brewing of beer ceases throughout the land at midnight, but according to information available this morning, the majority of the local brewers will not operate until the time limit.

Two local brewers said to-day there probably is enough beer in the city to last the local trade six months. Graupner's can supply its trade at least that long, it was said. Doehne's and the National Brewery, at Steelton, would not say how long they could care for their customers.

WILHELM FINALLY YIELDS ALL HIS RIGHTS TO CROWN OF PRUSSIA AND GERMANY

Ludendorff Ruled

Copenhagen, Nov. 30.—Prominent Vienna persons in touch with the foreign department there assert that in 1917 when Count Czernin, then Austro-Hungarian foreign minister, sought, by Emperor Charles' order to induce Emperor William to conclude peace, he was referred to supreme headquarters. When Count Czernin pointed out that Austria was exhausted and might be compelled to make a separate peace, General Ludendorff, striking the table, exclaimed: "The same day that Austria concludes a separate peace, it will receive a declaration of war from Germany. That will be our only answer to such a breach." Count Czernin thereupon returned to Vienna and told the emperor that nothing could be done, as Austria's fate was indissolubly knitted with that of Germany.

MUNICIPAL CHRISTMAS TREE TO BE RALLYING POINT OF HOLIDAYS

For First Time in Five Years the Words "Peace on Earth, Good Will to Men" Have Meaning of Old; Mayor Will Name a Committee

Harrisburg will have a municipal Christmas tree during Christmas week, if the plans which were started this morning materialize.

Mayor Daniel L. Keister said that the idea has his hearty approval, and that he likely will appoint a committee within a few days to make the necessary arrangements. The Municipal Christmas tree would have a peculiar significance this year, the Mayor feels, in that the first Christmas Eve, and another Christmas day, these services in previous years included an invocation, address, community singing, solos by local artists and a benediction.

Community Singing A similar service likely will be held New Year's, according to custom, if, as is at present intended, the tree is kept during the whole of Christmas week.

Sentiment Growing Sentiment in favor of the community tree is crystallizing rapidly. Many mothers, wives and sweethearts, thinking of the possible immediate return of soldier relatives, and of those sons and brothers who will be in the city on Christmas furloughs, expressed themselves heartily in favor of the tree for the boys' special benefit.

It has been customary for the committee in charge of the Christmas tree, to secure a huge evergreen from the mountains north of the city, transport it here, and erect it at Front and Market streets. There it has served as the rallying point of the citizens of Harrisburg and vicinity during the happy Christmas and New Year's.

Selection of American Delegates Pleases Nobody but Executive Himself

Washington, Nov. 30.—The announcement of President Wilson's selection of American delegates to the peace conference in Paris has displeased his Democratic friends and has aroused the indignation of Republicans. He has pleased nobody but himself, in particular is his choice of Henry White a thorn in the flesh. White, although a Republican in politics, has been out of joint with his party for years and never stood high in its councils. White made himself ridiculous in Paris by his notorious "gold and lace" reception, and is suspected of being pro-German in his sympathies, his daughter having been married to the son of a German count and an officer in the former Kaiser's personal bodyguard. He left Germany with expressed regrets after the outbreak of the war and is

EX-KAISER SPEAKS OF NEW REGENT FOR HIS OLD EMPIRE

New Democratic Party Seeks to Prevent Bolsheviki From Seizing Power in Newly-Organized Government

London, Nov. 30.—Former Emperor William signed his abdication at Amerongen, Holland, yesterday, according to a dispatch to the Wolff Bureau of Berlin, transmitted by the Exchange Telegraph correspondent at Copenhagen.

The abdication decree, according to the message, expressed the hope that "the new regent" would be able to protect the German people against anarchy, starvation and foreign supremacy.

The use of the word regent in the message is commented upon here as possibly significant.
