### Sweaters One-Fourth Off

### All Sizes, Colors and Styles

You ought to have one. Many a time you sigh, and wish to have just such an article. On some of the occasions a sweater is just the thing, on others it can be worn along with the coat. But especially when skating parties are held, is the sweater an "almost necessity." We have silk and silk fabric fiber in all shades with belted effects, slip-on and coat sweaters. In rose, maize, green, white, coral, purple, brown and comb colors. Saturday special.

## Waists at Great Reductions

Just one look at the original price tickets attached to these waists will surprise you to know that many of these waists have been marked at double the price asked for them now—and some even still higher. And this does not reflect on the merit of the waists. We simply had such a large stock of waists that we did not have the facilities to properly care for them. We have now installed additional dustproof cases to take care of all incoming waists, but those that had become slightly crumpled will be cleared out regardless of cost price.

## Santa Has Made "Toyland" Here His Headquarters

Everything considered, it was quite a task to assemble such a collection of playthings as is now on display here and at the Bowman annex, in Gilbert Building, opposite Court House. The selling has been very brisk, but the department still offers a big stock, and no child need want for playthings whose parents are willing to buy them. Here are toys of all kinds, the best kind of toys to buy!

See Santa Claus in his Castle, second floor front, and see him go down the chimney on marquee, in front of store.
