993 Give Lives in War on German Fields

Washington, December 24.—The number of names reported by the commanding general of the American Expeditionary Forces and made public through the War Department today is not so large as has been recently reported for one day, 3,063 names being reported. Of the 444 killed in action, 35 were Pennsylvanians. The summary for today's casualties follows:

They Are Always Grateful For Cuticura Soap

Because it means skin comfort and skin health. For shaving, bathing and shampooing it is wonderful. Assisted by touches of Cuticura Ointment, it does much to clear the skin of pimples, rashes, eczemas and irritations and the scalp of dandruff and itching.

Be sure and try Cuticura Tablets, an antiseptic, cooling, soothing powder of fascinating fragrance, in cents of all druggists.

Died of airplane accident... 9 Wounded severely... 1,291 Wounded (degree undetermined)... 107 Missing in action... 432 Total... 3,063 Pennsylvanians reported this afternoon are:

Why Go Away With Printing? It would be folly to send to a distant city for water when it is here in abundance; it would be unwise to suffer delay and inconvenience in an effort to procure any commodity that is yours by the simple reaching out and taking hold. From a slightly differing view-point it is also true that you invite delay and disappointment, with no saving in money-value by going out of town with your printing. It has been proven so often that wise business men save postage, telegraph or telephone tolls and are able to keep in personal touch with their order. HARD WORK PUT HIM DOWN AND OUT. Stomach Rebelled Against Neglect and Indigestion Made His Life Miserable. "I fooled with my health trying to work day and night, and I couldn't get away with it," says J. C. Drey, a prominent horse dealer of North Seventh street, Harrisburg, Pa., and well known hereabouts. "I used to work all day and half the night and would eat when I got a moment to spare and finally my stomach went all to pieces. "Then I went to pieces fast for I got so I would rather miss my meals than eat and I felt rotten all the time. "Then along came Tanlac and presto! I was my old self again ready for anything. My appetite came back a-humming, my indigestion vanished like smoke and now I want to eat all the time and it takes all my will power to drive past a restaurant. Tanlac sure is a great medicine." Tanlac is sold at the Gorgas Drug Store in the P. R. R. Station; in Carlisle at W. G. Stephens' Pharmacy; in Elizabethtown, Albert W. Cain; Greencastle, Charles R. Carl; Middletown, Colin S. Few's Pharmacy; Waynesboro, Clarence Croft's Pharmacy; Mechanicsburg, H. F. Brunhouse. The genuine Tanlac bears the name "J. I. Gore Co." on outside carton of each bottle. Look for it.

Fiance Misses Sailor; Betrothed Three Years. Gallejo, Cal. — Louise Bovik, a pretty Bellingham, Wash., girl, was betrothed to Ted Lauderback of the United States navy three years ago. Six months later she got word that his ship was in port, but it sailed the next day before she could see him. Two years ago she went to Seattle to visit him. His ship left the harbor an hour before the arrival of her train. A year ago she went to Portland to meet him, but he had just sailed for Columbia. Four days ago Miss Bovik arrived here. Lauderback was in quarantine. Yesterday they met for the first time since their engagement.

Predicts Open Winter; Watched Weather For Years. Hazleton, Pa.—Jacob Lindner, a resident of East Butler Valley the past seventy-five years, and who has watched weather conditions closely for more than half a century, predicted today that the coming winter will be mild and that this section of Pennsylvania will have a green Christmas. According to Lindner there will be but one blizzard, and that in the first half of February. He bases his prophecy on astronomical calculation and signs of nature. Lindner says that the weeds in the fields are short, showing that seeds will not rise high, as there will be no deep snow. He finds that squirrels did not store up nuts so industriously this year as last. Chickens are slow in moulting and taking on their winter coats of feathers, and horses do not have the thick hair they get when severe weather is due, declares the aged observer.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Winter Officially on at 10.34 A. M. Sunday. The winter solstice began according to eastern standard time, which is Washington time, at thirty-four minutes after 10 o'clock on Sunday morning. Theoretically, the shortest day of the year was either Saturday or Sunday, and you probably found the day too short to write all the Christmas letters to old friends and to the folks back home, but you ought to write. But the really shortest day, according to the almanac, appears to have been Monday, when the sun rose at 7:22 a. m. and set at 4:36. It has been customary to consider either December 21 or the first day of the winter solstice as the shortest day, but when the weather and other things which figure out such things come to do their splitting of seconds, they sometimes find that the actually shortest day is sandwiched between winks from December 22 to January 1.

SIXTH EPIDEMIC IN TOWN. Webster City, Ia.—Webster City is now passing through the sixth consecutive week of quarantine for "flu," during all of which time there have been no church services, no movies, no schools and no public gatherings of any kind. Despite the quarantine the city has probably had as much influenza as many cities whose quarantine was lax. There had been a steady run of it up until the past week, since which time it has fallen off. A census of the city will be made Friday, with the idea of lifting the lid if conditions continue to improve.
