Where Do YOU Eat?

Davenport's Served More Than 4250 People On Inauguration Day! That is a record day to be proud of! And you will ask, "How could you do it?" And the answer is: Davenport's is prepared to serve any size gathering, anytime, anywhere. We know it interests Harrisburgers to know they have a place in their own home town that can take care of an emergency, however large, when it comes to serving food. We not only served our own regular large patronage, but we served visitors from all over the State. There were the large Philadelphia aggregation, the Chester throng, Company H of Swarthmore, 3 Companies of soldiers from the Arsenal, the Union Republican Club at the Chestnut Street Hall, meals for the crowds at the Y. M. C. A., the Shamokin crowd, the Agriculture Show crowd, the train load of State Constabulary, which we served at the train, and dozens of other groups from all over the Commonwealth. And the best part of the whole affair was that we served them without turmoil, without fuss, without worry. We received congratulations all day long from our patrons, who realized the city was jammed, and appreciated the fact that they could get the best there was to eat, even with the drain and strain on the town. We are happy to say that every person who patronized us went away satisfied. We could serve twice as many, just as easily. We study the business and improve it wherever we can. We're not perfect but we want to reach the goal of perfection, or near it.

"Tonic" Flows in Gutters When Truck Hits Curb

Yesterday afternoon the heavy delivery truck of the Keystone Bottling Works came down Front street, swaying like a drunken man. The swaying was caused by speed and slippery streets and not by its contents, for it contained nothing stronger than a soft drink labelled "Tonic." After some hundred feet or so of swaying the truck smashed up against the curb immediately in front of the Company Store. The impact was hard enough to throw the driver to the ground. The truck, another smash against the curb, down to the sidewalk, rolled to the curb. The driver, who was not too gently, another swing of the truck, another smash against the curb, and a dozen cases of tonic followed the driver's assistant. Finally the truck was stopped. The driver was uninjured as was also the driver's assistant. The assistant's feelings were hurt, but he was otherwise undamaged. The tonic flowed freely down the gutters, and glass was strewn liberally along the street.
