Pershing in British Who's Who as Sir John

New York, Jan. 25.—The British Who's Who, a copy of the 1919 issue of which has just been received here, lists the commander-in-chief of the American expeditionary forces as "General Sir John Joseph Pershing, G. C. B."

On July 17, 1918, King George awarded the grand cross of the Order of the Bath to General Pershing and in August King George during a visit to France personally gave the decoration to him. The award of the grand cross of the Order of the Bath to a British subject automati- cally makes a knight of the recipient and gives him the right to prefix "sir" to his name.

The decoration given General Pershing, however, was an honorary one and it was said at the time that the American commander would not receive the title of "sir" as he is not a British subject.
