

HAVERFORD PUTS INTO PORT WITH 2,197 ARMY BOYS

Mongolia Carries Pennsylvania Soldiers; 4,429 Fighters on Board Vessel

Philadelphia, Jan. 31.—Philadelphia yesterday, extended hearty welcome to 2,197 men of the American expeditionary force, first of the overseas contingent to arrive at this port. They came on the liner Haverford which sailed on January 15 from Brest.

After being entertained at a stand-up luncheon by women of the various war organizations, the veterans of many battles on French soil marched to the Pennsylvania railroad downtown station and entrained this afternoon for Camp Dix.

Most of the returning soldiers were members of the 5th Regiment Coast Artillery. In addition there were 138 colored casualties from nearby American divisions that fought in France, thirty-seven officer casualties and nine naval officers. Nearly all of the casualties were wounded. A Single Remedy Often Cures Many Diseases

By Valentine Mott, M. D.

It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. But you can keep alive — to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaint, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce's Golden Medical Discovery, of Buffalo, N. Y., many years ago combined a number of vegetable growths into a temperance remedy for indigestion, and called it Golden Medical Discovery. It is probably the most efficacious discovery ever made in medicine, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery makes an amazing total of thousands.

I know of no advice better than this: Begin a home treatment today with this good vegetable medicine. It will show you better than I can tell you what it will do. When taking Golden Medical Discovery, you can rest assured of one very important thing — it contains neither alcohol nor opiates. There is nothing in it but standard roots and herbs that possess curative properties of a high order. A safe medicine is the only kind you can afford to take.

were Ensign Jay Gould, of New York, who had been stationed at Murmansk, Russia, and Lieutenant Neilson Poe, of Baltimore, once a Princeton football star.

Ensign Gould, in order to appear immaculate for the greetings showed upon the returning heroes, dug into his comfort kit while the liner was coming up the Delaware, produced a needle and thread and calmly sewed on a button while photographers made the most of their opportunity.

Two days out a stowaway was brought to light on the Haverford. He was a cattle ship sailor from South Carolina in a hurry to get back to the United States.

Organized on the Pacific coast, the 5th Regiment, is composed mainly of men from Washington, Oregon and California. Colonel Benjamin H. Kerfoot, of Kansas, is in command. He is a veteran of the Philippine insurrection, having served with the famous Funston's Twentieth Kansas. Major James Muirhead, of Pittsburgh, is second in command.

The regiment claims the honor of being the only organization of American troops to fire the British 9.2-inch Howitzer in action and is said to have handled the heaviest mobile armament, outside of the railroad mount guns, used by the American First Army. The regiment fired 15,000 tons of steel and explosive at five different points in the German lines of defense, all within a period of seventy days and nights.

MRS. ANNA HAMILTON WOOD
Mrs. Anna Hamilton Wood, historian of the Harrisburg chapter, Daughters of the American Revolution, was elected to the important office of recording secretary of the state body at the session of the conference held in the Penn-Harris Hotel yesterday morning.

Irish Center Party Formed; Captain Gwynn as Leader

A feature of the conference was an address by Mrs. H. S. Prentiss Nichols, of Philadelphia, president of the New Century Club of Philadelphia, in which she outlined the need for an Americanization campaign and gave examples of the work accomplished by her own organization. Mrs. Nichols is one of the best known clubwomen in the state.

Resolutions of regret upon the death of Colonel Theodore Roosevelt were adopted. It was decided to hold the next conference at Pittsburgh.

The session opened with singing, led by Mrs. Ames G. Sanders, of Harrisburg. Dr. Floyd H. Appleton, rector of St. Paul's Episcopal Church, pronounced the invocation. It was announced that the Pennsylvania Daughters have won the second prize, a \$50 Liberty Bond, for sale of subscriptions to the official magazine. It was moved to award a scholarship to the Marysville College in honor of the members of the organization who are serving overseas. Five hundred dollars from the treasury went to this fund and an addition \$32.50 was subscribed, bringing the total to \$1,025.97, which included a contribution from the ambulance fund.

Reports from various sections throughout the state were read, giving evidence that during the past year members of the D. A. R. have been especially active in war work. Many of them, it was reported, have made large sacrifices in order that they may be represented.

Mrs. Mabel Cronise Jones, of the credentials committee, reported that there are fifty-two chapters represented, with fifteen alternates, and 177 delegates, making a total of 192 entitled to vote. This was said to be the largest representation of any meeting.

Mrs. James H. Krom, Jersey Shore, was elected as registrar. Other officers elected included three directors, Mrs. E. Sydney Fritchard, Germantown; Mrs. F. W. Merriam, Waverly, N. Y.; and Mrs. L. L. Hyster, Tidouche. Mrs. George H. Stewart, Shippensburg, was appointed state librarian by the state regent, Mrs. Anthony Wayne Cook. The term of Mrs. Cook, state regent, does not expire until next year.

Among the officers of the convention is Miss Mary L. Stille, state historian, who has held this office for fifteen years. Miss Stille is from West Chester. She is one of the oldest members.

Dr. L. S. Mudge, pastor of the Pine Street Presbyterian Church, addressed the afternoon session on "When the Boys Come Back." Other interesting addresses were made. Mrs. Frank B. Black, president of the State Farm Woman's Society, outlined the relations of this organization to the D. A. R.

Bishop James Henry Darlington and Mrs. Darlington will entertain the delegates and officers at a tea at the Sea House this afternoon following the convention session. It is possible that an evening session will be held following the tea to complete the business of the conference. Today is the closing day of the sessions.

CAPTAIN STEPHEN GWYNN

COMPENSATION FOR PNEUMONIA

Widow of Man Who Died as Result of Inhaling Fumes Is Awarded Benefits

The State Compensation Board has approved an award of compensation to the dependents of William A. McNulty, of Oakdale, holding that he died because of pneumonia due to the effects of inhaling fumes in an explosion in the works of the Aetna Chemical Co. at Oakdale. The decision involves some unusual features. The defendant claimed that the man died from pneumonia and it was found that the man had been made ill by fumes, which caused him to go home. He returned to work, but three days later he suffered the same experience. Pneumonia set in. The board holds that it furnishes "a complete and unbroken chain of events from an accident suffered in course of employment until the death occurred as a natural result of the violence thus suffered."

In the case of Wick vs. Trio Waist Co., Philadelphia, the board adopts conclusions of a medical expert who holds that the man who
